From 1:1 meetings to large events — remote and on-site

Whether you need interpreters for a phone call or for an event with 1,000 participants: You can always count on more than 25 years of experience and innovation. Acolad covers it all, turning complexity into simplicity.

While the setting can be very different, our standards remain the same:

Linguistic quality assurance

All interpreters work only in their attested language combinations, adhering to highest quality standards and recognized professional practices.

Subject matter experts

Each interpreter guarantees subject related expertise, experience and solid preparation for each topic.

End-to-end support

Specialized teams support you skillfully all along the process: from defining the best setup, to planning and execution, until your event's conclusion.

Different scenarios, different services — always Acolad's expertise:

1 International Events

- Global Conventions
- Multilingual Meetings
- Employee Forums

2 1:1 communication

- Video Interpreting
- Over the phone
- On-site...

Remote or on-site? We're here for you. No matter where, no matter when.

We offer virtual, hybrid and on-site interpreting services, and our teams are ready to advise on the best approach for your event.

	Remote	On-Site
Simultaneous The interpretation is performed while the speaker is speaking – immediate transmission of the speaker's message.	<ul style="list-style-type: none">→ Remote Simultaneous Interpreting (RSI) platform for perfect user experience, highest performance and data security→ Advanced management of multiple language channels. Minimal, completely unnoticeable latency – below 0.2s→ Stand-alone platform or connection with your preferred web conferencing tool	<ul style="list-style-type: none">→ Traditional on-site configurations (interpreting booths, headsets and the support of specialized technicians)→ Portable audio-guide systems (where a lighter technical set-up required, e.g. for visits, trainings)→ Hybrid settings, combining on-site & remote technology
Consecutive The interpreter performs the interpretation after the speaker has finished speaking – sentence by sentence or short passages.	<ul style="list-style-type: none">→ Conventional web conferencing tool or Acolad's automated platform; one audio channel where either speaker or interpreter speak.	<ul style="list-style-type: none">→ No equipment/ technology required for on-site
