## OUR VALUE

SitOnIt Seating is where high-end style meets high-comfort ergonomics—discover premium seating solutions at a fraction of the price.

## WE LOVE OUR CUSTOMERS

Our outstanding customer service team takes care of you from start to finish! You'll always have support before, during and after each sale.

## WORLD-CLASS DESIGN

Our in-house design team defies the notion that engineers are strictly analytical and designers only artistic. We've intentionally recruited creatively inclined engineers and structurally sound designers to thoughtfully craft chairs that look *and* feel great.

## ENDLESS CUSTOM OPTIONS

Executive, conference, task, multi-purpose and lobby—explore all of our customizable collections using our online Chairbuilder tool.

## 2, 5 or 10-DAY SHIPPING

Thanks to our nimble size and lean manufacturing operation, our shipping speed is unmatched in the industry.

## INSPIRE COLLABORATION

Design an environment that fosters creative energy with bright colors and intuitive ergonomics.

# WHY CHOOSE US?

## TESTED & APPROVED

We put ourselves through the ringer (so you don't have to). Rest assured that our products have been tested for quality control, strength and durability.

### HOW TO PURCHASE

SitOnIt Seating is proud to offer two competitively solicited and publicly awarded cooperative contracts available through National IPA. Visit [www.nationalipa.org](http://www.nationalipa.org) for more information.

### ANSI/BIFMA CERTIFIED

SitOnIt Seating and IDEON are members of the Business and Institutional Furniture Manufacturer's Association (BIFMA). Tests developed by BIFMA are approved by the American National Standards Institute (ANSI) to determine the strength and durability of seating. Although testing is not a warranty or guarantee, our products meet or exceed BIFMA and ANSI standards.

### HEAVYWEIGHT CHAMPIONS

We use rigorous standards that test for arm and leg strength, overall load and impact. Our Heavy Duty chairs have a 350 lb. weight capacity and bariatric models are rated to 500 lbs. and 1,000 lbs. Bariatric models are available in 30" and 42" widths with additional seat foam, steel reinforcement and extra-large casters with 25% more weight capacity. IDEON club chairs, settees and sofas are rated to 250, 500 and 750 lbs. respectively.

### BUILT TO LAST

The unique IDEON steel rail system\* creates a robust, durable understructure that withstands even the toughest environments. The arms are anchored by a high performance molded joint system that provides long-lasting stability. The modular assembly of rails and components makes field replacement of our components simple, ultimately extending the life of the product.

## SUSTAINABLE DESIGN

We make it easy to go green. Design an eco-friendly room from the ground up or upgrade an existing space to meet the latest environmental standards.

### LEED CERTIFIED

Earn points toward LEED certification thanks to our US manufacturing location and our use of recycled materials where possible.

### GREENGUARD CERTIFIED

All SitOnIt Seating and IDEON products met the rigorous criteria required by Greenguard Gold in accordance with the Collaborative for High Performance Schools.

### LEVEL CERTIFIED

We've worked to achieve BIFMA level® certification for all SitOnIt Seating and IDEON seating products.

### WE DID OUR HOMEWORK

Download detailed documents that break down the percentage of recycling content, manufacturing process and indoor air emissions for every chair we make.

## ENDLESS CUSTOM OPTIONS

Developed by world-renowned designers and engineers, all of our collections are customizable from top to bottom.

### FIND YOUR HUE

With thousands of textiles, COM options, frame accents and finishes to choose from, you can mix and match to your heart's content—whether you're enhancing school colors or just in the mood to be creative!

### PERFECTION IS POSSIBLE

Our accurate fabric matching ensures that patterns will line up perfectly—even with replacement upholstery parts ordered years later!

### SAFETY FIRST

We make it easy for designers and buyers to put safety first. Since fire safety is a top priority for many facilities, we offer CAL 133 models for every collection, COM fabric approval service and a 10-day turnaround all at an extremely competitive pricepoint.
