

PARTNER WITH CDW-G AND NATIONAL IPA

FOR TECHNOLOGY SOLUTIONS

CDW-G is excited to offer technology solutions through the National IPA cooperative agreement.

CDW-G provides participants with:

A dedicated account team that leads the industry in public-sector customer service and product knowledge. Your dedicated CDW-G account team is accessible by phone, email and the web.

A wide breadth of products from over 1,000 leading brand-name manufacturers. There are more than 100,000 products available on contract from manufacturers such as APC, Cisco, Epson, HP and NetApp.

Priority consulting from over 800 pre-sales engineers covering all technology disciplines (network security, data storage/disaster recovery, wireless, power and cooling, and more). Engineering resources can be tailored to your specific project and needs.

Competitively solicited and publicly awarded contracts (#R5106 and #130733) to give you the best pricing on your technology needs.

Deep relationships and resources with many of the top manufacturer partners including APC, HP, HPE, Cisco, belkin, IBM and more. This enables CDW-G to provide the premium guidance and competitive pricing on the technology solutions that you need.

A full-featured website that is fully integrated within your e-Procurement system. Access the CDW-G catalog with contract pricing by visiting CDWG.com/NationalIPA.

Included in this contract are selections from industry-leading providers such as Lenovo, Microsoft and Acer as well as our full catalog.
