

# Provide equitable access to customer service for your Spanish-speaking families

K12 Insight helps you provide **exceptional service** to your entire school community — ensuring families can access the information and support they need.

With Let's Talk! Assistant and its Spanish language capabilities, you can provide Spanish-speaking families **fast, efficient, and equitable access** to customer service and engagement.

## The first chatbot built for K-12 school districts

- ✓ Ensure families can communicate comfortably, with confidence, from any device
- ✓ Provide always-on customer service to all members of your community
- ✓ Improve the customer experience for your stakeholders
- ✓ Reclaim staff time and capacity

*Improve equity in your school district*
