Subject: Request to update contract

Wesco Distribution, Inc. requests to add a list of additional product line to our existing contract R192008.

Wesco would like to update our contract to add the solution Conference Room as a Service (CRS). A/V Products are now more widely available following our acquisition of Anixter and are being added to provide a broader range of items in our MRO category. This addition is specific to "Conference Room as a Service". A subscription model that includes all required hardware and provides a support help desk for equipment troubleshooting and advanced replacement. This subscription-based offering combines procurement, management, and monitoring of audio-visual conference room equipment into a single, easy to manage portal. Pricing is based on various size and solutions to create the subscription and will be an agreed upon subscription between Wesco and the OMNIA Partners member.
