Education evolves. We can help you evolve with it.

We understand that creating an end-to-end tech solution can be a daunting task. Best Buy® Education is here to help with everything from planning and installation to ongoing tech support. We offer a vast selection of education technology products, industry-specific expertise and nationwide services that set students up for success in the modern world, whether they're learning at home, in school or online.

Dedicated Account Managers to help you pick the right solution for your organization.

Geek Squad® pre-deployment services enable custom device configuration, app installation, branding and asset tagging.

Flexible shopping options, including Net 30-terms, self-service and cooperative contacts.

Large assortment of both commercial and consumer products.

Industry Expertise

Our experts have a deep knowledge of the leading education technology brands and products. We understand the challenges facing education clients and will help you create solutions tailored to your unique needs. We focus on building strong relationships that support your staff and students. When you work with a personal Account Manager, here's what you can expect:

- Deep education industry expertise.
- In-depth knowledge of technology.
- Brand-agnostic guidance to help you put together the right solution.
- Work with you in person, over the phone, via email or online chat at [BestBuy.com/Education](https://www.bestbuy.com/education).

Nationwide Services

Expert services nationwide, where and when you need them. Our knowledgeable Geek Squad® team has you covered, no matter how simple or complex the project, and we'll get the job done right on your timeline. Our Nationwide Services offer:

- End-to-end support for complex solutions, including project management, installation, logistics and responsible recycling.
- A flexible Geek Squad team ready to deploy to your site at any time.
- Pre-deployment services enable custom device configuration, app installation, branding and asset tagging.
- Tech support post-sales—remote and in person—and warranties give you peace of mind after the purchase, too.

Convenient Shopping

We make convenience a priority with flexible shopping options. Here are some of the ways we make shopping easy:

- Create an online Business Account with benefits such as everyday discounts on select accessories and higher purchase quantities.
- Work directly with your own personal Account Manager.
- Leasing options that allow you to control your technology costs while keeping your school up-to-date with the latest technology.
- Net-30 terms for a wide array of commercial needs and the ability to purchase with a PO.
- A variety of cooperative contracts that align with both state and district purchasing guidelines.
- Efficient eProcurement solutions designed for your unique needs. Plus, multiple shipping options like direct to student/family homes and Best Buy® store pick-up.

Education Solutions

We partner with all the leading brands to provide the largest education and consumer technology assortment for your organization.

Laptops, Chromebooks and Tablets

Choose from thousands of computing products from the best brands to meet your school's unique needs. We feature a comprehensive selection of education-grade and consumer laptops, desktops, tablets and all-in-ones.

HyFlex Model Products

We have a wide assortment of technologies to keep your students connected and learning whether they're in person or online, with products like web cameras, displays, speakers, microphones and control devices. Our certified engineers will design a plan that ensures your HyFlex classroom will be simple to use for students and staff and will work with your existing virtual meeting platforms.

Interactive Panels and Digital Signage

Our digital signage-certified engineers and project managers can help design and plan any space. This includes collaborative classrooms with video conferencing capabilities and large interactive displays. Plus, complete digital signage solutions to streamline communications and emergency alerts for student and staff safety. Our nationwide Geek Squad team also ensures a fast, professional install with ongoing support.

Furniture

Whether you're completely restructuring your school campus or looking to update existing spaces, we can help. We offer a large assortment of best-in-class furniture from trusted education partners. Our team can help design and install any school spaces including media centers, classrooms, makerspaces, lobbies and cafeterias. Couple this with project managers to ensure your furniture is delivered on time and installed professionally.

Esports

A good competition should be challenging. Outfitting your school's esports team should not be. From the machines to the green screens, we offer a full assortment of esports tech that will help you build a gaming lab from the ground up. Our professional engineering and design team will make sure you have a rock-solid network connection. Not ready to build out a whole esports lab? We can help supplement your existing tech.

Call an Account Manager today to see how we can help your organization.
