

Introducing **SimplifyVMS Mobile**, the industry's newest, most technologically advanced, native VMS app for iPhone and Android. By using **SimplifyVMS Mobile**, hiring managers, workers, and suppliers can leverage the power of our next generation VMS' capabilities, all from within the palm of their hand.

### Native Apps for iOS and Android

**SimplifyVMS Mobile** was designed to provide an optimized native mobile app experience that offers separately built platforms for both Android and Apple to enhance app performance, security, and user experience.

### Manager, Supplier, and Worker Apps

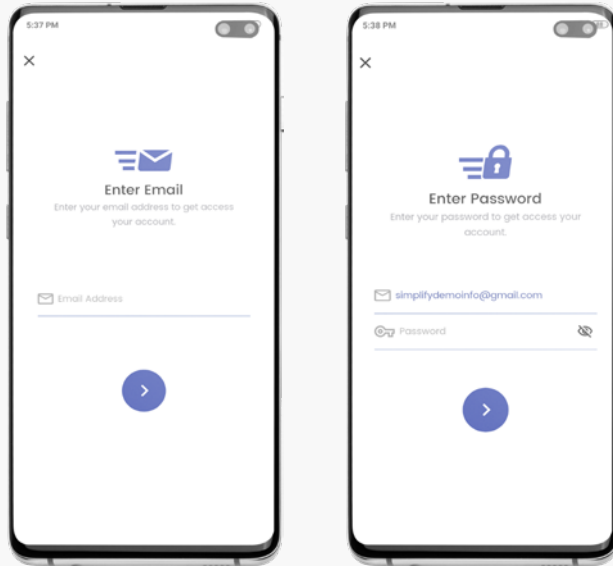

Hiring managers, suppliers, and workers are able to carry out all of the same functions as the desktop version of the app, directly from their iPhone or Android devices.

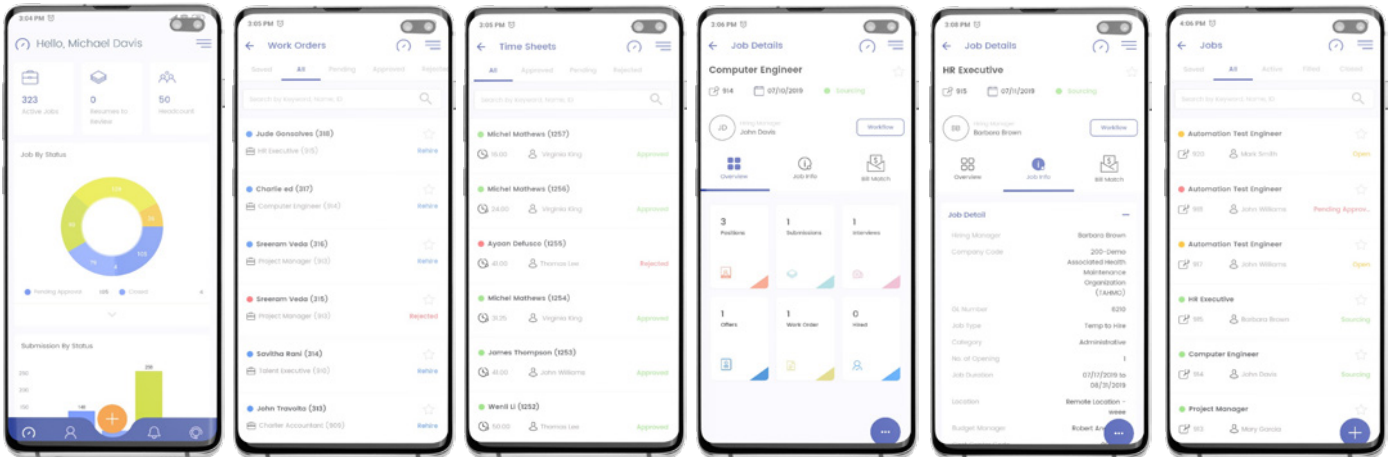

### An Advanced Mobile Experience

All of the functionality, and some unique features like voice commands, of **SimplifyVMS** are available to you in mobile form through the newest and most customer-centric tech stack in the VMS market.
