Define your standard terms of payment: Net 30-days (with early payment discounts to be defined at a later time)

Competition in the marketplace: Aggreko considers itself a self-performing engineering firm who specializes in temporary utility solutions. Therefore, we have no direct competitors in the marketplace. Other general rental firms also lease various items, but we do not consider them competitors...they are merely equipment suppliers to the market.

Differentiators: As mentioned above, we do not have any direct competition in the marketplace. But, in the spirit of the question, we do have a few differentiating factors from various "general rental" firms in the market:

- The biggest differentiator is that we consider ourselves a self-performing engineering company, not an equipment supplier. We provide solutions in a very narrow band of problem solutions: Temporary Utilities. We do not lease trash cans, ladders, light stands, etc. We are a specialty solutions provider.
- Compared to many smaller "mom & pop" suppliers, we have a national (and international) footprint. This allows us to offer our solutions to customers coast-to-coast. This allows us to lean on the equipment supply of service centers in the nearby regions. Equipment supply is rarely an issue.
- We have a decades-long history of working with Govt entities both directly and indirectly. We know the needs and (often) the security and background requirements of various entities. We have worked with hundreds of K-12 schools, hundreds of institutions of higher learning, hundreds of City/State/Local groups. And as you can see above, we have increased our focus on these groups and our sales have grown at a strong pace.

Marketing: If awarded this contract, the order of business will be a massive informational campaign.

In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision
