

# Managed security services to help prevent data leaks

*Devastating data breaches and security lapses happen every day. Don't put your agency or your confidential documents at risk.*

## Minimize your risk exposure

At Office Depot, our Managed Security Solutions are structured to help prevent data security leaks and increase your data protection. Our goal is to manage the vast data security challenges and issues that your agency faces on a daily basis, both internally and externally.

- Secure all data transfers by monitoring every step of every user, on every workstation
- Block, limit and monitor all data transfer activity over USB, FTP or Email. Control who, what and how much is allowed to transfer
- Get anti-virus protection, updates and monitoring
- Get detailed reports on users or workstations in order to find out exactly what documents or files are copied on external devices
- Set alarms on specific conditions, including number of copied files or data, data volume or specific file names
- Improve efficiency and reduce costs by leveraging support automation technology to restructure your in-house staff and process.
- Competitively solicited and publicly awarded Region 4 ESC Cooperative contract R160204.
