Addendum # 1

Bid Opportunity: 19-12R - OFFICE SUPPLIES, PRODUCTS & RELATED SERVICES

This addendum shall modify and become a part of the original Proposal Document. The following clarifications, changes, additions and/or deletions are hereby made part of the Contract Documents for Bid No. 19-12R - OFFICE SUPPLIES, PRODUCTS & RELATED SERVICES

TO ALL PROSPECTIVE BIDDERS:

1. A revised Price Matrix/Proposal Form has been uploaded for use with this solicitation. Proposers should use the revised form when submitting your response.
2. Please note question(s) and/or comment(s) below:

Question 1:

Would you please provide the winning vendor's current pricing specifically for the trash can liners, gloves and waste receptacles?

Answer 1:

The current pricing for trash can liners, gloves and waste receptacles is attached to this addendum.

Question 2:

Based upon previous history, has this been awarded to one vendor or multiple vendors?

Answer 2:

The current Agreement in place was awarded to a single vendor, Office Depot.

Question 3:

Based upon previous history, how many delivery locations are there? Do they all receive gloves and trash liners and waste receptacles?

Answer 3:

The resulting contract from this proposal process will be a national agreement, therefore, we anticipate that some agencies who participate in this Agreement may purchase gloves, trash liners and waste receptacles, but we cannot speak for individual participating agencies. The quantities shown on the Pricing Matrix/Proposal form, however, reflect the most commonly purchased commodities and/or provide for a diverse product mix. Therefore, the quantities shown reflect actual nationwide purchases. The City is asking proposers to provide pricing for a number of diverse areas, including some janitorial and cleaning materials normally used for breakrooms; however, janitorial supplies is not the major scope of this contract.

Question 4:

Based upon previous history, how often are orders placed for the trash can liners, gloves and receptacles? Monthly, quarterly, annually, other? And when an order is placed, what is an approximate case size order?

Answer 4:

As this is a national Agreement, we do not have this information available to us.

Question 5:

Would you please provide the previous shipment label or bill of lading for each trash can liner?

Answer 5:

As this is a national Agreement, we do not have this information available to us.

Question 6:

Would you please provide the size, thickness, case count, case weight for the following items: 1381, 2409, and 672?

Answer 6:

This information is not maintained. Proposers have been instructed to respond based on the OEM item manufacturer and model number when an OEM item is specified. The

successful proposer will be allowed to offer additional items as a part of their final Agreement.

Question 7:

Do all 45 agencies receive deliveries of trash can liners, gloves and receptacles?

Answer 7:

As stated above, the City of Tamarac does not maintain information for individual agencies in the Southeast Florida Cooperative or for agencies utilizing the Omnia Partners national Agreement. The quantities shown in the Pricing Matrix/proposal form reflect the highest quantity items utilized.

Question 8:

May we arrange a sample pickup of the trash can liners being bid? If yes, would you please provide a contact name, number, email and address where the pick-up will take place.

Answer 8:

The City of Tamarac does not purchase trash can liners from the Office Supply Agreement. Therefore, we do not have this information available.

Question 9:

Do you require a gate lift, pallet jack, inside delivery, other at any of the delivery locations?

Answer 9:

This Agreement is for desktop delivery and should factor in any and all costs required to make a desktop delivery of commodities.

Please electronically acknowledge this Addendum No. 1 as part of your proposal response.

Sincerely,

Keith K. Glatz, CPPO
Purchasing & Contracts Manager

Pricing effective 12-03-2018

Addendum #2

Bid Opportunity: 19-12R - OFFICE SUPPLIES, PRODUCTS & RELATED SERVICES

This addendum shall modify and become a part of the original Proposal Document. The following clarifications, changes, additions and/or deletions are hereby made part of the Contract Documents for Bid No. 19-12R - OFFICE SUPPLIES, PRODUCTS & RELATED SERVICES

TO ALL PROSPECTIVE BIDDERS:

Please note question(s) and/or comment(s) below:

Question 1:

Would you please provide the previous vendor and pricing for Item 672, 33916B, AEP 2 Ply 31-33 G 250 CT (and also the case weight (lbs per case), size and color), as well as the previous vendor and pricing for HerX7658QK, Essendant Liner Repro 60 Gal 2ml, as well as the color, size, and case count? Thank you.

Answer 1:

Item 672 was discontinued by the previous vendor (Office Depot), and since the City did not directly purchase this item, we have no record of the pricing or other information regarding this product. Regarding the Essendant Liner Repro 60 Gal 2 ml bag, the current pricing is \$81.59 per carton of 100 black bags that have dimensions of 58"H x 38"W.

Please note that in the event that an item has been discontinued, proposers should follow the instructions provided in Attachment A – PRICE MATRIX, Instructions tab, and provide pricing for an equivalent item. In the event that no equivalent item is available, the proposer may leave that item blank.

Question 2:

Is the spend figure of \$4,240,000 for the City of Tamarac, and the total spend of \$500,000,000 annually correct?

Answer 2:

The spend information shown on page 8 of the proposal document actually reflects the spend by all members of the Southeast Florida Governmental Purchasing Cooperative for

the full four (4) year term of the Agreement. The City of Tamarac spend is included in that figure.

The figure of \$500,000,000 annual aggregate spend value shown for all agencies using the OMNIA Partners Agreement reflects the anticipated estimated aggregate spend for ALL agencies participating in the OMNIA Partners Agreement for the entire nation for the full four (4) year contract term (NOT annually), and assumes anticipated growth in the contract spend by OMNIA Partners member agencies during that period.

There are no further clarifications at this time. Please prepare your proposal response accordingly.

Sincerely,

A handwritten signature in blue ink, appearing to read "Keith K. Glatz".

Addendum #3

Bid Opportunity: 19-12R - OFFICE SUPPLIES, PRODUCTS & RELATED SERVICES

This addendum shall modify and become a part of the original Proposal Document. The following clarifications, changes, additions and/or deletions are hereby made part of the Contract Documents for Bid No. 19-12R - OFFICE SUPPLIES, PRODUCTS & RELATED SERVICES

TO ALL PROSPECTIVE BIDDERS:

Please note question(s) and/or comment(s) below:

Question 1:

“In order to help prepare our response and in conjunction with a *Request for Information* could you please provide a listing of the current users and spend for the existing City of Tamarac Contract (Contract #13-23R awarded by the City of Tamarac)?”

Answer 1:

The aggregate national spend under the current Agreement to date (since April 17, 2018) is \$48,443,764.12. The aggregate spend for the Southeast Florida Governmental Purchasing Cooperative ONLY was reported in Addendum #2 as \$4,240,000, which includes the actual spend by the City of Tamarac as well. The national agency list is owned by Omnia Partners, and the City of Tamarac does not have access to that document. Since Omnia Partners is not a public agency, they have opted not to release that information to the City of Tamarac, therefore the information is not available. However, the participating agencies for the Southeast Florida Governmental Purchasing Cooperative are as follows (Please note that all agencies are located in South Florida):

- | | |
|---|---------------------------------|
| <i>Broward County</i> | <i>City of Coconut Creek</i> |
| <i>Broward County Housing Authority</i> | <i>City of Cooper City</i> |
| <i>Broward County School Board</i> | <i>City of Coral Springs</i> |
| <i>Broward Sheriff's Office</i> | <i>City of Dania Beach</i> |
| <i>Children's Services Council, Palm Beach Cty.</i> | <i>City of Deerfield Beach</i> |
| <i>City of Aventura</i> | <i>City of Fort Lauderdale</i> |
| <i>City of Boca Raton</i> | <i>City of Greenacres</i> |
| <i>City of Boynton Beach</i> | <i>City of Hallandale Beach</i> |

City of Hollywood
City of Lauderdale Lakes
City of Lauderhill
City of Lighthouse Point
City of Margate
City of Miami
City of Miami Beach
City of Miami Gardens
City of Miramar
City of North Lauderdale
City of North Miami
City of North Miami Beach
City of Oakland Park
City of Parkland
City of Pembroke Pines

Village of Wellington

Please note that the deadline for questions has now passed. There are no further clarifications. Please prepare your proposal response accordingly.

Sincerely,

Keith K. Glatz, CPPO
Purchasing and Contracts Manager

April 10, 2019

Addendum #4

Bid Opportunity: 19-12R - OFFICE SUPPLIES, PRODUCTS & RELATED SERVICES

This addendum shall modify and become a part of the original Proposal Document. The following clarifications, changes, additions and/or deletions are hereby made part of the Contract Documents for Bid No. 19-12R - OFFICE SUPPLIES, PRODUCTS & RELATED SERVICES

TO ALL PROSPECTIVE BIDDERS:

Please note question(s) and/or comment(s) below:

Question 1:

“Could you please provide a listing of rebates received by the City of Tamarac under the existing contract for 2018/2019? Also a breakdown of the rebate per entity rather than a lump sum.”

Answer 1:

The current Agreement does not include any rebates. The City and the Southeast Florida Governmental Purchasing Cooperative, at the time of the original award, requested that no rebates be granted for this Agreement in favor of removing any overhead costs for rebates from the contract pricing to receive the lowest possible pricing. Accordingly the response to the question is that there were \$0.00 paid for rebates by the current contractor under the existing agreement.

This does not, however, negate the Scope of Work, Section 6 “REBATE PROGRAM”, which provides that firms submitting a proposal may propose a rebate program as an option.”

PLEASE NOTE, AS STATED IN ADDENDUM 3, that the deadline for questions has now passed and proposers should now prepare your proposal response accordingly. Please remember to submit your response electronically through our Bids and Tenders portal.

Sincerely,

Keith K. Glatz, CPPO
Purchasing and Contracts Manager

April 15, 2019

Addendum #5

Bid Opportunity: 19-12R - OFFICE SUPPLIES, PRODUCTS & RELATED SERVICES

This addendum shall modify and become a part of the original Proposal Document. The following clarifications, changes, additions and/or deletions are hereby made part of the Contract Documents for Bid No. 19-12R - OFFICE SUPPLIES, PRODUCTS & RELATED SERVICES

TO ALL PROSPECTIVE BIDDERS:

Please note question(s) and/or comment(s) below:

The Proposal Closing Date and Time have been changed as follows:

Proposals are now due no later than:

April 25, 2019 at 4:30 P.M. E.D.T.

Please respond accordingly.

Sincerely,

A handwritten signature in blue ink, appearing to read "Keith K. Glatz".

April 22, 2019

Addendum #6

Bid Opportunity: 19-12R - OFFICE SUPPLIES, PRODUCTS & RELATED SERVICES

This addendum shall modify and become a part of the original Proposal Document. The following clarifications, changes, additions and/or deletions are hereby made part of the Contract Documents for Bid No. 19-12R - OFFICE SUPPLIES, PRODUCTS & RELATED SERVICES

TO ALL PROSPECTIVE BIDDERS:

THE PROPOSAL DUE DATE AND TIME IS NOW MAY 9, 2019 AT 3:00 P.M. E.D.T.

THE QUESTION/CLARIFICATION DEADLINE IS NOW APRIL 25, 2019 AT 12:00 NOON.

ALL QUESTIONS/CLARIFICATIONS MUST BE SUBMITTED ELECTRONICALLY THROUGH THE BIDS AND TENDERS PORTAL. QUESTIONS/CLARIFICATIONS NOT SUBMITTED THROUGH THIS PORTAL WILL BE REJECTED AND UNANSWERED.

NO QUESTIONS/CLARIFICATIONS WILL BE ANSWERED AFTER THE DEADLINE FOR QUESTIONS/CLARIFICATIONS HAS BEEN CLOSED ON APRIL 25, 2019.

Please note question(s), clarification(s) and/or comment(s) below:

Question 1

“Does this contract require that the supplier that’s awarded the HP/Lexmark SKUs be an authorized manufacture’s dealer?”

Answer 1:

Specifically, for HP/Lexmark SKU’s, the City requires that the firm must be an authorized manufacturer’s dealer for these products. Proposers are encouraged to provide documentation verifying that they are authorized manufacturer’s dealers for this and other OEM products as may be applicable. Additionally, for other OEM SKU’s included in this proposal, any vendor responding to this proposal, or any sub-contractor working on behalf of a primary vendor may, at the City’s request, be required to provide written documentation that their firm, or any sub-contractor that they may utilize to supply product for orders under this Agreement, must be a manufacturer’s authorized dealer for the requested OEM product or products. Failure to provide such written evidence within two (2) business days of the City’s request, may result in disqualification of the vendor’s proposal.

Question 2

“The award evaluation process seems very vague. The bid document states that ‘The City reserves the right to award the response on a split order basis, lump sum or individual item basis unless otherwise stated, whichever is in the best interest of the City.’ Will *lowest price* alone be the determining factor for award?”

Answer 2

Price is not the lone determining factor, as the City is utilizing a Request for Proposal process. Besides Pricing, there is also a component for “Quality and Availability of Services”, which is designed to measure the quality of the response itself, and the various services offered by the proposer. These components will be evaluated based on responses to the “Questionnaire” which begins on page 29 of the RFP document. Pricing and Quality and Availability of Services, will be equally ranked (each is 50% of the total ranking).

Question 3

Since there isn’t an established [Broward] County [Florida] Business Enterprise (CBE) goal on this project, please describe the measures that will be taken to ensure qualified small and minority businesses and women's business enterprises are permitted to participate. (<http://www.broward.org/EconDev/SmallBusiness/Pages/Certification.aspx> provides specific components of the Broward County plan.)

Answer 3

The questioner is specifically referring to the requirements of the Broward County, Florida Business Enterprise small business and disadvantaged business program. Broward County has set specific participation goals as a part of their program; however, the Broward County program is indicative of other small business goal-based programs across the nation.

*The City's requirements are outlined in Scope of Work/Specifications Section 13, "Sustainability Programs" where the numbering for the section paragraphs that read 8.4 and 8.5 shall be changed to now read 13.1 and 13.2 respectively. The City **requires** the Proposer to provide a sustainability program to encourage the participation of Minority owned businesses, Women's business enterprises, Veteran owned businesses, firms in labor surplus areas and other Disadvantaged Businesses as a part of their final contract requirements. Please add Small Business Enterprises (SBE) to this requirement as well.*

The City is not stating a specific numeric goal to be met for the utilization of these classes of business; however, proposers must respond to question 33, on page 32, and each proposer shall provide their own information and plan related to any goals that they may propose, which shall also include small business entities (SBE) as well as how they plan to utilize these types of businesses in the above listed classes as a part of their final contract across the nation.

*Primary vendors under this Agreement will be **strongly** encouraged to use firms that fall into the above enumerated business classes. As part of the "Quality and Availability of Services" criteria, the Evaluation Committee will be considering the viability of each proposer's Sustainability plan when evaluating proposals. Failure to offer a pro-active sustainability plan which utilizes each of these business types may result in lower evaluation scores, as well as potential rejection of your proposal.*

Question 4

"Section 2.1 of the bid document states, "Offerors shall provide pricing based on a discount from a verifiable price list or catalog, or fixed price, or a combination of both with indefinite quantities." Big box stores have internal controls over price lists for their own private label products. Therefore, they have the ability to offer what appear to be deeper discounts on private label items. Most small businesses, on the other hand, do not carry their own private label products therefore, the MSRP on comparable generic products is fixed and out of their control. This poses a significant limitation to small business offerors and the discount levels they are able to offer to win. Please explain how the discounts will be evaluated especially on Non-core products."

Answer 4

First, please be aware that the final Agreement may be used by agencies on a national level (across the United States of America). The Evaluation Committee will review pricing and discounts submitted to attempt to identify pricing which appears to be out-of-line.

For exemplary purposes only: if a firm has a list price of \$60 for a case of specialized paper, and provide a discount of 50% (final item price of \$30) while a competing firm

provides the same brand and type of paper for a list price of \$20, but is only discounted at 5%, final item price of \$19 the higher price of \$60, NOT considering any discounts, will be considered as "unbalanced" if this level of pricing appears to be inconsistent with pricing commonly available in the marketplace. This requirement is already stated in the Standard Terms and Conditions, section 15. "Unbalanced Proposals". Proposals with evidence of unbalanced proposal pricing may be rejected.

Sincerely,

Keith K. Glatz, CPPO
Purchasing and Contracts Manager

April 25, 2019

Addendum #7

Bid Opportunity: 19-12R - OFFICE SUPPLIES, PRODUCTS & RELATED SERVICES

This addendum shall modify and become a part of the original Proposal Document. The following clarifications, changes, additions and/or deletions are hereby made part of the Contract Documents for Bid No. 19-12R - OFFICE SUPPLIES, PRODUCTS & RELATED SERVICES.

TO ALL PROSPECTIVE BIDDERS:

Please note question(s) and/or comment(s) below:

Question 1:

On Addendum #6, Regarding question 3 and the City's response: It is our understanding that the award resulting from this solicitation will be for a national contract used by many different public sector agencies each of which may have different sustainability and diversity needs. In addition, they may require different certifications which may include varying local or state geographic requirements. Is it acceptable to respond to this solicitation with a single national program that allows for flexibility at the individual agency level in meeting their sustainability and diversity needs?

Answer 1:

As stated in the question, this solicitation will be for a national contract used by many public sector agencies, each with their own specific sustainability requirements. It is acceptable to respond to this solicitation with a single national program that allows for flexibility at the individual agency level in meeting each agency's sustainability and diversity needs; however, proposers shall be required to still address how their programs will meet those needs as enumerated in Scope of Work/Specifications Section 13 "Sustainability Programs" as amended by Addendum #6. Such programs must be made available to any using agency across the nation, and the City understands that there will be variations on how these programs may be carried-out in various regions around the nation due to individual agency or regional concerns.

Question 2:

Addendum #6, Regarding question 4 and the City's response: The solicitation contains a Core List and a Market Basket to be completed as part of a vendor's bid submission. The City's response to question 4 appears to infer that the primary method of price evaluation will be the vendor's discount percentage. If the City is only using the discount percentage as

their evaluation method, what is the purpose of the Core List and Market Basket in the solicitation?

Answer 2:

The Scope of Work/Specifications Section 2 “Discounted Pricing Requirements – Pricing Matrix”, paragraph 2.2 defines the Core List and Market Basket as follows:

‘The pricing matrix for core, or high use items, is based on the highest quantity, most commonly used items on the current City of Tamarac contract available through Omnia Partners. The Market Basket items reflect additional items from various diverse categories of items which the City and Omnia Partners wish to make available to agencies on the final Agreement. The purpose of the Market Basket is allow the City to evaluate the proposer’s non-core pricing.’

The Market Basket allows the City to evaluate the net sell price, and not just the discount percentage. Proposers are required to provide their list price, the discount and the final net sell price for both Core List and Market Basket items as part of their Pricing Matrix submittal. The City will evaluate the Market Basket List pricing as part of the overall evaluation process in order to ensure that proposers are providing overall balanced pricing to the City.

THE VENDOR QUESTION PERIOD IS NOW CLOSED. THE CITY WILL NOT ACCEPT ANY FURTHER QUESTIONS. GOOD LUCK TO ALL PROPOSERS!

Sincerely,

Keith K. Glatz, CPPO
Purchasing and Contracts Manager
