

Sustainability

Purchasing paper from North American sources makes good sense for the environment and your business. Domtar is widely known as the leader in forest certification and environmental stewardship. For more information, please visit www.domtar.com/en/sustainability.

Forest Stewardship Council® (FSC®):

By purchasing FSC certified products, environmentally and socially responsible consumers can do their part to protect the environment by ensuring well-managed forestry practices including:

- Protecting water quality and high conservation forests
- Preventing loss of natural forest cover
- Restricts the use of highly hazardous chemicals
- Limiting clear-cuts to defend forest ecology
- Protecting customary rights of indigenous peoples and local communities

The mark of responsible forestry

Rainforest Alliance

The Rainforest Alliance works to conserve biodiversity and ensure sustainable livelihoods by transforming land-use practices, business practices and consumer behavior. The Rainforest Alliance Certified™ seal is a symbol of sustainability and ensures consumers that products come from responsibly managed forests that benefit communities, wildlife and the environment.

World Wildlife Fund

WWF is dedicated to delivering science-based solutions to preserve the diversity and abundance of life on Earth, halt the degradation of the environment and combat climate change. Working together, WWF and corporations like Domtar can help protect long-term viability of the planet and global economy. Domtar is pleased to make an annual contribution of \$425,000 to WWF from the sale of FSC® Certified EarthChoice® products.
