

Mattresses, Related Products & Services

University of California Award

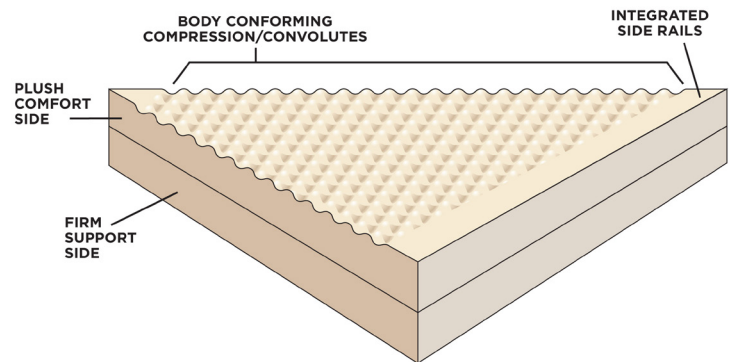

Gateway Mattress Co. is a local Southern California family owned and operated manufacturer, providing mattresses and related products and services to education and government institutions through the University of California (UC) and OMNIA Partners, Public Sector.

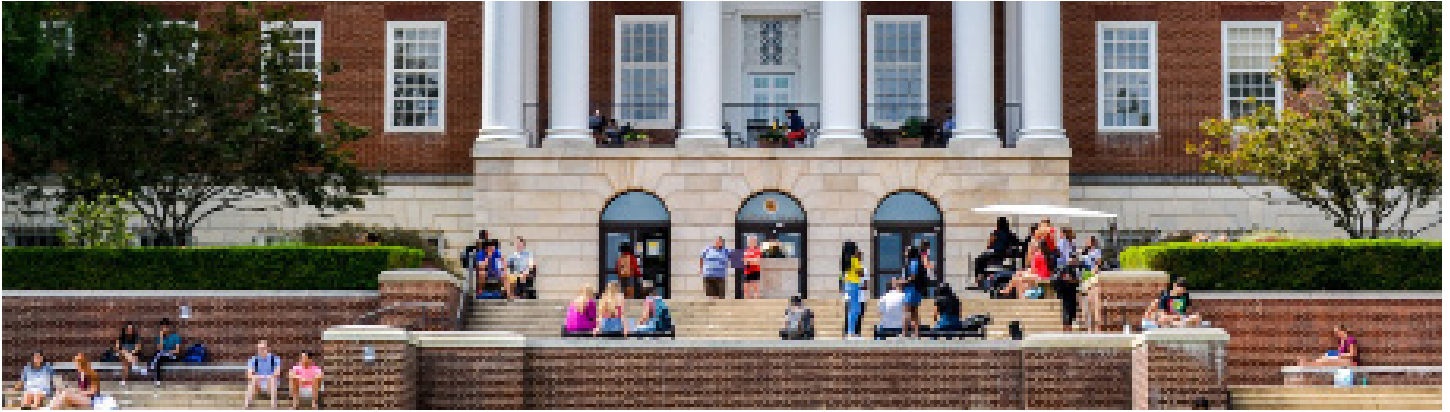

The University of California contract #GAT-SD-21-0901 has been competitively solicited and publicly awarded and is available nationwide through OMNIA Partners, Public Sector. This simplified process enables organizations to quickly engage with the Gateway Mattress experience, product, service and solutions.

Premium Dual Comfort foam or Innerspring Construction

Gateway Mattress Premium Dual Comfort Foam Mattress is comprised of 2 layers of biometrically zoned convolutions to produce a plush, comfortable, long lasting mattress that can be reversed head to foot or flipped, allowing for choice of firmness. Integrated siderails provide support during ingress and egress and while seated on edge of the mattress. Covered with a nylon, breathable, antimicrobial ticking with no seams on top or bottom.

NOTE: This is University of California contract premium foam bed. Innerspring or other foam configurations and specification quotes available on request.

Recycling & Rebuilding

Gateway Mattress is the largest State licensed recycler and rebuilder of mattresses in California. Used mattresses are rebuilt and all components are reused or recycled.

We don't just talk about sustainability, we live it on a daily basis.

We can pick up your used mattresses for re-use or recycling at no extra charge. Installation and removal services are available as well. Even if you do not purchase mattresses from us, contact us, and in many cases we can still pick up your used bedding at No Charge.

Rest assured none of your used bedding will enter the landfill.
