

A platform and ecosystem to make the right technology decisions faster.

Every company that embarks on digital transformation experiences significant headwinds. Our ATC Platform is a strategic resource to combat those challenges – a technology playground that mitigates the risk inherent in solving complex business challenges with even more complex technology solutions. Don't just think it will work. Know it will.

 Hands-on, on-demand experience	 Real-world insights and research	 Practical and actionable guidance	 Compare, contrast and validate	 Strategy, expertise and training
\$500m+ Infrastructure investment	20,000+ VMs in ATC cloud	100+ OEM partner ecosystem	500+ Rack capacity	5,000+ Customer engagements

Outcomes and benefits

Accelerate decision making

Bypass a chaotic technology landscape and quickly come to smart conclusions with practical tutorials, actionable insights and objective expertise.

Continuous education and skill acquisition

Level up with on-demand labs that focus on the latest tech advancement, browse learning opportunities with industry leaders and collaborate with WWT technology experts.

Mitigate risk

Test drive solutions before they're put into production. Validate solutions in a safe environment to ensure they'll work as intended once deployed.

Speed and agility

Conquer the speed and complexity of technology by combining the worlds of strategy and execution, and business and technology to more quickly deploy complex IT solutions.
