MASSEY FERGUSON

Utility Tractors

70–100 HP

SERIES:

4600M
4700E

SEGMENTS:

- Ag tech schools & universities
- Airports (Luggage towing, runway, grounds maintenance)
- Marina boat moving
- Brush-cut mowing (Power lines, tall grass)
- Construction company broom work
- Land reclamation (Highway construction, establish new grass, feed sources for wildlife)
- Roadside mowing & trimming
- Park trail maintenance (leveling & clearing)
- Snow removal & grooming

For more than 170 years, Massey Ferguson® has been the benchmark for what a great tractor should be. Our utility tractors continue that legacy for a new generation of customers who demand premium quality in a very rugged machine. These Tier 4 Final tractors feature a more robust design, with more stability and more lift capacity than ever before.

4600M Series

Whether it's general farming, airport maintenance or a land reclamation project, the Massey Ferguson 4600M Series is ideal for all types of loader work, mowing, snow removal and any other job you can throw at it.

4700E Series

No matter how tough the jobs are, you need a tractor that can handle all of them. That's why Massey Ferguson 4700 Series tractors are built extra tough to handle bigger jobs, while giving you added stability and comfort. At a best-in-class base weight of 7,125 lbs., the 4700 Series is purpose-built for more pulling power, more lift capacity and greater maneuverability.
