

HVAC/Service Solutions for the Public Sector

Partners in Cooperative Contract Purchasing

Daikin—the world’s number one HVAC manufacturer and OMNIA Partners—the nation’s largest and most experienced cooperative purchasing organization, combine to give you streamlined and cost-effective procurement and HVAC solutions.

With the cooperative contract, awarded by Region 4 Education Service Center made available through OMNIA Partners, Daikin Applied is able to put real power behind your next purchase. Team with us to leverage over \$13 billion in purchasing power assets and draw upon the HVAC industry’s most technologically advanced and innovative equipment available. We’ll help you achieve your district’s strategic goals and cooling/heating needs, while creating healthier learning environments for faculty and students through improved indoor air quality.

For more information on cooperative purchasing, contact Duane Rothstein, Daikin Applied Government Vertical Market Manager at: duane.rothstein@daikinapplied.com or 952.261.9313.
