

Discover Smart Snacks on Amazon Business

*Smart Snacks in School refers to the national nutrition standards set by the United States Department of Agriculture for foods and beverages sold outside of the federal reimbursable school meal programs during the school day: <https://www.fns.usda.gov/cn/smart-snacks-school> . Please also be aware that manufacturers may change formulations, which can affect the nutritional content of products. To ensure complete and current information on a product, always contact the manufacturer. Amazon does not take responsibility for the accuracy of the nutritional information provided by the manufacturers.

Pre-qualified Smart Snack compliant foods at your fingertips

Snacking made simple
