

Business continuity & backup

to help protect your vital information

Take steps to help keep your critical data safe and secure in the event of a disaster, cyber attack, hardware failure or virus.

Keep your agency moving forward

When creating an agency continuity plan, it's important to take both on-site and off-site backup into consideration. Office Depot® provides a simple, secure, and automatic method for on-site and off-site data storage to keep your agency functional and minimize costly downtime if disaster strikes.

- Quickly recover from hardware failures, viruses or accidental deletion
- Data is backed up to an on-site storage device
- Data is encrypted and copied to dual secure off-site locations (U.S. east and west coast)
- Files can quickly be restored in the event of accidental deletion
- Overnight hardware replacement allows quick data recovery from hardware failure

There's never been a better time to connect with Office Depot®.
