INTER COMPANY CORRESPONDENCE

TO: OMNIA Partners and Region 4 ESC
FROM: Seamus Moore – Government Sales
DATE: March 4, 2021
SUBJECT: Price Action Request

Kimball Midwest appreciates working with Region 4 ESC and OMNIA Partners in sustaining the exceptional standards and practices customers expect from our company and cooperative purchasing.

Kimball Midwest formally requests approval to modify prices on a portion of our stock catalog in order to account for changes in manufacturing and raw materials costs from our suppliers. The overall result is an approximate change of +.6% while, of the 51,000 stock MRO items available through contract R192004, roughly 80% will remain unchanged. For instance, we propose reductions on vital products like hand cleaners and other products like chemicals, which continue to be an essential need for our customers.

Should Region 4 ESC accept this proposal, it is Kimball Midwest's intention that the planned price action take place on April 2 and an announcement issued to our Sales Team two weeks prior so that they may inform contract users of these changes.

Enclosed are bulletins from our Pricing Department about specific changes and how they relate to the contract's market basket. Should there be any questions, the Kimball Midwest Government Sales Team will be available for questions.

As challenging as the last year has been, we are pleased to be partnered with Region 4 ESC and OMNIA Partners and appreciate your continued support as we tirelessly work to provide government institutions, schools and nonprofit organizations with necessary MRO supplies.
