

The partnership that is as personally invested in your indoor environment as you are.

As part of the facility maintenance team, your goal is to ensure that your students are receiving a quality education while being in a comfortable and productive environment. We understand that time, funding and other factors can challenge that goal. Energy efficiency requirements and environmental sustainability goals seem like they are constantly changing and it can be hard to keep up. Your facilities are continuing to age. And it can be hard to maintain a high-quality building environment while juggling all of the other priorities you have.

That's where we come in.

Trane Supply can partner with you to help you reach your facility goals by keeping your HVAC systems well maintained and running at their highest efficiency throughout their lifecycle.

Our proven success in delivering high-performance HVAC systems, parts and maintenance, our commitment to sustainability and energy efficiency, and our reputation for reliability combined with advanced innovation makes us your ideal partner in the education sector.

Financial Support

Increase your purchasing power, simplify your buying process, and maximize your productivity with the U.S. Communities™ cooperative purchasing program.

K-12 school districts and higher education providers are eligible to use this purchasing cooperative.

- ✓ Competitive pricing on world-class systems and services from Trane
- ✓ Satisfies the competitive bid requirements for most state and local government agencies

- ✓ Expedited procurement process allows you to save important project time

The U.S. Communities contract includes the entire Trane portfolio of energy-efficient HVAC systems and advanced controls, as well as building, contracting, and energy services.

Become a user for free by visiting www.uscommunities.org and fill out the simple application form.

Our Solutions

◆ Equipment

No one knows Trane® equipment better than we do. We offer an HVAC solution that delivers reliable performance, solid value, easy installation — in stock or with quick shipping, too.

◆ Trane ProSpace™ PTACs

Need a solution for off-site classrooms? Our Trane PTACs come with industry-leading warranties and our innovative Quiet Comfort System for reduced noise levels. We have many models in stock ready for quick replacement that can fit most common wall sleeve sizes.

◆ Trane light commercial rooftop units (LCU)

Trane Supply carries several energy efficient LCU models: Precedent™, Voyager™, Odyssey™, and Foundation™, and they are stocked in store for your convenient and quick replacement needs.

◆ OEM and wholesale parts

We also carry all of the parts and supplies you need to keep your units up and running while meeting your budget needs. We are here to support your equipment from installation through maintenance and repairs. Trust us to help you throughout the lifecycle of your system.

◆ Indoor Air Quality (IAQ)

A study published in July 2015 found that higher levels of air toxics were “statistically significantly associated with lower grade point averages”¹ among students. We are here to ensure you are changing your filters on a regular basis to enhance student performance. We can meet all of your filtration needs, from pleats to high efficiency bag filters and HEPA filters, help you find the sizes you need, and determine a schedule for replacement.

Our unique solutions and in-depth applications knowledge, expertise and experience can help improve the learning environment and engage students.

Save Time with the Trane 360° Mobile App

The Trane 360 App and ComfortSite Portal work whenever, wherever you do, empowering you to find the right parts and get them in your hands faster than ever before.

This convenient digital tool that can eliminate phone calls or trips to the store by putting many of the tasks on your smartphone, including:

- Comprehensive part ID and search, plus part availability
- Literature
- Locate the store closest to you
- Online ordering directly through ComfortSite
- All residential equipment and parts order data
- Parts barcode scanner

Sign up for ComfortSite to take full advantage of the app by calling your local Trane Supply.

Download Trane 360 on the App Store and Google Play.
