# Don't Just Take Our Word For It...

**Leigh Christian – Child Nutrition Director  
Fort Smith Public Schools**

*I cannot be more thankful for the work AmTab does all over the country to help us bring those students into our cafeterias. AmTab skills are unmatched when it comes to designing cafeterias!*

**John Hood – Child Nutrition Director  
Rusk ISD**

*Our participation has increased significantly here. When you combine great food with high-quality furniture, signage, graphics, and decor, the students get so excited to come in every day. I recommend AmTab to all directors looking to modernize their K-12 Food Court.*

**Jennifer Kapinus – Food Service Director  
North Crawford School District**

*AmTab was excellent to work with from the design process to installation. They were amazing to work with and helpful with the design process. I highly recommend AmTab!*

**Rachelle Wuellner – Food Service Director  
Bunker Hill CUSD 8**

*If you are looking to upgrade your K-12 food court, check out AmTab! They create some of the most amazing spaces. I love seeing how they turn these spaces into fun and inviting places.*

**Stephanie Bruce – Principal  
Pennfield Middle School**

*The students absolutely love their new food court and it's thanks to AmTab! Student engagement and participation has increased inside our food court. In our new environment, we are able to maximize our educational square footage with the new furniture as we have more community events and after-school meetings here.*

**Scott Anderson – Food Service Director  
Madison County Schools**

*We know kids eat with their eyes, so having a food court that looks great, that's a restaurant type style is so important for our district. AmTab did a phenomenal job!*

## WHAT WE DO

### FURNITURE AND SIGNAGE GRAPHICS DECOR

AmTab designs, manufactures, and furnishes high-impact K-12 Dining Commons and K-12 Food Courts with our Furniture and Signage Graphics Decor. All AmTab products and services help create inspiring learning environments and transformational learning experiences. We will help increase student engagement and student participation in nutrition services programs.

#### INCREASE PROFITABILITY

Maximize revenue year over year consistently by appealing to students and staff as key clients. Win over clients from off-campus and external vending options.

#### IMPROVE FLEXIBILITY

Optimize spaces to create multi-functional purposes for every educational square foot available throughout the day for the district, school, and local community.

#### IMPROVE EXPERIENCE

Accelerate student participation in School Breakfast and School Lunch programs. Excite students with an interior design that exceeds the typical restaurant or off-campus experience.

#### DECREASE COST

Enhance traffic flow patterns leading to shorter and faster serving lines maximizing peak volume opportunities. Transform former low usage spaces into vibrant immersive spaces for student and community life.

#### INCREASE SENSE OF VALUE

Demonstrate to students that they are cared for and valued during a time when they can relax and socialize between classes. Increase ownership and hype of the school and learning environment. Nurture and build a sense of community and strong morale for students and staff.

# Wayne County School System

## Case Study: Wayne County High School

Wayne County was struggling getting students inside their cafeteria. They wanted to go from a cafeteria to more of a restaurant style approach. The furniture was very plain with very little seating options for students to pick from. On top of that the room itself was very bland and outdated. Wayne County realized that if they wanted to increase morale and get students excited again they needed to make changes. Here are some of the highlights and results for this project:

- Increased school nutrition participation by 28%
- Including new café wall decor, paint, and signage school's food service spaces and program

- Improved time to clean up for custodians and staff
- Improved experience for students who now want to spend more time in their new café
- New flexible and dynamic furniture that can easily be stored
- New café space acts as a flex space throughout the day

# Ysleta Independent School District

## Case Study: Riverside High School

Riverside High School was in dire need to modernize their cafeteria. Utilizing very old and worn out tables, they were looking to transform their café space into a modern, popular, and fun space that students could enjoy. Participation numbers were dropping due to the aesthetics inside the food court and from outside restaurants that students could visit. Riverside High School decided that they wanted to re-energize their students and create a dining commons they would be proud of. Some of the highlights and results of this project include:

- Increased school nutrition participation by 25%
- Including new café wall decor, paint, and signage school's food service spaces and program

- Improved time to clean up for custodians and staff
- Improved experience for students who now want to spend more time in their new café
- Brand new modern furniture and seating concepts

**BEFORE**

## Case Study: Twin Lakes Middle School

Twin Lakes is located in Jacksonville, Florida and is part of the Duval County Public Schools district. Seniors and Juniors were allowed to leave campus for lunch due to an outdated furniture selection and bland environment. The DCPS Food service department programmed excess NSLP funds to complete a full remodel of the cafeteria furniture and signage, graphics, and decor. Some project highlights include:

- Increased school nutrition participation by 20%
- Included new custom and modern café furniture for an enhanced retail dining experience
- Included new café wall decor, paint, and signage specific to a re-branding of the school's food service spaces and program

# Duval County Public Schools

**AFTER**

- Increased overall student participation, school spirit, and community pride in the school and the improved spaces
- Reduced the financial and resource burden for the facilities and maintenance departments who would have continued to fix and repair infrastructure in 84-year-old facility spaces
- Assisted the food service department in complying with federal regulations limiting net cash resources for the nonprofit NSLP program

**BEFORE**

## Case Study: William Penn Sr. High School

William Penn is a large High School located in Pennsylvania. William Penn was struggling to get students into their cafeteria. The space itself was very dull and non-inviting which deterred students from wanting to go there for meals. This project was launched to create a warm and inviting atmosphere that students could finally enjoy their meals in. Some of the project highlights included:

- Increased school nutrition participation by 18%
- Included new custom and modern café furniture for an enhanced retail dining experience
- Assisted the food service department in complying with federal regulations limiting net cash resources for the nonprofit NSLP program

# York City School District

**AFTER**

- Improved culture inside the brand new K-12 Food Court
- This school was now able to compete with outside establishments as far as bringing more students into the new K-12 Food Court
- New mobile furniture helped the custodians move the products for easy cleanup

# Award-Winning Furniture

The first step on our food court modernization journey is selecting furniture. Furniture plays a vital role in creating the dining environment that matches the delicious food your school makes in the kitchen. **AmTab's** furniture is 100% made in the USA. We take great pride in offering the best designed and highest quality products for schools. **AmTab's** combination of superior furniture with the most customizable logo and color options allows for **AmTab** to be a fan favorite amongst school nutrition directors and students. Adding brand new furniture will help transform your cafeteria into a beautiful K-12 Dining Commons that your students, staff, and community will love.
