A. INTRODUCTION

I. Background on Region 4 Education Service Center

Region 4 Education Service Center ("Region 4 ESC" herein "Lead Public Agency") on behalf of itself and all state, local governments, school districts, and higher education institutions in the United States of America, and other government agencies and non-profit organizations (herein "Participating Agencies") solicits proposals from qualified Offerors to enter into a Vendor Contract ("contract") for the goods or services solicited in this proposal.

Contracts are approved and awarded by a single governmental entity, Region 4 ESC, and are only available for use and benefit of all entities complying with state procurement laws and regulations (public and private schools, colleges and universities, cities, counties, non-profits, and all governmental entities). These types of contracts are commonly referred to as being "piggybackable".

Region 4 ESC's purchasing cooperative was established in 1997 as a means to increase their economic and operational efficiency. The purchasing cooperative has since evolved into a National Cooperative used to assist other government and public entities increase their economical and operational efficiency when procuring goods and services.

II. What is the role of The Cooperative Purchasing Network ("TCPN")

The Cooperative Purchasing Network ("TCPN") assists Region 4 ESC in helping other public agencies and non-profits reap the benefits of national leveraged pricing, with no cost to the member. TCPN leverages one of the largest pools of purchasing potential. This is accomplished by competitively soliciting proposals and awarding contracts for commonly purchased products and services. Through the TCPN solicitation process, Region 4 ESC awards contracts covering Facilities, Furniture, Office Supplies & Equipment, Security Systems, and Technology and other goods and services industries.

III. Purpose of TCPN

- Provide quick and efficient delivery of goods and services.
- Equalize purchasing power for smaller agencies that are unable to command the best contracts for themselves.
- Help in assisting with use of best business practices.

IV. Customer Service

- TCPN is committed to providing our members and awarded vendors with high quality service.
- TCPN has dedicated staff available to answer questions, offer guidance and help in any way possible.

IX. Amendment of Proposal: A proposal may be amended up to the time of opening by submitting a sealed letter to the location indicated on the front page of this solicitation.

X. Withdrawal of Proposals: Withdrawal of proposals prior to the opening date will be permitted. Withdrawal of response will not be allowed for a period of 120 days following the opening. Pricing will remain firm for 120 days from submittal. However, consideration may be given in cases where Offeror advises that it made a clerical error that is substantially lower than it intended. In such case, Offeror must provide written notice of their desire to withdraw, along with supporting documents, within 3 business days of receiving the acceptance letter or of being requested by Region 4 ESC for clarification of the proposal, whichever is later. Any contracts entered into prior to Region 4 ESC receiving notice must be honored.

No Offeror should assume that their withdrawal request has been accepted unless, and until, they receive written acknowledgment and acceptance of their proposal withdrawal.

XI. Clarifications: Offeror may receive a written request to clarify, in writing, its proposal in order to determine whether a proposal should be considered for award. The process of clarification is not an opportunity for an Offeror to revise or modify its proposal, and any response by an Offeror to a written request for clarification that attempts to revise or modify its proposal shall be given no effect. The purpose of the request for clarification will be solely made for the purpose of eliminating minor irregularities, informalities, or apparent clerical mistakes in the proposal, which may be corrected or waived in the leading agency's sole discretion.

XII. Non-Responsive Proposals: All proposals will be reviewed for responsiveness to the material requirements of the solicitation. A proposal that is not materially responsive shall not be eligible for further consideration for award of the contract, and the Offeror shall receive notice of the rejection of its proposal.

XIII. Negotiations: Region 4 ESC shall determine which responsive proposals are in the competitive range and/or are reasonably susceptible of being selected for award. Proposals not in the competitive range may not be further evaluated. Proposals in the competitive range shall be evaluated on the basis of price and the other evaluation criteria set forth in the solicitation. In the event that Region 4 ESC decides to conduct negotiations, notice shall be provided to each Offeror whose proposal is being considered for award, which notice may identify, in general terms, the elements or factors upon which Region 4 ESC intends to base its negotiations. Offerors will not be assisted, in any way, to bring their proposal up to the level of other proposals through discussions. During the course of negotiations, no Offeror's technical proposal or pricing shall be revealed to any other Offeror or to any other person who is not involved with the evaluation process. Region 4 ESC will also not indicate to Offeror a cost or price that it must meet to either obtain further consideration nor will it provide any information about other Offerors' proposals or prices.

XIV. **Best and Final Offer**: Region 4 ESC, in its sole discretion, may request all Offerors in the competitive range to submit a Best and Final Offer. Offerors must submit their Best and Final Offers in writing. If an Offeror does not respond to the request for a Best and Final Offer, that Offeror's most recent prior offer will be considered to be its Best and Final Offer.

XV. **Specifications**: When a solicitation contains a specification that states no substitutions, no deviation from this requirement will be permitted. Offeror must comply with the true intent of the specifications and drawings and not take advantage of any unintentional error or omission. In cases where no type and kind of product is specified, specifications have been developed to indicate minimal standards as to the usage, materials, and contents based on the needs of the members.

References to manufacturer's specifications (Design Guides), when used by Region 4 ESC, are to be considered informative to give the Offeror information as to the general style, type and kind requested. Responses proposing goods, materials or equipment regularly produced by a reputable manufacturer shall be evaluated by Region 4 ESC which will, in its sole discretion, determine whether such proposed goods, materials or equipment are substantially equivalent to the Design Guides, considering quality, workmanship, economy of operation, and suitability for the purpose intended. Offerors should include all documentation required to evaluate whether or not their proposed goods, materials or equipment are substantially equivalent to the Design Guides.

XVI. **Quality of Materials or Services**: Offeror shall state the brand name and number of the materials being provided. If none is indicated then it is understood that the offeror is quoting on the exact brand name and number specified or mentioned in the solicitation.

However, unless specifically stated otherwise, comparable substitutions will be permitted in cases where the material is equal to that specified, considering quality, workmanship, economy of operation and suitability for the purpose intended.

XVII. **Samples**: Upon request, samples shall be furnished, free of cost, within seven (7) days after receiving notice of such request. By submitting the proposal Offeror certifies that all materials conform to all applicable requirements of this solicitation and of those required by law. Offeror agrees to bear the costs for laboratory testing, if results show that the sample does not comply with solicitation requirements.

Submissions may be rejected for failing to submit samples as requested.

XVIII. **Deviations and Exceptions**: Deviations or exceptions stipulated in response may result in disqualification. It is the intent of Region 4 ESC to award a manufacturer's complete line of products, when possible.

XIX. **Formation of Contract**: A response to this solicitation is an offer to contract with Region 4 ESC based upon the terms, conditions, scope of work, and specifications contained in this request. A solicitation does not become a contract until it is awarded by Region 4 ESC. A contract is formed when Region 4 ESC's board signs the Vendor Contract Signature Form. The prospective vendor must submit a signed Vendor Signature Form with the response thus, eliminating the need for a formal signing process.

XX. **Estimated Quantities**: Region 4 ESC anticipates that a substantial number of participating members will enter into contracts resulting from this solicitation based on multiple surveys and usage of other contracts that may have included similar services, however, Region 4 ESC makes no guarantee or commitment of any kind concerning quantities or usage of contracts resulting from this solicitation. The volume for this contract is estimated to be up to and in excess of $2 million a year. This information is provided solely as an aid to contract vendors in preparing proposals only. The successful Vendor(s) discount and pricing schedule shall apply regardless of the volume of business under the contract.

XXI. **Multiple Awards**: Membership includes a large number of potential entities which may utilize this contract throughout the nation. In order to assure that any ensuing contract(s) will allow Region 4 ESC

to fulfill current and future needs, Region 4 ESC reserves the right to award contract(s) to multiple vendors. The decision to award multiple contracts, award only one contract, or to make no awards rests solely with Region 4 ESC.

XXII. **Non-Exclusive**: Any contract resulting from this solicitation shall be awarded with the understanding and agreement that it is for to sole convenience and benefit of participating members. Region 4 ESC and participating entities reserve the right to obtain like goods and services from other sources.

AWARD PROCESS

XXIII. **Award or Rejection of Proposals**: In accordance with applicable laws, rules, and regulations for public purchasing, award(s) will be made to the prospective vendor whose response is determined to be the most advantageous to participating agencies, price and other factors considered. Region 4 ESC reserves the right to use a "Market Basket Survey" method, based on randomly selected criteria to determine the most advantageous response. To qualify for evaluation, a proposal must have been submitted on time, and satisfy all mandatory requirements identified in this solicitation. ARTICLE 3- REPRESENTATIONS AND COVENANTS

3.1. **Scope**: This contract is based on the need to provide the economic benefits of volume purchasing and reduction in administrative costs through cooperative purchasing to schools and other members. Although contractors may restrict sales to certain public units (for example, state agencies or local government units), any contract that prohibits sales from being made to public school districts may not be considered. Sales without restriction to any Members are preferred. These types of contracts are commonly referred to as being "piggybackable".

3.2. **Compliance**: Cooperative Purchasing Agreements between TCPN and its Members have been established under state procurement law.

3.3. **Offeror's Promise**: Offeror agrees all prices, terms, warranties, and benefits granted by Offeror to Members through this contract are comparable to or better than the equivalent terms offered by Offeror to any present customer meeting the same qualifications or requirements.

ARTICLE 4- FORMATION OF CONTRACT

Purchase orders and payment can only be made to awarded vendor unless otherwise approved by Region 4 ESC. Awarded vendor is required to notify Region 4 ESC when any material change in operations is made that may adversely affect members (i.e. bankruptcy, change of ownership, merger, etc.).

4.5. **Novation**: If contractor sells or transfers all assets or the entire portion of the assets used to perform this contract, a successor in interest must guarantee to perform all obligations under this contract. Region 4 ESC reserves the right to accept or reject any new party. A simple change of name agreement will not change the contractual obligations of contractor.

4.6. **Contract Alterations**: No alterations to the terms of this contract shall be valid or binding unless authorized and signed by a Region 4 ESC staff member.

4.7. **Order of Precedence**: In the event of a conflict in the provisions of the contract as accepted by Region 4 ESC, the following order of precedence shall prevail:

Neither Region 4 ESC, TCPN, its agents, members and employees shall be made party to any claim for breach of such agreement.

4.9 **Adding authorized distributors/dealers**: Awarded vendors are prohibited from authorizing additional distributors or dealers, other than those identified at the time of submitting their proposal, to sell under their contract award without notification and prior written approval from TCPN. Pricing provided to members by added distributors or dealers must also be less than or equal to the pricing offered by the awarded contract holder, unless otherwise approved by TCPN.

ARTICLE 5- TERMINATION OF CONTRACT

5.1. **Cancellation for Non-Performance or Contractor Deficiency:** Region 4 ESC may terminate any contract if Members have not used the contract, or if purchase volume is determined to be low volume in any 12-month period. Region 4 ESC reserves the right to cancel the whole or any part of this contract due to failure by contractor to carry out any obligation, term or condition of the contract. vi. Performing work or providing services under the contract prior to receiving an authorized purchase order from Region 4 ESC or participating member prior to such work

Upon receipt of a written deficiency notice, contractor shall have ten (10) days to provide a satisfactory response to Region 4 ESC. Failure to adequately address all issues of concern may result in contract cancellation. Upon cancellation under this paragraph, all goods, materials, work, documents, data and reports prepared by contractor under the contract shall become the property of the Member on demand.

5.2 **Termination for Cause**: If, for any reason, the Vendor fails to fulfill its obligation in a timely manner, or if the vendor violates any of the covenants, agreements, or stipulations of this contract Region 4 ESC reserves the right to terminate the contract immediately and pursue all other applicable remedies afforded by law. Such termination shall be effective by delivery of notice, to the vendor, specifying the effective date of termination. In such event, all documents, data, studies, surveys, drawings, maps, models and reports prepared by vendor for this solicitation may become the property of the participating agency or entity. If such event does occur then vendor will be entitled to receive just and equitable compensation for the satisfactory work completed on such documents.

5.3 **Delivery/Service Failures**: Failure to deliver goods or services within the time specified, or within a reasonable time period as interpreted by the purchasing agent or failure to make replacements or corrections of rejected articles/services when so requested shall constitute grounds for the contract to be terminated. In the event that the participating agency or entity must purchase in an open market, contractor agrees to reimburse the participating agency or entity, within a reasonable time period, for all expenses incurred.

5.4 **Force Majeure**: If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.

The term Force Majeure as employed herein, shall mean acts of God, strikes, lockouts, or other industrial disturbances, act of public enemy, orders of any kind of government of the United States or the State of Texas or any civil or military authority; insurrections; riots; epidemics; landslides; lighting; earthquake; fires; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions, breakage or accidents to machinery, pipelines or canals, or other causes not reasonably within the control of the party claiming such inability. It is understood and agreed that the settlement of strikes and lockouts shall be entirely within the discretion of the party having the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes and lockouts by acceding to the demands of the opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty.

5.5 **Standard Cancellation**: Region 4 ESC may cancel this contract in whole or in part by providing written notice. The cancellation will take effect 30 business days after the other party receives the notice of cancellation. After the 30th business day all work will cease following completion of final purchase order. Vendor may be requested to provide additional items not already on contract at any time.

ARTICLE 6- LICENSES

6.1 **Duty to keep current license:** Vendor shall maintain in current status all federal, state and local licenses, bonds and permits required for the operation of the business conducted by vendor. Vendor shall remain fully informed of and in compliance with all ordinances and regulations pertaining to the lawful provision of services under the contract. Region 4 ESC reserves the right to stop work and/or cancel the contract of any vendor whose license(s) expire, lapse, are suspended or terminated.

6.2 **Survival Clause:** All applicable software license agreements, warranties or service agreements that were entered into between Vendor and Customer under the terms and conditions of the Contract shall survive the expiration or termination of the Contract. All Purchase Orders issued and accepted by Order Fulfiller shall survive expiration or termination of the Contract.

ARTICLE 7- DELIVERY PROVISIONS

7.1 **Delivery**: Vendor shall deliver said materials purchased on this contract to the Member issuing a Purchase Order. Conforming product shall be shipped within 7 days of receipt of Purchase Order. If delivery is not or cannot be made within this time period the vendor must receive authorization from the purchasing agency for the delayed delivery. At this point the participating entity may cancel the order if estimated shipping time is not acceptable.

7.2 **Inspection & Acceptance**: If defective or incorrect material is delivered, purchasing agency may make the determination to return the material to the vendor at no cost to the purchasing agency. The vendor agrees to pay all shipping costs for the return shipment. Vendor shall be responsible for arranging the return of the defective or incorrect material.

8.2 **Invoices**: The awarded vendor shall submit invoices to the participating entity clearly stating *"Per TCPN Contract".* The shipment tracking number or pertinent information for verification shall be made available upon request.

8.3 **Tax Exempt Status**: Since this is a national contract, knowing the tax laws in each state is the sole responsibility of the vendor.

8.4 **Reporting**: The awarded vendor shall provide TCPN with an electronic accounting report, in a format prescribed by TCPN, on a monthly basis summarizing all contract Sales for the applicable month.

Reports of Contract Sales for Region 4 ESC and member agencies in each calendar month shall be provided by awarded vendor to TCPN by the 10th day of the following month. If there are no sales to report, Vendor is still required to communicate that information via email.

Failure to provide a monthly report of the administrative fees within the time and manner specified herein shall constitute a material breach of this contract and if not cured within thirty (30) days of written to Supplier shall be deemed a cause for termination of the contract at Region 4 ESC's sole discretion.

ARTICLE 9- PRICING

9.1 **Best price guarantee**: The awarded vendor agrees to provide pricing to Region 4 ESC and its participating entities that are the lowest pricing available and the pricing shall remain so throughout the duration of the contract. Pricing offered to Federal government buying consortiums for goods and services is exempt from this requirement. The awarded vendor, however, agrees to lower the cost of

any product purchased through TCPN following a reduction in the manufacturer or publisher's direct cost.

9.2 **Price increase**: Should it become necessary or proper during the term of this contract to make any change in design or any alterations that will increase expense Region 4 ESC must be notified immediately. Price increases must be approved by Region 4 ESC and no payment for additional materials or services, beyond the amount stipulated in the contract, shall be paid without prior approval. All price increases must be supported by manufacture documentation, or a formal cost justification letter.

Awarded vendor must honor previous prices for thirty (30) days after approval and written notification from Region 4 ESC if requested.

It is the awarded vendor's responsibility to keep all pricing up to date and on file with Region 4 ESC. All price changes must be provided to Region 4 ESC, using the same format as was accepted in the original contract.

9.3 **Additional Charges**: All deliveries shall be freight prepaid, F.O.B. destination and shall be included in all pricing offered unless otherwise clearly stated in writing.

9.4 **Price reduction and adjustment:** Price reduction may be offered at any time during contract and shall become effective upon notice of acceptance from Region 4 ESC. Special, time-limited reductions are permissible under the following conditions: 1) reduction is available to all Members equally; 2) reduction is for a specific time period, normally not less than thirty (30) days; 3) original price is not exceeded after the time-limit; and 4) Region 4 ESC has approved the new prices prior to any offer of the prices to a Member. Vendor shall offer Region 4 ESC any published price reduction during the contract period.

9.5 **Prevailing Wage**: It shall be the responsibility of the Vendor to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the purchaser (Region 4 ESC or its Members). It shall further be the responsibility of the Vendor to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of this contract and adjust wage rates accordingly.

9.6 **Administrative Fees:** All pricing submitted to Region 4 ESC shall include the administrative fee to be remitted to TCPN by the awarded vendor.

The awarded vendor agrees to pay administrative fees monthly to TCPN in the amount of 4% of the total purchase amount paid to awarded vendor, less refunds, credits on returns, rebates and discounts, for the sale of products and/or services to Region 4 ESC and member agencies pursuant to the contract (as amended from time to time and including any renewal thereof) ("Contract Sales").

Administrative fee payments are to accompany the contract monthly sales report by the 10th day of the following month, in the amount indicated on the report as being due. Administrative fee payments are to be paid by the awarded vendor via Automated Clearing House to a TCPN designated financial institution.

Failure to provide a monthly payment of the administrative fees within the time and manner specified herein shall constitute a material breach of the contract and if not cured within thirty (30) day of written notice to awarded vendor shall be deemed a cause for termination of the contract, at Region 4 ESC's sole discretion.

All administrative fees not paid when due shall bear interest at a rate equal to the lesser of 1 ½% per month or the maximum rate permitted by law until paid in full.

ARTICLE 10- PRICING AUDIT

10.1 **Audit rights:** Vendor shall, at Vendor's sole expense, maintain appropriate due diligence of all purchases made by Region 4 ESC and any entity that utilizes this Agreement. TCPN and Region 4 ESC each reserve the right to audit the accounting for a period of three (3) years from the time such purchases are made. This audit right shall survive termination of this Agreement for a period of one (1)

year from the effective date of termination. In the State of New Jersey, this audit right shall survive termination of this Agreement for a period of five (5) years from the date of final payment. Such records shall be made available to the New Jersey Office of the State Comptroller upon request. Region 4 ESC shall have the authority to conduct random audits of Vendor's pricing that is offered to eligible entities at Region 4 ESC's sole cost and expense. Notwithstanding the foregoing, in the event that Region 4 ESC is made aware of any pricing being offered to eligible agencies that is materially inconsistent with the pricing under this agreement, Region 4 ESC shall have the ability to conduct an extensive audit of Vendor's pricing at Vendor's sole cost and expense. Region 4 ESC may conduct the audit internally or may engage a third-party auditing firm. In the event of an audit, the requested materials shall be provided in the format and at the location designated by Region 4 ESC or TCPN.

ARTICLE 11- OFFEROR PRODUCT LINE REQUIREMENTS

11.1 **Current products**: Proposals shall be for materials and equipment in current production and marketed to the general public and education/government agencies at the time the proposal is submitted.

11.2 **Discontinued products**: If a product or model is discontinued by the manufacturer, vendor may substitute a new product or model if the replacement product meets or exceeds the specifications and performance of the discontinued model and if the discount is the same or greater than the discontinued model.

11.3 **New products/Services**: New products and/or services that meet the scope of work may be added to the contract. Pricing shall be equivalent to the percentage discount for other products. Vendor may replace or add product lines to an existing contract if the line is replacing or supplementing products on contract, is equal or superior to the original products offered, is discounted in a similar or to a greater degree, and if the products meet the requirements of the solicitation. No products and/or services may be added to avoid competitive procurement requirements. Region 4 ESC may require additions to be submitted with documentation from Members demonstrating an interest in, or a potential requirement for, the new product or service. Region 4 ESC may reject any additions without cause.

11.4 **Options**: Optional equipment for products under contract may be added to the contract at the time they become available under the following conditions: 1) the option is priced at a discount similar to other options; 2) the option is an enhancement to the unit that improves performance or reliability.

11.5 **Product line**: Offerors with a published catalog may submit the entire catalog. Region 4 ESC reserves the right to select products within the catalog for award without having to award all contents. Region 4 ESC may reject any addition of equipment options without cause.

11.6 **Warranty conditions**: All supplies, equipment and services shall include manufacturer's minimum standard warranty and one (1) year labor warranty unless otherwise agreed to in writing.

11.7 **Buy American requirement:** (for New Jersey and all other applicable States) Vendors may only use unmanufactured construction material mined or produced in the United States, as required by the Buy American Act. Where trade agreements apply, to the extent permitted by applicable law, then unmanufactured construction material mined or produced in a designated country may also be used. Vendors are required to check state specific requirements to ensure compliance with this requirement.

ARTICLE 12- SITE REQUIREMENTS

12.1 **Cleanup**: Vendor shall clean up and remove all debris and rubbish resulting from their work as required or directed by Member. Upon completion of the work, the premises shall be left in good repair and an orderly, neat, clean and unobstructed condition.

12.2 **Preparation**: Vendor shall not begin a project for which Member has not prepared the site, unless vendor does the preparation work at no cost, or until Member includes the cost of site preparation in a purchase order. Site preparation includes, but is not limited to: moving furniture, installing wiring for networks or power, and similar pre-installation requirements.

12.3 **Registered sex offender restrictions**: For work to be performed at schools, vendor agrees that no employee or employee of a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are or are reasonably expected to be present. Vendor agrees that a violation of this condition shall be considered a material breach and may result in the cancellation of the purchase order at the Member's discretion. Vendor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge.

12.4 **Safety measures**: Vendor shall take all reasonable precautions for the safety of employees on the worksite, and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Vendor shall post warning signs against all hazards created by its operation and work in progress. Proper precautions shall be taken pursuant to state law and standard practices to protect workers, general public and existing structures from injury or damage.

12.5 **Smoking**: Persons working under the contract shall adhere to local smoking policies. Smoking will only be permitted in posted areas or off premises.

12.6 **Stored materials**: Upon prior written agreement between the vendor and Member, payment may be made for materials not incorporated in the work but delivered and suitably stored at the site or some other location, for installation at a later date. An inventory of the stored materials must be provided to Member prior to payment. Such materials must be stored and protected in a secure location, and be insured for their full value by the vendor against loss and damage. Vendor agrees to provide proof of coverage and/or addition of Member as an additional insured upon Member's request. Additionally, if stored offsite, the materials must also be clearly identified as property of buying Member and be separated from other materials. Member must be allowed reasonable opportunity to inspect and take inventory of stored materials, on or offsite, as necessary.

Until final acceptance by the Member, it shall be the Vendor's responsibility to protect all materials and equipment. The Vendor warrants and guarantees that title for all work, materials and equipment shall pass to the Member upon final acceptance.

ARTICLE 13- MISCELLANEOUS

13.1 **Funding Out Clause**: Any/all contracts exceeding one (1) year shall include a standard "funding out" clause. A contract for the acquisition, including lease, of real or personal property is a commitment of the entity's current revenue only, provided the contract contains either or both of the following provisions:

"Retains to the entity the continuing right to terminate the contract at the expiration of each budget period during the term of the contract and is conditioned on a best efforts attempt by the entity to obtain appropriate funds for payment of the contract."

13.2 **Disclosures**: Offeror affirms that he/she has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this contract.

Include a complete description of any and all relationships that might be considered a conflict of interest in doing business with participants in TCPN.

The Offeror affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this contract.

13.3 **Indemnity**: The awarded vendor shall protect, indemnify, and hold harmless both Region 4 ESC and TCPN and its participants, administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of the vendor, vendor employees or vendor subcontractors in the preparation of the solicitation and the later execution of the contract, including

any supplemental agreements with members. Any litigation involving either Region 4 ESC or TCPN, its administrators and employees and agents will be in Harris County, Texas. Any litigation involving TCPN members shall be in the jurisdiction of the participating agency.

13.4 **Franchise Tax**: The Offeror hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes.

13.5 **Marketing**: Awarded vendor agrees to allow Region 4 ESC/TCPN to use their name and logo within website, marketing materials and advertisement. Any use of TCPN name and logo or any form of publicity, inclusive of press releases, regarding this contract by awarded vendor must have prior approval from TCPN.

13.6 **Certificates of Insurance**: Certificates of insurance shall be delivered to the Region 4 ESC participant prior to commencement of work. The insurance company shall be licensed in the applicable state in which work is being conducted. The awarded vendor shall give the participating entity a minimum of ten (10) days' notice prior to any modifications or cancellation of policies. The awarded vendor shall require all subcontractors performing any work to maintain coverage as specified.

13.7 **Legal Obligations**: It is the Offeror's responsibility to be aware of and comply with all local, state, and federal laws governing the sale of products/services identified in this RFP and any awarded contract and shall comply with all while fulfilling the RFP. Applicable laws and regulation must be followed even if not specifically identified herein.

13.8 **Open Records Policy**: Because Region 4 ESC contracts are awarded by a governmental entity, responses submitted are subject to release as public information after contracts are executed. If a vendor believes that its response, or parts of its response, may be exempted from disclosure, the vendor must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt. In addition, the Offeror must specify which exception(s) are applicable and provide detailed reasons to substantiate the exception(s). Offeror must provide this information on the "Acknowledgement and Acceptance of Region 4 ESC's Open Records Policy" form found at the beginning of this solicitation. Any information that is unmarked will be considered public information and released, if requested under the Public Information Act.

The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 4 ESC must provide the OAG sufficient information to render an opinion and therefore, vague and general claims to confidentiality by the Offeror are not acceptable. Region 4 ESC must comply with the opinions of the OAG. Region 4 ESC assumes no responsibility for asserting legal arguments on behalf of any vendor. Offeror is advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information.

After completion of award, these documents will be available for public inspection.

8. Define your Standard Terms of Payment: **KRATOS'** Standard Terms of Payment are Net 30.

9. Who is your competition in the marketplace? **KRATOS'** primary competition in the **NATIONAL** Marketplace includes (in no particular order), Tyco Integrated Security, Diebold Security, Stanley Convergent Security Solutions, Convergint Technologies LLC and Johnson Controls.

10. Overall annual sales for the last three (3) years; 2013, 2014, 2015:

2014: 763 Million USD

2015: 657.1 Million USD

2016: 668.7 Million USD

11. Overall public sector sales, excluding Federal Government, for last (3) years; 2013, 2014, 2015: **KRATOS** does not report its earnings in this fashion, merely in the aggregate. **KRATOS Defense & Security Solutions Inc.** is a U.S. Government Defense Contractor.

12. What is your strategy to increase market share? **KRATOS'** overarching Market Strategy is to increase Market Share by first ensuring that its existing base is delighted with **KRATOS'** Service, believes that **KRATOS** offers extremely competitive Pricing and that its customers value KRATOS as their "partner of choice", dedicated to their success and the security of their employees and assets including their Intellectual Property. **KRATOS** has continually grown its base year over year measured in both revenue and # of customers. **KRATOS** gets much of its business through customer referrals, which we have found to be our best source of sales leads.

Regarding the "**4-P's**" of the marketing mix:

PRODUCT: **KRATOS** has aligned itself with many strategic partners who seek a National presence. As such, **KRATOS** can muster the necessary technical talent and vendor resources to enable us to fill almost any customer requirement. **KRATOS** sells "wide and deep". **KRATOS** realizes as well that **INTEGRITY** and **TRUST** are two of the key components of its product offer. **KRATOS** has a very stringent Code of Ethics that all of its employees must follow. Compliance is both expected and **REQUIRED.**
PLACE: **KRATOS** is a **NATIONAL** Integrator. **KRATOS** has made a commitment to ensure that purchasing **KRATOS** Products and Services Including Service Agreements are as easy as the contract allows for. **KRATOS** drop ships from many of its Strategic Partners ensuring that the customer gets the goods, software, licenses, etc. that it seeks in the quickest possible timeframe.
PRICE: **KRATOS** is not always the lowest price although MANY times we are. **KRATOS** strives to be the best **VALUE** meaning what was received was worth the price paid...at least. **KRATOS** enjoys the pricing structure of bulk purchasing and distribution. Our trained staff can often complete work more quickly than other, less trained contractors thus making the **TOTAL** cost less than our competition by working **SMARTER** even though our competition may offer a lower hourly rate, if **KRATOS** can finish the job more quickly, the total cost is often less.
PROMOTION: **KRATOS** has begun an initiative to dominate Cooperative Purchasing Agreements. **KRATOS** believes that an end user who can shop wisely and easily with the assurance that the pricing has been pre-bargained for will use Coops whenever they can. We know this to be true. Andy Cruz, along with James Barbour of **KRATOS'** Marketing Team are developing a Coop Portal from which Coop members may access the contracts, products and services available to them in an easy, intuitive way…without "negotiating the maze" usually found in some companies' listings.

13. What differentiates your company from competitors? **Our People! KRATOS** invests heavily in training and hires only the best in the Industry. Companies often say "people buy from people" but that is only part of it…

People buy from people they **KNOW** are capable, have a **WINNING ATTITUDE**, who **WORK** for a Company that is financially strong, whom they can **TRUST** and who have a stringent code of ethics and who facilitate an easy, pleasant buying experience.

We believe that if we do not do all of these things, then we have failed.

Bottom line is that our customers are **TRUSTING** us with their most valued assets, their safety and the safety of their employees and students. We have a fiduciary relationship to **CONTINUE** to earn our Customers' Trust with every contact. **KRATOS** appreciates, and is fully cognizant of, the fact that **TRUST**, once breached, can never fully be regained.

Our Customers realize that a Company which can perform Classified Projects for the U.S. Govt. can certainly handle their Video Surveillance, Access Control and other forms of Physical Security.

14. Describe the capabilities and functionality of your firm's online catalog/website.
Andy Cruz and James Barbour have built a Co-op Portal that will expand **KRATOS**' web presence so that Co-op members will consider their buying experience a pleasurable one and

members can be assured that they are getting the best prices available to them via their participation in the Co-op.

Region 4 will have a dedicated page with a link from Kratospss.com

KRATOS realizes that in some cases, a purchase is merely a repeat purchase when the end user already knows what he or she wants; they just want to order it and have a trouble free experience. What we are striving for, however, is a site which can suggest alternatives, (a Consultative Solution). On many occasions, what the end user THINKS that they need is NOT what is in their best interest. Often, we have found that we can actually SAVE the customer money by suggesting alternatives to "what they have always done" and not buying unnecessarily or overbuying/overpaying. This leaves the "shifted budget" available for other needed items. We want to emphasize that we are always available for the "personal touch".

15. Describe your company's Customer Service Department (hours of operation, number of service centers, etc.). KRATOS' Standard Business Hours are M-F 7A-4P by the respective time zones. All Service request can be issued to by Kratos customers by email per region. Service Agreements range from T&M to Dedicated Technician. For instance, in Texas, **KRATOS** has 3 Service Centers located in Houston, San Antonio and Dallas. Each of these Service Centers has a Service Manager assigned. In the Southwest Region (Texas, Oklahoma, Arkansas and Louisiana), Mark Peltier is **KRATOS'** VP Operations and oversees all of the Operations of the SW Region. **ALL OF US AT KRATOS ARE RESPONSIBLE FOR ENSURING CUSTOMER SATISFACTION! ALL OF US AT KRATOS ARE IN SALES AND ALL OF US AT KRATOS ARE IN SERVICE!**

16. Provide information regarding whether your firm, either presently or in the past, has been involved in any litigation, bankruptcy or reorganization. KRATOS is not presently involved in, nor has **KRATOS** previously been involved in any litigation, bankruptcy or reorganization.

17. Detail how your organization plans to market this contract within the first ninety (90) days of the award date. This should include but not be limited to:

A Co-branded press release within the first 30 days: This has been written with release pending award and authorization of logo.
Announcement of award through any applicable social media sites: All **KRATOS** social media sites will be utilized to announce the award under contract:

(Registered TM of Twitter, LinkedIn and **KRATOS.**
Direct Mail Campaigns KRATOS has a proprietary database of every ISD in Texas. DMDR Materials have been created and are pending contract award and resulting Logo use authorization.
Co-Branded Collateral Pieces: KRATOS has designed Co-branded Marketing Collateral in conjunction with its Strategic Partners. Collateral Pieces have been created and are pending contract award and resulting Logo use authorization.
Advertisement of contract in regional or national publications: KRATOS intends to devote an appropriate amount of budget and personnel to promote Coop participation. TASB and TCEA are primary targets of anticipated advertising.

Participation in trade shows: KRATOS intends to participate at every available opportunity in trade shows. KRATOS may also participate by "sharing" a booth with a manufacturer or Strategic Partner OR may provide SME staff to assist in answering Questions regarding how to purchase through Co-op.

Dedicated TCPN and Region 4 ESC internet web-based homepage with:

i: TCPN and Region 4 ESC Logo

ii: Link to TCPN and Region 4 website

iii: Summary of contract and services offered

iv: Due Diligence Documents including: copy of solicitation, copy of contract and any amendments, marketing materials

KRATOS has already designed a Portal for Cooperative Purchasing as a Daughter page off of its website www.kratospss.com . All of the aforementioned categories are covered; we are simply awaiting award and authorization for use of logo.

18. Describe how your company will demonstrate the benefits of this contract to eligible entities if awarded. **KRATOS** will demonstrate the benefits of this contract to eligible entities much in the same manner as the Coop itself does. **KRATOS** intends to demonstrate the value of purchasing through the Coop by keeping a "running total" of the savings it has enabled participants to enjoy and explain the benefits of purchasing through the Coop vs. the expense of RFP's, Consultants for Evaluation, etc.

19. Explain how your company plans to market this agreement to existing government customers. **KRATOS** will have two assigned assets to this task, Andy Cruz, Account Manager and Jerry Flores, Account Manager. Jerry has a great deal of experience selling and Andy Cruz actually has Region 4 ESC as a customer. Andy's role is to facilitate box sales, "add-ons", Software Support Agreements, etc. while Jerry's role is New Business Development with "New Business" defined as customers not currently in **KRATOS'** portfolio.

20. Provide a detailed (90) day plan describing how the contract will be implemented within your firm. **KRATOS** intends to use every avenue available to it to market to potential and existing Coop members. This question was answered in #17-19 (inclusive) above. **KRATOS** is also most interested in any suggestions from the Coop itself or its members as to how it/they would like to see purchasing facilitated through the Coop. We want to be compliant with the contract but be flexible enough to adapt to the needs and wants of the Coop and its membership.

21. Describe how you intend to train your National Sales Force on the Region 4 ESC agreement. **KRATOS** has appointed Andy Cruz to be Chief Liaison for the Region 4 Cooperative. Andy, partnering with James Barbour in **KRATOS** Marketing (office in New York) will put together a release for all members of the **KRATOS** Sales Staff which will be disseminated through regular **KRATOS** secure channels. This will be much like the Press Release intended toward targeted customers eligible to purchase through the Coop (described above). **KRATOS** believes that this is the smartest way to handle business done through the Coop; having a single point of contact (SPOC) who is knowledgeable about both the Cooperative Contract and **KRATOS**' Operations so that the appropriate person may be contacted in an efficient manner without having to discern which is the appropriate branch location (e.g. does a customer in the RGV call San Antonio or Houston?).

22. Acknowledge that your organization agrees to provide its company logo(s) to Region 4 ESC and agrees to provide permission for reproduction of such logo in marketing

communications and promotions. **KRATOS** acknowledges and fully expects that Region 4 will use its logo in marketing communications and promotions.

23. Provide the revenue that your organization anticipates each year for the first three years of the agreement:

Year 1: $550,000.00
Year 2: $750,000.00
Year 3: $1,000,000.00

24. Describe your company's implementation and success with existing cooperative purchasing programs, if any, and provide the cooperative's name(s), contact person(s) and contact information as references: TX DIR-SDD-2197

25: Describe the capacity of your company to report monthly sales through this agreement. **KRATOS Notes on every Order the Purchasing Cooperative through which the customer placed the order. Detailed, automated records are kept and fees are promptly paid by Kratos AP.**

26: Describe the capacity of your company to provide management reports, i.e. consolidated billing by location, time and attendance reports, etc. for each eligible agency. **KRATOS Systems are used to report these items to the U.S. Government as well so we shall have no problem generating these reports for Coop participants.**

27: Please provide any suggested improvements and alternatives for doing business with your company that will make this arrangement more cost effective for your company and Participating Public Agencies: **KRATOS's suggestion is that proper PLANNING is key to cost effective solutions. We encourage custom scopes of work so that we may make the best, most cost effective recommendations. In short, involve us early and often.**

GREEN INITIATIVES:

We are committed to helping to build a cleaner future! As our business grows, we want to make sure we minimize our impact on the Earth's climate. So we are taking every step we can to implement innovative and responsible environmental practices throughout Region 4 ESC to reduce our carbon footprint, reduce waste, promote energy conservation, ensure efficient computing, and much more. We would like vendors to partner with us in this enterprise. To that effort, we ask Offerors to provide their company's environmental policy and/or green initiative:

28. Please provide your company's environmental policy and/or green initiative.

It shall be KRATOS' Policy to be prudent stewards of our Environment; realizing that we all have a responsibility not only to preserve, but to leave our Environment in a better condition than it was in prior to our involvement. Daily activities, while they may seem small in and of themselves, when summed can prove astonishing. Unnecessarily printing of emails to hard copy wastes precious natural resources and, while KRATOS encourages recycling, it takes YEARS for a tree to grow. It shall be KRATOS' policy that its employees aggregate their trips so that fewer miles be unnecessarily driven, wasting fossil fuels and adding to our carbon footprint. It shall be KRATOS' policy that NO employee knowingly introduces any contaminant into the groundwater or air (including Freon as regulated by the EPA). It shall be KRATOS' policy that luminaries and other electrical devices be turned off when not in use in order to preserve resources necessary to generate electricity to the grid. It shall further be KRATOS' policy to STRICTLY adhere to ALL applicable laws, regulations and ordinances regarding environmental contamination. KRATOS takes these violations seriously and will not tolerate them.

29. Implementation of House Bill 1295

Certificate of Interested Parties (Form 1295):

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least $1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission was required to adopt rules necessary to implement that law, prescribe the disclosure of interested parties form, and post a copy of the form on the commission's website. The commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The commission also adopted new rules (Chapter 46) on November 30, 2015, to implement the law. The commission does not have any additional authority to enforce or interpret House Bill 1295.

Filing Process:

Staring on January 1, 2016, the commission will make available on its website a new filing application that must be used to file Form 1295. A business entity must use the application to enter the required information on Form 1295 and print a copy of the completed form, which will include a certification of filing that will contain a unique certification number. An authorized agent of the business entity must sign the printed copy of the form and have the form notarized. The completed Form 1295 with the certification of filing must be filed with the governmental body or state agency with which the business entity is entering into the contract.

The governmental entity or state agency must notify the commission, using the commission's filing application, of the receipt of the filed Form 1295 with the certification of filing not later than the 30th day after the date the contract binds all parties to the contract. The commission will post the completed Form 1295 to its website within seven business days after receiving notice from the governmental entity or state agency.

Information regarding how to use the filing application will be available on this site starting on January 1, 2016.

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (www.nj.gov/dca/lgs/lfns/lfnmenu.shtml).

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
    a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at www.nj.gov/dca/lgs/p2p. They will be updated from time-to-time as necessary.
    b. A public agency using these forms **should edit them to properly reflect the correct legislative district**(s). As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
    c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
    d. The form may be used "as-is", subject to edits as described herein.
    e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
    f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract. (See Local Finance Notice 2006-7 for additional information on this obligation) A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. **NOTE: This section is not applicable to Boards of Education.**

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM
Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
    - of the public entity awarding the contract
    - of that county in which that public entity is located
    - of another public entity within that county
    - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county. The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs). When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure. Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report. The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement. The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act. The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law.

NOTE: This section does not apply to Board of Education contracts.

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."
