

# PROFESSIONAL GRADE ROTORS YOU CAN TRUST

## **NEW** Carquest® Platinum Rotors

Features RotorShield™, a rust inhibiting barrier that provides up to 5X more protection than non-painted rotors.

- Engineered to withstand 120 hours of salt spray testing
- Available for late model applications (primarily 2013 model year and newer) — Designed for open wheels
- Meets or exceeds OE design for superior stopping power
- OE vane size improves cooling, eliminates brake noise, and enhances pedal feel
- Air gap eliminates brake fade and increases pad life
- Non-directional finish decreases break-in time

**PLATINUM**

## Carquest® Wearever® Rotors

Meets or exceeds OE design for superior stopping power.

- Available for earlier model applications (primarily 2012 model year and older)
- OE vane size improves cooling, eliminates brake noise, and enhances pedal feel
- Air gap eliminates brake fade and increases pad life
- Non-directional finish decreases break-in time

**WEAREVER**

## Carquest® Frontline Rotors

High tensile strength and more carbon content for severe duty performance.

- Engineered for severe duty and pursuit applications
- Laboratory tested for maximum resistance to thermal fatigue
- Chromate-free and environmentally friendly coating
- 20-micron protection barrier prevents rust and corrosion
- Machined and balanced for OE fit, form and function

# PROFESSIONAL GRADE STOPPING POWER AND PROTECTION

## NEW Carquest® Platinum Rotors

Carquest® Platinum Rotors feature RotorShield™, an advanced rust inhibiting barrier for long-lasting protection and like-new appearance.

- **RotorShield rust inhibiting barrier** — Provides up to 5X more protection than standard non-painted rotors
- **Engineered for performance** — Withstands 120 hours of salt spray testing
- **Available for late model applications (primarily 2013 model year and newer)** — Designed for open wheels
- **Meets or exceeds OE design** — For superior stopping power
- **OE vane size** — Improves cooling, eliminates brake noise, and enhances pedal feel
- **Air gap matches OE specs** — Properly dissipates and absorbs heat, helping eliminate brake fade and increase pad life
- **Non-directional finish** — Decreases break-in time

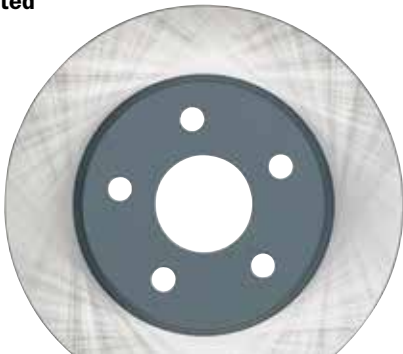

For more information and to check availability, contact your Commercial Account Manager or local delivery store.

## See the difference.

RotorShield technology makes Carquest Platinum Rotors the obvious choice for long-lasting, reliable stopping power when compared to standard rotors.

Painted

Standard Non-painted
