Other Vendor may include other notes regarding the contract update here: (attach another page if necessary).

We have been working with a customer over a year that wanted to use OMNIA contract 02-134 Electrical Services. That agency elected not to renew. High Voltage electrical maintenance, testing, and repairs along with EV chargers installation, maintenance, and repairs would fall under the services in the Ambassador program, but we did not specifically note those hourly rates. The customer requested them to be specifically added to the pricing. Please approve.
