Prior to releasing the proposals to the committee, I conducted an initial review of the proposals to ensure that all requested information had been submitted. As a result, all proposals were deemed eligible for the committee's review. The committee is charged with the final determination of acceptability.

On August 1, 2017, I met with the evaluation committee and discussed the role of the committee and the evaluation process. Each committee member received a copy of the City's Guidelines for Evaluation, the evaluation criteria and copies of the proposals.

On August 08, 2017, the committee reconvened to discuss the relative strengths and weaknesses of the proposals with regard to the evaluation criteria set forth in the solicitation. As a result, it was decided that some clarifications were needed from Toter. As such, requests for clarification were sent to each Vendor, and responses were received by their due dates.

On August 23, 2017, the committee reconvened, and after discussing all of the proposals, the committee members individually scored and ranked the proposals. The committee members' rankings were totaled to arrive at an overall ranking. As a result, the committee recommended entering into exclusive negotiations with the top-ranked offeror with the intent of proceeding to contract award upon successful completion of negotiations:

On October 09, 2017, after negotiating for several weeks, a signed Summary of Negotiated Items, related to the Price Adjustment Clause, was received from Toter.
