

US FOODS® UNPRONOUNCEABLES LIST™

Not all ingredients are created equal. Those ingredients and food additives listed below make up what we call the US Foods Unpronounceables List. Our entire line of Metro Deli®, Rykoff Sexton®, Chef's Line® and Stock Yards®* products will be produced with clean-label profiles, without any ingredient found on the Unpronounceables List. We will continue to update our Unpronounceables List, which will include, but will not be limited to, the ingredients below.

*Does not include product marketed and sold by third party licensees.

VERSION 1.0 (as of July 2018)

Ace-K	Mechanically separated meat
Ammonium chloride	Methyl silicon
Artificial color (certified FD&C colors)	Methylparaben
Artificial flavor	Microparticularized whey protein-derived fat substitute
Aspartame	Monosodium glutamate (MSG) – added, not naturally occurring
Autolyzed yeast extract	Natamycin
Azodicarbonamide	Nitrates and nitrites – added, not naturally occurring
Benzoyl peroxide	Oxystearin
BHA	Parabens
BHT	Polydextrose
Bleached flour	Polysorbate 20, 40, 50, 60, 65 and 80
Bromated flour	Potassium benzoate
Brominated vegetable oil [BVO]	Potassium bisulfite
Calcium bromate	Potassium bromate
Calcium disodium EDTA	Potassium metabisulfite
Calcium peroxide	Potassium sorbate
Calcium propionate	Propyl gallate
Calcium saccharin	Propylene glycol
Calcium sorbate	Propylparaben
Calcium stearoyl-2-lactylate	Saccharin
Calcium sulfate	Silicon dioxide
Caprocapylobehinin	Sodium benzoates
Carmine (cochineal extract)	Sodium bisulfite
FD&C colors	Sodium diacetate
Cyclamates	Sodium glutamate
Cystein	Sodium hydroxide
Datem	Sodium propionate
Dimethylpolysiloxane	Sodium stearoyl-2-lactylate
Diocetyl sodium sulfosuccinate	Sodium tripolyphosphate
Disodium calcium EDTA	Stannous chloride
Disodium dihydrogen EDTA	Sucralose
Disodium guanylate (GMP)	Sucroglycerides
Disodium inosinate (IMP)	Sucrose polyester
EDTA	Added sulfites (except vinegar and wine)
Ethoxyquin	Tartrazine
Ethylene oxide	Tertiary butylhydroquinone (TBHQ)
Hexa-, hepta- and octa-esters of sucrose	Tetrasodium EDTA
High-fructose corn syrup (HFCS)	Titanium dioxide
Hydrogenated oil	Vanillin
Hydrolyzed vegetable protein
