

MERCHANT SOLUTIONS FOR YOUR BUSINESS

Faster processing, advanced security, smart technology

Here are a few payment solutions to give you a competitive edge

Account Updater

Dynamically validates cards up front for subscription products. Businesses are taking advantage of card-on-file payment strategies, catering to their customers' convenience and offering the predictable, recurring revenue streams that they need to thrive. Worldpay's Account Updater is the ultimate card-on-file revenue accelerator.

Authorize.Net

Sell products and services online via a mobile device, or in a traditional brick-and-mortar store. Create "Buy Now" and "Donate" buttons for your website by simply copying and pasting Authorize.net code.

BigCommerce

Build or enhance your website using the leading SaaS ecommerce platform with all the features to build, run, and scale an online store. We'll help you set up your website and process customer payments.

FraudSight

Multi-layered fraud solution that combines data insights, technology and a team of experts to most accurately predict if a transaction is fraudulent.

Gift Cards

Attract new customers, encourage repeat business, and help increase sales. Get your gift card program up and running quickly with easy implementation, customizable features, and flexible pricing.

iQ Online Portal

Knowledge is power. With real-time data at your fingertips, iQ is your go-to portal for analytics and reporting. Access transaction data, payment trends, a back-office virtual terminal, and self-service support.

OmniShield Assure

Stop worrying about fraud with our all-in-one fraud and security bundle featuring point-to-point encryption, EMV, compliance tools, and up to \$100,000 financial protection in the event of a breach.

SwipeSimple Register

Simplify checkout with an all-in-one POS and cash drawer. Bundle or purchase separately our Swift B250 mobile card reader to accept secure, mobile payments anytime, anywhere.

Virtual Terminals

Safely accept any card type with an internet connection. Our solution supports multi-users, which allows payment authorizations from anywhere via the internet.
