

**Region 4 Educational Service Center has awarded thyssenkrupp a cooperative purchasing agreement for New Installation, Modernization, Service and Repair of vertical transportation equipment. The competitively solicited and publicly awarded contract is available to agencies nationwide through the National Intergovernmental Purchasing Alliance (National IPA).**

thyssenkrupp Elevator is committed to providing quality products and services to National IPA participants, who are now eligible to take advantage of the collective purchasing power of industry leading products and services. Additional discounts are available with advance payments at the time of purchase.

## What is National IPA?

National IPA is redefining the future of cooperative purchasing. The cooperative purchasing organization is dedicated to serving public agencies and educational institutions nationwide.

All cooperative agreements have been competitively solicited and publicly awarded by a public agency/governmental entity.

For further information or to contact your local National IPA representative, call (888) 884-7695 or visit [www.nationalipa.org](http://www.nationalipa.org)

## thyssenkrupp Elevator Service

When it comes to elevator maintenance, all good service is local, hands-on service. But that's only part of it. The rest depends on resources like technology, expertise, parts inventory and support that only a powerful organization can deliver.

thyssenkrupp Elevator can and will commit the full resources of the world's most advanced maintenance organization to the local service of your elevators. We deliver it through 5,700 certified service technicians in over 200 service locations across the continent. Through this national system, we guarantee you superior benefits:

**Increase Safety** Our culture of "Safety First" ensures passenger safety, as well as employee safety.

**Prolong Life Cycle** Our technicians are trained to help protect your investment through proper maintenance, increasing the valuable life of your elevators over the long-term.

**Enhance Efficiency** Sustainability means saving energy and increasing life cycle where possible. Our technicians will make sure your elevators operate at peak performance levels.

**Prevent Costly Downtime** As a member of your team, we will work to anticipate and prevent problems before they occur, helping to avoid downtime and dissatisfied tenants.

**Quality Parts** Specialists in specific components, who know your elevator's history, will select replacement parts from our parts inventory.

**Peace of Mind** Your elevators are in the hands of the industry's best trained and equipped professionals. Why settle for less?

## Benefits of participating:

- No fees
- Annual, competitive contracts
- No special order forms
- Orders processed the same day they are received
- Pay vendors directly
