

SHOW PESTS YOU MEAN BUSINESS - ON A NATIONAL SCALE

Pest control is a serious matter for every business – and it poses extra logistical challenges for those with a national footprint. You need a team that understands the complexities your commercial business can face in addressing varied pest pressures and a large portfolio of locations across the country.

Enter the Terminix Commercial® National Accounts team.

Comprised of pest control experts dedicated to providing national, commercial pest control across various industries, this specialized team has developed a consistent program, best practices and a seamless account management model to ensure your pest control needs are understood and met – no matter the location.

WHAT NATIONAL PRESENCE MEANS FOR YOUR BUSINESS

- Customized professional services - with high-level, uniform practices and standards
- Treatments that fit the needs of various locations - because the pests you face on the east coast may not be the same pests on the west coast (or anywhere in between)
- Pest control professionals with experience providing consistent service to large, multi-location businesses across multiple industries – from our sales managers to our customer service representatives
 - Account support aligned by industry and educated in the pest control needs of customers just like you
 - Dedicated National Account Executive oversees your business and engages quality and operations support as needed for larger portfolio customers
 - Access to a team of Customer Service Representatives focused on your industry via a direct phone line
 - 24 / 7 / 365 accessible to dispatch requests - regardless of the location, our team is always available to deploy quickly for emergency pest service needs
- Regionally-based Quality Assurance and Field Operations teams provide support and ensure consistent service delivery for all your locations
