Help every child achieve. Help yourself to savings.

Purchasing your Special Needs supplies through the School Specialty/OMNIA Partners national contract gives you access to our broad and deep assortment of best-in-class products and brands. Names you trust and recognize, all focused on improving learning outcomes. Choose the best Special Needs products for your school or district, spend less time ordering, and spend less money - all through your OMNIA Partners contract. Add in our value-added items like Professional Development, free freight or a growth rebate, and there’s no reason to create a bid — just shop through your OMNIA Partners contract for all your Special Needs supply needs.
Meet the needs of every student.

We believe every student deserves to experience the satisfaction of achievement. That’s why everything we offer, including our Abilitations® brand specifically tailored to students with special needs, are designed to position your kids for success.

### SENSORY PROCESSING

Children with sensory processing issues face daily challenges with being over or under responsive to sensory input. Help students with sensory processing disorders with focus, attention and behavior.

- **ABILITATIONS® WEIGHTED SLOTH**
  This cuddly companion is a great way to decrease anxiety and fidgeting and increase comfort and focus.

- **CHEWIGEM CHEW NECKLACE DOG TAGS**
  Soft and flexible with a matte effect. Dog Tags come two each on a rugged break-away cord. Designed for mild chewers.

- **EXPERIA USA CALMING PORTABLE SENSORY CORNER**
  This unit offers a comfortable place to sit while the fiber optic strands and bubble tube provide great visual effects.

### FINE AND GROSS MOTOR SKILLS

Every student deserves to feel the joy of accomplishment. The right resources can help support the development of gross and fine motor skills for all your neurodiverse learners.

- **ABILITATIONS® ABILIGRIP HAND GRIPS**
  Enable children with motor difficulty or a weak grip to hold just about any object. Grips hold pencils, paintbrushes, utensils and more.

- **PULL-BOUY CONNECT-A-SCOOTERS**
  Molded from polyethylene with economy steel framed composite casters. Features interlocking tongue and grove for connecting scooters.

### SOCIAL AND EMOTIONAL LEARNING

Social and emotional learning (SEL) is essential to create environments where students feel safe and confident to explore, grow, and succeed.

- **CHILDREN’S FACTORY EMOTION CUSHIONS**
  Children can learn about their emotions and feelings with these cushions. Includes happy, sad, angry, and surprised.

- **PUNKINFUTZ PUNKINHUG COMPRESSION VEST**
  Only fully breathable vest that provides a deep compression while also delivering endless creative play options.
