Chemical Solutions

CHEMICALS FORMULATED TO PERFORM

High-performance and maximum-strength chemical solutions from Lawson Products ensure the right formulation for your application. From cleaners and lubricants to drain maintenance, Lawson's industrial-grade chemicals will save you time and money. Our leading Drummond® and Lawson® branded chemicals are known for their reliability and their performance. Rely on your Lawson Representative to help you select the right chemicals for your needs.

Adhesives

- Instant adhesives for a variety of repairs
- Industrial grade aerosol adhesives for a variety of surfaces
- Threadlocking adhesives for high-vibration fastener applications
- Tough, long-lasting urethane caulks and sealants
- RTV Silicone sealants and gasket products

Lubricants

- Penetrating oils and spray lubricants
- Multipurpose, high performance greases used in a variety of applications
- Anti-seize and dry lubricants
- Drilling, tapping and cutting oils for metalworking applications

Coatings

- High solids industrial paints in a wide color selection
- Traffic marking, utility and field marking paints
- Rust preventative and corrosion-inhibiting products
- Non-slip safety coatings that prevent costly slips and falls

Effective Inventory Management

Your Lawson Representative provides products according to your operational needs and usage. Products are always on-hand when you need them—no overstocks, no out-of-stocks.

Patching
