

## Request for Vendor Contract Update

Pursuant to the terms of your awarded vendor contract, all vendors must notify and receive approval from Region 4/TCPN when there is an update in the contract. No request will be officially approved without the prior authorization of Region 4. Region 4 reserves the right to accept or reject any request.

School Specialty, Inc. hereby provides notice of the following update to  
(Vendor Name)

**TCPN contract number: R141608 for School Supplies on this date March 13, 2018.**

**Instructions:** Vendors must check all that may apply and shall provide supporting documentation. Place your initials next to each item to confirm that documents are indeed included. Request received without supporting documentation will be returned. Be sure to sign prior to submitting your update for approval. **This form is not intended for use if there is a material change in operations, which may adversely affect members, i.e. assignment, bankruptcy, change of ownership, merger, etc. Please contact a member of the TCPN Contracting Team to request a "Notice of Material Change to Vendor Contract" form.**

**RE: Request for Vendor Contract Update for Region 4 ESC  
Contract R141608 School Supplies,**

Mr. Zingelmann,

School Specialty is the home of the 21<sup>st</sup> Century Safe School. We bring the right products and services, guided by the educationally-specific expertise and professional development, that purposefully integrates them together, to create a learning environment where students are physically, socially, emotionally and mentally safe. From this engagement comes improved student outcomes that make districts better, improving their relationships with all their constituencies: students, parents, teachers and their community.

In addition to creating these spaces School Specialty resources can work for you to find the funding to help create these environments and the training to aid teachers in making best use of them.

School Specialty has demonstrated this expertise in a variety of classroom make-overs, done throughout the country, where these products, services and professional development are brought together by our experts to create classrooms where students feel confident to explore and learn.

The key building blocks of the 21<sup>st</sup> Century Safe School, the product, services and our expertise, are already encompassed in the scope of our existing NIPA contract. We can bundle these contractually approved components together to offer members a complete, turn-key solution based on a joint level of discovery and assessment.

School Specialty would like to add our 21<sup>st</sup> Century Safe School concept as a value add to our existing contracts. Details around the services are attached for your review. This is an evolving opportunity and School Specialty reserves the right to add additional information to this offer.

Thank you for partnering with School Specialty and SSI Guardian. We look forward to providing service to your members with our product offering.

Sincerely,

A handwritten signature in cursive script that reads "Amy Fuss".

Amy Fuss  
Assistant Secretary

# SSI 21st Century Safe School

We recognize that a sound education cannot exist without a secure environment that fosters a passion for learning. As the industry leader providing innovative educational solutions for the past 58 years, School Specialty has created a **21st Century Safe School**.

Our mission is to share our experience and partner with you to design and implement safe, effective, modern-learning environments, which cultivate communication, critical thinking, collaboration, creativity, and inclusion. With hands-on learning and technology we can address the emotional, social, physical, and academic health of children.

Safety is often absent in the planning of an effective learning environment. Studies show that the most effective learning happens when students and teachers feel safe. "Safe" incorporates not only the physical element, but also the mental and emotional wellbeing of every student and faculty member. By combining the proper furniture and equipment, educator-centric technology, natural cleaning agents, ADA compliant classroom locking devices, professional development training programs, health & physical education programs, and emergency response kits, we can help you provide a safe and healthy learning environment.

## DID YOU KNOW...

School Specialty is literally the only company in business today that can deliver this breadth and depth of products.

**The most comprehensive offering of innovative products and solutions**

Professional Development Training

Supplies & Equipment

Educational Technology

Infrastructure & Process
