**Subject: Product & Price Update FY22**

This notice serves to inform you that Lightspeed has had some product and price changes. Please note that *contracted percentage-of-discount structures are unchanged.*

All products remain Lightspeed-branded (therefore, no new manufacturers on our contract). All products are classroom instructional audio systems or accessories (therefore, no new product lines beyond what is in the contract).

**Pricing Changes:**

- Lightspeed's costs have increased significantly due to a number of factors common to the electronics industry worldwide. Most notably, global shortages of electrical components have driven costs up significantly. There have also been dramatic increases in freight costs due to high levels of demand and longer lead times requiring air shipment of parts and products versus ocean. The change in list pricing averages out to approximately 4.4%, with a range of 3.5-4.6% to offset these increased costs.

**Product Changes:**

- Lightspeed has updated its entire line of audio systems, now branded as Instructional Audio Solutions, including our main Redcat, Topcat and 955 models along with all new microphones. The new platform maintains the performance, functionality and form factor of the current solution, while adding key new aesthetics, user interface and functionality to match today's instructional and technology trends. Key highlights include:
  - Smaller, slimmer and lighter weight microphones with easily replaceable rechargeable battery
  - Dramatically improved microphone cradle charger
  - Integration with Life Safety solutions to allow alert notifications from the teacher microphone and audio muting during critical build-wide announcements
  - Improved and simplified user interface on all products
  - "Point-to-pair" from microphones to allow teachers to easily move from room to room
  - Remote firmware updates of primary components via USB to allow for greater reliability and future functionality
  - 2-way wireless USB audio link to ensure seamless integration with computers and interactive displays for distance learning applications
  - Small group pod selection from the teacher microphone to eliminate the need for separate remote-control device

For the time being the current models remain available and on the price list to provide customers greater choice.

As always, we will continue to honor the contract terms and conditions as agreed for the period of the contract. If you have any questions, please contact me at 800-732-8999 or [LSBIDS@Lightspeed-tek.com](mailto:LSBIDS@Lightspeed-tek.com).
