

BFGOODRICH® TIRES

A HISTORY OF PERFORMANCE

BFGoodrich® is more than a name. It's a symbol of the passion, hard work and dedication it takes to be a performance pioneer. Something we've been since our inception in 1870 and continue to be through millions of miles and years of victories.

From our first victory at the Indianapolis 500 in 1914 to our 21 consecutive wins at Baja, we've been dominating tracks and terrain. Inspired by decades of proven durability and traction, BFGoodrich® passenger, light truck and truck tires are designed to provide max uptime—to keep you up and running to get the job done, even in challenging conditions.
