

PREVENTING COMMUNICABLE DISEASES

From colds and flu to pandemic events, Grainger can help you prepare for and manage the spread of communicable diseases. Prevention is at the center of any effective plan to help keep people healthy and safe.

PREPARE

- Wash hands often with soap and water • Use alcohol-based cleaners if soap and water are unavailable • Cover coughs/sneezes with tissues, and dispose of tissues promptly • Avoid touching your eyes, nose or mouth • Avoid close contact with sick people • When sick, stay home and limit contact with others

 Hand Soaps	 Hand Sanitizers	 Hands Free Soap Dispensers	 Hand Free Towel Dispensers	 Tissues	 Hands Free Wash Fountains
 Touchless Faucets	 Hands Free Drinking Fountains				

RESPOND

- Wipe surfaces with a disinfectant to help prevent the spread of cold and flu viruses • Help destroy the flu virus with heat (167-212°F [75-100°C])

 Bleach and Disinfectants	 Disinfectant Wipes	 Rags and Wipes	 Disposable Gloves	 Disposable Respirators	 Medicinals
 Emergency Prep Kits	 Thermometers				

PANDEMIC DISEASES PREVENTION

- The Center for Disease Control (CDC) defines a pandemic as a global disease outbreak • The CDC classifies a flu pandemic as an outbreak of a new influenza virus that humans have little or no immunity to and that has no vaccine • This new type of virus has the potential to cause serious illness and spread globally

 Disposable Respirators	 Protective Clothing	 Biohazard Cleaning Supplies	 Hand Sanitizers	 Disposable Barrier Gowns	 Face Shields
 Protective Goggles	 Disposable Gloves	 Shoe and Boot Covers	 Emergency Cots and Beds	 Blood and Virus Protection Kits	 Hazardous Waste Bags
 Rags and Wipes	 Negative Air Machines	 ISOLATION Isolation Equipment	 Medical Surge Patient Care Kits	 Shelter Operations
