

QuestMark's QM CSD and CSD+

Clean, sanitize and disinfect systems with ProKure V

QM CSD will use autoscrubbers with the appropriate pads and approved cleaners to remove all organic matter first. After everything is cleaned, ProKure V will be used to sanitize and disinfect the surface.

QM CSD+ is everything included in QM CSD plus it incorporates an additional step of burnishing (polish) the floor with approved diamond impregnated pads. QM CSD+ not only cleans, sanitizes and disinfects your floors but it also brings back the shine.

ProKure V is a 3-part chlorine dioxide sanitation and disinfection system for use on floors including resinous, hard surface and polished concrete.

This product is a:

- virucide
- fungicide
- algacide
- deodorizer
- disinfectant
- sanitizer

This system consists of:

1. A patented water-activated pouch technology
2. Containers and applicators for efficient application of product
3. Safety protocols including safety guidelines

Chlorine Dioxide (ClO₂), a liquid disinfectant and deodorizer, provides you with the following benefits:

- No harmful residuals - safe for people, pets and materials
- Suitable for LEED properties
- Cost-effective
- Ecologically advanced - no wiping, rinsing or residue
- EPA registered deodorizer and disinfectant
- Hospital-type disinfectant with over 30 pathogen claims
- Used to sanitize and disinfect from the following:
 - MRSA
 - Influenza
 - Norovirus
 - Coronavirus

How ClO₂ works:

- Cell Disruptor - works by destroying the cell wall and kills molecule or bacteria
- Kills from the outside in - killing harmful bacteria more quickly and efficiently, reducing chance for resistance
- Breaks down into saltwater, turning into a product safe for contact with employees and customers

Virucide against:

- Coronavirus
- Influenza A - virus
- Poliovirus
- Vaccinia Virus
- Norovirus

Disinfectant and sanitizer against:

- Staphylococcus
- Salmonella
- Listeria

Uses:

- Floors
- Door handles
- Restrooms
- Breakrooms
- Light switches
- Food surfaces

How QM CSD can help you

We have three different QM CSD Systems for our customers:

1. We will clean, sanitize and disinfect your floor at \$.20/square foot if 5,000 square feet or larger. If under 5,000 square feet, an additional charge for mobilization will apply.
2. For \$65/hour, we will clean, sanitize and disinfect your high-touch areas including racking, coolers, restrooms, door handles and floors.
3. As a thank-you for your business, if you currently have an open job with us or commit to your project this March, we will clean, sanitize and disinfect your floor at no cost.

Our QuestMark crews are taking extra precautions to ensure the safety of your employees and our associates during this time. This includes:

- Daily tool box talks covering personal hygiene requirements.
- Heightened cleaning and disinfecting procedures of tools passed between associates.
- Keeping a six foot distance when interacting with customers.
- Open communication with our customers over any questions or concerns.
- Continue to monitor information from the CDC (Center for Disease Control), WHO (World Health Organization) and federal, state and local governments regarding recommended precautions.

QuestMark will be donating 5% of revenue to the CDC Foundation for Coronavirus Aid from all jobs sold by April 30, 2020.

Rest easy knowing that we've got you covered. No matter what, our number one goal is to keep your facility safe. Let us worry about your floors - you've got bigger things to focus on.
