EXPERIENCED ★ FOCUSED ★ TRUSTED

INTRODUCING THE ARBITRATOR BODY WORN CAMERA—THE NEXT GENERATION IN CONCRETE EVIDENCE CAPTURE.

Built on Panasonic's tradition of video surveillance excellence for law enforcement, the NEW Arbitrator® Body Worn Camera takes evidence collection to the next level. Constructed with a single or two-piece design, the Arbitrator Body Worn Camera is lightweight and IP54-rated to provide officers with a better way to capture unbiased, tamper-proof video in nearly any condition.

Recording evidence in 720p HD, the Arbitrator Body Worn Camera provides the video clarity needed to accelerate convictions in court, and seamlessly integrates with Panasonic's SafeServ™ Evidence Management Software. By cultivating video evidence from the Arbitrator Body Worn Camera in unison with Arbitrator in-car video systems and Panasonic fixed-surveillance cameras, law enforcement agencies can now depend on a unified evidence management platform to preserve every link in the chain of evidence. Plus, with flexible storage options, evidence can be stored locally, through the cloud or using a hybrid of both, to help control TCO and fit into any agency's needs.
