### REQUEST FOR PROPOSAL

#### Online Marketplace

### **OPTIONAL VIRTUAL PRE-PROPOSAL MEETING:**

**June 10, 2024 12:00 PM MST**

#### **Zoom Meeting**

**<https://omniapartners.zoom.us/j/81779410835?pwd=BMqjlvZMiZmt3zdqygXi0BPmC0waa1.1>**

**Meeting ID: 817 7941 0835**

**Passcode: 387195**

This Request for Proposal ("RFP") is issued in accordance with the Utah Procurement Code and applicable administrative rules of the Utah Administrative Code. If any provision of this RFP conflicts with the Utah Procurement Code or Utah Administrative Code, then the Utah Procurement Code or Utah Administrative Code will take precedence.

#### **Purpose of this Solicitation**

The purpose of this RFP is to enter into a contract to provide:

The Contractor shall provide access to and use of an online digital marketplace to purchase of goods and services that may be used routinely and needed quickly to address the everyday needs of public entities, schools, and universities. The contract will utilize a dynamic pricing structure in which the price for items listed on the online digital marketplace is driven by the market. This contract will not need to be amended when prices fluctuate.

Given the cooperative nature of this RFP, it is expected that offerors shall propose a wide array of equipment, products, and/or services at lower prices and with better value than what they would ordinarily offer to the public or to a single government entity. Contractors shall have the ability to provide products in at least two of the six categories listed here:

Education-Based

Information Technology-Peripheral Devices

Maintenance, Repair and Operations

Office-Based

Apparel

Personal Care Items

This RFP and resulting contract award(s) are a solutions-based solicitation; meaning the State of Utah is seeking equipment, products, and/or services that meet the requirements of this RFP and that are commonly desired or are required by law or industry standards. Offerors may include related equipment, accessories, and services to the extent that these solutions are complementary to the equipment, products, and/or services identified in this RFP.

#### **Closing date and time**

The closing date and time for this sourcing event is as provided in this posting. If your time is different from that shown, your profile may be set to a different time zone. Please see the attachment titled "Changing Your Time Zone" in the Buyer Attachments section for directions on how to update your profile. It is your responsibility to make sure you submit your response by the date and time indicated above.

#### **Multiple Contract Award Anticipated**

It is anticipated that this RFP will result in multiple contract awards. The methodology or formula that will be used to determine the number of contract awards is: Any vendor that receives a minimum score of 700 points will be eligible for a contract award.

## **Future Procurements**

The State of Utah reserves the right and may reopen this solicitation, or create a new solicitation if it determines there may be more competition for the procurement item than when the original solicitation was posted.

## **Length of the Contract**

This contract is for a period of five (5) years with no renewal options for additional years. The Contractor shall have the right to enter local “service” agreements with Participating Public Agencies accessing the contract through OMNIA Partners, so long as the effective date of such agreement is prior to the expiration of the Contract. All local agreements may have a full potential term (any combination of initial and renewal periods) not to exceed five years. Although the scope reflects the needs and requirements of the State of Utah, OMNIA Partners Participating Public Agencies may have different requirements. Participants may elect to negotiate certain terms to conform to their purchasing and contracting requirements.

## **Background**

The State of Utah, in partnership with OMNIA Partners, is seeking solutions for Online Marketplace. The Scope of Work is defined in ATTACHMENT B.

The Online Marketplace Solution shall offer a more dynamic pricing structure to ensure the State and its entities are continually receiving the best value. Under a dynamic pricing model, the State of Utah anticipates that the market establishes the best value and the State will not need to amend the contract when the market goes up or down. Additionally, by extending this contract nationwide, the benefits of this contract are not limited to the State of Utah. Presently, many public and non-profit entities utilize online marketplaces. By offering Participating Public Agencies the ability to utilize the resultant contract(s), agencies can lower costs through reducing procurement expenses, improve their compliance and reporting, and potentially support a wider range of diverse suppliers.

## National Contract

The State of Utah, as the Principal Procurement Agency, defined in ATTACHMENT E has partnered with OMNIA Partners, Public Sector, Inc., a Delaware corporation (“OMNIA Partners”) to make the resultant contract (also known as the “Master Agreement” in materials distributed by OMNIA Partners) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit (“Public Agencies”), through OMNIA Partners’ cooperative purchasing program. The State of Utah is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners (a “Participating Public Agency”) and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of a Master Intergovernmental Cooperative Purchasing Agreement, a form of which is attached hereto on ATTACHMENT E, or as otherwise agreed to. ATTACHMENT E contains additional information about OMNIA Partners and the cooperative purchasing program.

OMNIA Partners is the largest and most experienced purchasing organization for public and private sector procurement. Through the economies of scale created by OMNIA Partners’ public sector subsidiaries and affiliates, our participants have access to competitively solicited and publicly awarded cooperative agreements. For all public sector contracts, the lead agency contracting process continues to be the foundation on which we were established. OMNIA Partners is proud to offer more value and resources to state and local government, higher education, K-12 education and non-profits.

OMNIA Partners provides shared services and supply chain optimization to government, education and the private sector. With corporate, pricing and sales commitments from the Contractor, OMNIA Partners provides marketing and administrative support for the Contractor that directly promotes the Contractor’s products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis. Participating Public Agencies benefit from pricing based on aggregate spend and the convenience of a contract that has already been advertised and publicly competed. The Contractor benefits from a contract that generally allows Participating Public Agencies to directly purchase goods and services without the Contractor’s need to respond to additional competitive solicitations. As such, the Contractor must be able to accommodate a nationwide demand for services and to fulfill obligations as a nationwide Contractor and respond to the OMNIA Partners documents (ATTACHMENT E).

While no minimum volume is guaranteed to the Contractor, the estimated annual volume of Online Marketplace purchased under the Master Agreement through OMNIA Partners is approximately \$500M. This projection is based on the current annual volumes among State of Utah, other Participating Public Agencies anticipated to utilize the resulting Master Agreement to be made available to them

through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between the Contractor and OMNIA Partners.

### **Issuing Procurement Unit, Conducting Procurement Unit, and Solicitation Number**

The State of Utah Division of Purchasing is the issuing procurement unit and conducting procurement unit for this RFP (referred to as “the State”). The reference number for this RFP is as provided in this posting. This solicitation number must be referred to on all proposals, correspondence, and documentation submitted to the State relating to this RFP.

### **Additional Information**

Offerors are prohibited from communications regarding this RFP with the conducting procurement unit staff, evaluation committee members, or other associated individuals EXCEPT the State of Utah Division of Purchasing procurement officer overseeing this RFP.

Wherever in this RFP an item is defined by using a trade name, brand name, or a manufacturer and/or model number, it is intended that the words, “or equivalent” apply; and invites the submission of equivalent products by the Offerors.

Offerors may be required to submit product samples to assist the chief procurement officer or head of a procurement unit with independent procurement authority in evaluating whether a procurement item meets the specifications and other requirements set forth in the request for proposals. Product samples must be furnished free of charge unless otherwise stated in the request for proposals, and if not destroyed by testing, will upon written request within any deadline stated in the request for proposals, be returned at the Offeror's expense. Samples must be labeled or otherwise identified as specified in the request for proposals by the procurement unit.

The issuing procurement unit may not accept a proposal after the time for submission of a proposal has expired.

The State reserves the right to conduct discussions with the Offerors who submit proposals determined to be reasonably susceptible of being selected for award, but proposals may be accepted without discussions.

### **New Technology**

Pursuant to Utah Administrative Rule R33-12-502 the awarded contract(s) may be modified to incorporate new technology or technological upgrades associated with the procurement item being solicited, including new or upgraded: (i) systems; (ii) apparatuses; (iii) modules; (iv) components; and (v) other supplementary items. Further, a maintenance or service agreement associated with the procurement item under the resulting contract(s) may be modified to include any new technology or technological upgrades. Any contract modification incorporating new technology or technological upgrades will be specific to the procurement item being solicited and substantially within the scope of the original procurement or contract.

Any solutions that include cloud services, IaaS, PaaS, SaaS, MaaS, CaaS & XaaS, etc. must be implemented using the existing State of Utah DTS accounts for those hosted services, where possible. DTS has accounts with most major cloud producers (AWS, GCP, Azure, etc.). It is expected that State of Utah data reside on the DTS managed accounts for these and all providers. If applicable, please ensure that the solicitation response incorporates the use of these DTS accounts and that the pricing quoted does not include vendor hosting costs as costs would be paid directly to the hosting providers through DTS's existing accounts. If it is not possible to utilize the DTS cloud services accounts, please provide the reasoning why to the solicitation's Q&A board so as to allow the State to amend this solicitation requirement if appropriate. If the State of Utah Division of Technology Services is conducting this solicitation then the Division of Technology Services has the authority to allow any and all State of Utah Executive Branch Agencies to participate in any contract resulting from this solicitation in the event a procurement need arises. Allowing additional Executive Branch Agencies to participate in a contract resulting from this solicitation will require a contract amendment and participation will be limited to the procurement items or scope of work identified in this solicitation. All technology contract amendments will be issued in accordance with State of Utah Technology Governance Act § 63F-1-205, Utah Procurement Code, and Utah Administrative Rule R33-12-502. Additionally, IT procurements may be subject to third party review and additional reference checks as a matter of course.

### **Evaluation Administrative and Mandatory Minimum Requirement Compliance**

Each proposal received shall be evaluated as outlined in this RFP and the Utah Procurement Code.

To be responsive and responsible Offerors must review and respond to the following sections of this RFP: Prerequisites, Buyer Attachments, and Questions.

- The Prerequisites section includes the objective and subjective criteria that will be used to evaluate the proposals, which include the mandatory minimum requirements, technical criteria, and other prerequisites that Offerors must read and agree to in order to respond to this RFP.

- The Buyer Attachments Section contains the standard contractual terms and conditions required by the State and any other required documents associated with this RFP.
- The Questions Section contains the questions that Offerors are required to answer in order to submit a proposal.

Offerors must review each section carefully.

**Right to Open For Competition**

The State of Utah reserves the right and may reopen this solicitation, or create a new solicitation if it determines there may be more competition for the procurement item than when the original solicitation was posted.

## Stage Description

---

No description available.

1 ★ **Instructions To Vendor :**

Offerors are encouraged to review this RFP prior to the deadline to submit a proposal, even if a proposal has been submitted, in case an addendum has been issued by the issuing procurement unit.

**Certification**

I certify that I have read and agree to the terms above.

**Vendor Must Also Upload a File:**

No

**Prerequisite Content:**

Addenda shall be published within a reasonable time prior to the deadline that proposals are due, to allow prospective offerors to consider the addenda in preparing proposals. Publication at least 5 calendar days prior to the deadline that proposals are due shall be deemed a reasonable time. Minor addenda and urgent circumstances may require a shorter period of time. After the due date and time for submitting a proposal to this RFP, at the discretion of issuing procurement unit, addenda to this RFP may be limited to Offerors that have submitted proposals, provided the addenda does not make a substantial change to this RFP.

2 ★ **Instructions To Vendor :**

All questions must be submitted through SciQuest during the Question and Answer period.

**Certification**

I have read and understand this prerequisite.

**Vendor Must Also Upload a File:**

No

**Prerequisite Content:**

The Question and Answer period closes on date and time specified on SciQuest. All questions must be submitted through SciQuest during the Question and Answer period. Answers from the State will be posted on SciQuest. Questions may include notifying the State of any ambiguity, inconsistency, scope exception, excessively restrictive requirement, or other errors in this RFP. Questions are encouraged.

Questions may be answered individually or may be compiled into one document.

Questions may also be answered via an addendum. An answered question or an addendum may modify the specification or requirements of this RFP. Answered questions and addendums will be posted on SciQuest. Offerors should periodically check SciQuest for answered questions and addendums before the closing date. It is the responsibility of the Offerors to submit their proposals as required by this RFP, including any requirements contained in an answered question and/or addendums.

3 ★ **Instructions To Vendor :**

Pursuant to the Utah Procurement Code the following entities are Eligible Users and are allowed to use the awarded contracts.

**Certification**

I certify that I have read and agree to the terms above.

**Vendor Must Also Upload a File:**

No

**Prerequisite Content:**

This State of Utah Cooperative Contract will be for the benefit of all Utah public entities, nonprofit organizations, and agencies of the federal government, i.e. State of Utah departments, agencies, and institutions, political subdivisions (colleges, universities, school districts, special service districts, cities and counties, etc.).

The following Eligible Users are allowed to use the awarded contract: State of Utah's government departments, institutions, agencies, political subdivisions (i.e., colleges, school districts, counties, cities, etc.), and, as applicable, nonprofit organizations, agencies of the federal government, or any other entity authorized by the laws of the State of Utah to participate in State Cooperative Contracts will be allowed to use this Contract.

Each Eligible User is considered an individual customer. Each Eligible User will be responsible to follow the terms and conditions of this RFP. Eligible Users will be responsible for their own charges, fees, and liabilities. Contractor shall apply the charges to each Eligible User individually. The State is not responsible for any unpaid invoice.

4 ★ **Instructions To Vendor :**

The State of Utah Division of Purchasing does not guarantee any purchase amount under an awarded contract.

**Certification**

I certify that I have read and agree to the terms above.

**Vendor Must Also Upload a File:**

No

**Prerequisite Content:**

The State of Utah Division of Purchasing does not guarantee any purchase amount under the awarded contract. Estimated quantities are for solicitation purposes only and are not to be construed as a guarantee.

5 ★ **Instructions To Vendor :**

If it is determined to be in the best interest of the Conducting Procurement Unit, interviews and presentations may be held at the option of the State.

**Certification**

I certify that I have read and agree to the terms above.

**Vendor Must Also Upload a File:**

No

**Prerequisite Content:**

The State shall establish a date and time for the interviews or presentations and shall notify eligible Offerors of the procedures. Offerors invited to interviews or presentations shall be limited to those Offerors meeting the minimum requirements and minimum technical score threshold specified in the RFP. Representations made by an Offeror during interviews or presentations shall become an addendum to the Offeror's proposal and shall be documented. Representations must be consistent with the Offeror's original proposal and may only be used for purposes of clarifying or filling in gaps in the Offeror's proposal. Interviews and presentations will be at the Offeror's expense.

6 ★ **Instructions To Vendor :**

Offerors may request that part of its proposal be protected by submitting a Claim of Business Confidentiality Form. See the Buyers Attachment section.

**Certification**

I certify that if my bid contains confidential or protected information that I will provide a Claim of Business Confidentiality form as part of my bid.

**Vendor Must Also Upload a File:**

No

**Prerequisite Content:**

**Pricing may not be classified as confidential or protected and will be considered public information.**

**Process for Requesting Non-Disclosure:** To protect information under a Claim of Business Confidentiality, an Offeror must complete the Claim of Business Confidentiality form, at the time the proposal is submitted, with the following information:

- Include a concise statement of reasons supporting the claim of business confidentiality (Subsection 63G-2-309(1)).
- Submit an electronic “redacted” (excluding protected information) copy of the proposal. Copy must clearly be marked “Redacted Version.”

The Claim of Business Confidentiality form may be accessed at:

<http://www.purchasing.utah.gov/contract/documents/confidentialityclaimform.doc>

An entire proposal cannot be identified as “**PROTECTED**”, “**CONFIDENTIAL**” or “**PROPRIETARY**”.

**Redacted Copy:** If an Offeror submits a proposal that contains information claimed to be confidential or protected, the Offeror **MUST** submit two separate proposals: one redacted version for public release, with all protected business confidential information either blacked-out or removed, clearly marked as "Redacted Version"; and one non-redacted version for evaluation purposes clearly marked as "Protected Business Confidential."

All materials submitted become the property of the State of Utah. Materials may be evaluated by anyone designated by the State as part of the evaluation committee. Materials submitted may be returned only at the State's option.

7 ★ **Instructions To Vendor :**

The proposed Scope of Work has been attached to this RFP.

**Certification**

I certify that I have read and agree to the terms above.

**Vendor Must Also Upload a File:**

No

**Prerequisite Content:**

The proposed Scope of Work has been attached to this RFP. Offerors should review the Scope of Work before submitting their responses to the Mandatory Minimum Requirements and Technical Response prerequisites.

By reviewing the Scope of Work the Offerors will have a better understanding of the procurement item that is being request from this RFP.

8 ★ **Instructions To Vendor :**

The mandatory minimum requirements are the objective criteria in which the conducting procurement unit will evaluate proposals.

**Certification**

I certify that I have read and agree to the terms above.

**Vendor Must Also Upload a File:**

No

**Prerequisite Content:**

Offerors must demonstrate the ability to meet or exceed the mandatory minimum requirements outlined below by providing a narrative point by point response, in the order listed, to each requirement.

The following mandatory minimum requirements must be met in order for a proposal to be considered responsive:

## Minimum Mandatory Requirements SECTION LOCATED IN

### Attachment D\_EvaluationScoreSheet\_OnlineMarketplace

All of the items described in this section are non-negotiable. However, if a manufacturer's specification is used or identified above, then a proposal may include, in sufficient detail, that its proposal contains an equivalent brand.

If it is determined that a proposal does not meet these requirements, at any time during the solicitation process, the proposal will be deemed non-responsive and disqualified from further consideration.

9 ★ **Instructions To Vendor :**

To determine which proposal provides the best value to the State, the evaluation committee will evaluate each responsive and responsible proposal that has not been disqualified or rejected using the subjective criteria listed in this prerequisites section.

**Certification**

I certify that I have read and agree to the terms above.

**Vendor Must Also Upload a File:**

No

**Prerequisite Content:**

The subjective criteria that will be used to evaluate proposals is stated in:

Scoreable Technical Criteria SECTION LOCATED IN

Attachment D\_EvaluationScoreSheet\_OnlineMarketplace

For ease of evaluation, the proposals must provide a narrative point-by-point response, addressing in detail each area of the evaluation criteria, including addressing how the point-by-point response addresses the issues discussed in this RFP. The criteria are not intended to limit a proposal's content or exclude any relevant or essential data. Offerors are at liberty and are encouraged to expand upon the criteria to demonstrate the Offeror's capability to provide the State with a solution.

10 ★ **Instructions To Vendor :**

Offeror's cost proposals will be evaluated independently.

**Certification**

I certify that I have read and agree to this prerequisite.

**Vendor Must Also Upload a File:**

No

**Prerequisite Content:**

Pursuant to Utah Code Annotated (UCA) § 63G-6a-707(7), the cost proposal will be evaluated independently from the technical proposal; and as such, **must** be submitted separately from the technical proposal. Offerors must not include costs or pricing data in their responses to the Mandatory Minimum Requirements and the Technical Response.

Offeror must upload a completed cost proposal form in the Questions section of this RFP. If an offeror fails to upload a completed cost proposal form, then its proposal will be considered non-responsive and the proposal will be rejected.

Failure to submit cost or pricing data separately will result in your proposal being judged as non-responsive and ineligible for contract award.

11 ★ **Instructions To Vendor :**

All proposals in response to this RFP will be evaluated in a manner consistent with the Utah Procurement Code, Administrative Rules, policies and the evaluation criteria in this RFP. Offerors bear sole responsibility for the items included or not included within the proposal submitted by the Offeror. Each area of the evaluation criteria must be addressed in detail in the proposal.

**Certification**

I certify that I have read and agree to the terms above.

**Vendor Must Also Upload a File:**

No

**Prerequisite Content:**

## PROPOSAL EVALUATION PROCESS

### **Stage 1: Initial Review**

In the initial phase of the evaluation process, the conducting procurement unit will review all proposals timely received. Non-responsive proposals not conforming to RFP requirements or unable to meet the mandatory minimum requirements will be eliminated from further consideration.

### **Stage 2: Technical Proposal Evaluation**

Responsive proposals will then be evaluated by an evaluation committee appointed by the conducting procurement unit against the proposal evaluation criteria noted in this RFP. Proposals will be evaluated against the evaluation criteria as stated in:

Scoreable Technical Criteria SECTION LOCATED IN

Attachment D\_EvaluationScoreSheet\_OnlineMarketplace

Offerors that achieve minimum score threshold of 455 will proceed to the Final Stage: Cost Proposal Evaluation. Offerors with a score of less than the minimum required technical points will be deemed non-responsive and ineligible for further consideration. The evaluation score sheet has been attached to this RFP. The attached evaluation score sheet states the relative weight that will be given to each evaluation criteria.

The evaluation committee, for this RFP, will tally the final scores for criteria other than cost to arrive at a consensus score by the following method: an average of the individual scores

### **Final Stage: Cost Proposal Evaluation**

Offerors successful in the technical evaluation will advance to the Final State: Cost Proposal Evaluation. The Offeror with the lowest total cost will receive the maximum points of 300. Points assigned to each Offeror's cost proposal will be based on the lowest proposal price.

The Offeror with the lowest total cost will receive 300, or 100% of the total cost points. All other Offerors will receive a portion of the total cost points based on what percentage higher their total cost is than the total lowest cost. The formula to compute the points is:  $\text{Cost Points} \times (\text{Lowest Proposed Price} / \text{Proposed Price})$ .

Must receive a combined total (Technical Requirements + Cost) of 700 points to receive an award.

12 ★ **Instructions To Vendor :**

Offeror may take exception and/or propose additional language to the Standard Terms and Conditions that have been attached to this RFP.

**Certification**

I certify that I have read and agree to the terms above.

**Vendor Must Also Upload a File:**

No

**Prerequisite Content:**

Any contract resulting from this RFP will include, but not be limited to the Standard Terms and Conditions.

Exceptions and/or additions to the Standard Terms and Conditions are strongly discouraged. However, any requested exceptions and/or additions to the Standard Terms and Conditions must be submitted as an answer to the corresponding question in the Question Section of this solicitation. Exceptions and/or additions submitted after the date and time for receipt of proposals will not be considered. Offerors may not submit requests for exceptions and/or additions by reference to a vendor's website or URL. URLs provided with a proposal may result in that proposal being rejected as non-responsive. Offerors may submit questions during the Question and Answer period regarding the Standard Terms and Conditions.

The State may refuse to negotiate exceptions and/or additions that are determined to be excessive; that are inconsistent with similar contracts of the procurement unit; to warranties, insurance, or indemnification provisions that are necessary to protect the procurement unit after consultation with the Attorney General's Office or other applicable legal counsel; where the solicitation specifically prohibits exceptions and/or additions; or that are not in the best interest of the procurement unit.

In a multiple award, the State reserves the right to negotiate exceptions and/or additions to terms and conditions in a manner resulting in expeditious resolutions. This process may include beginning negotiations with the Offeror having the least amount of exceptions and/or additions and concluding with the Offeror submitting the greatest number of exceptions and/or additions. Contracts may be executed and become effective as negotiations are completed.

For any proposed change(s), Offeror must provide the State of Utah's Standard Terms and Conditions for this solicitation in Microsoft Word format with redline edits. Additional terms or documents must be submitted in separate Microsoft Word documents. Offeror must also provide the name, contact information, and access to the person(s) that will be directly involved in legal negotiations.

Any mandatory required acceptance of an Offeror's terms and conditions may result in the proposal being determined to be non-responsive.

An award resulting from this RFP is subject to successful contract terms and conditions negotiation (if required). The State may reject a proposal if the offeror who submitted the proposal fails to sign a contract within 90 days after the contract award.

13 ★ **Instructions To Vendor :**

The issuing procurement unit may not accept a proposal after the time for submission of a proposal has expired.

**Certification**

I certify that I have read and understand this prerequisite.

**Vendor Must Also Upload a File:**

No

**Prerequisite Content:**

When submitting a proposal or modification to a proposal electronically, Offerors must allow sufficient time to complete the online forms and upload documents. This RFP will close at the closing time posted on SciQuest. If an Offeror is in the middle of uploading a proposal when the closing time arrives, SciQuest will stop the process and the proposal or modification to a proposal will not be accepted.

It is the Offeror's responsibility to ensure that they have completed all requirements, read and reviewed all documents, submitted all required information, uploaded all required forms, and submitted their proposal prior to the closing time. Even if an Offeror completes all sections, but does not submit their proposal, the State of Utah Division of Purchasing will not be able to receive their proposal and they will be deemed non-responsive.

Be aware that entering information and uploading documents onto SciQuest may take time. Offerors should not wait until the last minute to submit a proposal. Offerors are strongly encouraged to start the submission process early in order to allow sufficient time for completing their proposal. If an offeror is still working on its proposal when the solicitation closes then when the screen refreshes to the next page, it will receive a 500 Session Timed Out Application Error. After reopening the solicitation an offeror will see that the solicitation is closed and it will not be allowed to submit its proposal. As such, it is strongly recommended that proposals be uploaded and completed at least two days before any established deadline in the solicitation so that a proposal will not be received late and be ineligible for award consideration.

14 **Instructions To Vendor :**

Responses should be concise, straightforward and prepared simply and economically.

**Certification**

I certify that I have read and agree to the terms above.

**Vendor Must Also Upload a File:**

No

**Prerequisite Content:**

Responses should be concise, straightforward and prepared simply and economically. Expensive displays, bindings, or promotional materials are neither desired nor required. However, there is no intent in these instructions to limit a response's content or to exclude any relevant or essential data.

All materials submitted become the property of the State. Materials may be evaluated by anyone designated by the State as part of the evaluation committee.

A vendor should organize its response using each of the following specific headings, providing a narrative point by point response to each item.

A. **SECTION TITLE: Vendor Information.** The Vendor shall provide information requested in the Question Section of SciQuest.

B. **SECTION TITLE: Protected Information.** All protected/proprietary information must be identified in this section of the response by completing the Claim of Business Confidentiality referenced in the RFP.

If the Vendor's response contains protected/proprietary information (refer back to the Protected Information section of this RFSP for additional information), then Vendor must submit a redacted copy of the response at the same time Vendor submits its response. The redacted copy of the Vendor's response must be submitted in compliance with other sections of this document.

If there is no protected information, write "None" in this section.

C. **SECTION TITLE: Potential Conflicts of Interest.** Vendor must identify any conflict, or potential conflict of interest, that might arise during the contract. If no conflicts are identified or expected, write "None" in this section.

D. **SECTION TITLE: Mandatory Minimum Requirements.** As described in this RFP, Vendor must provide the required narratives that demonstrate compliance with the stated Mandatory Minimum Requirements/Qualifications. A Vendor's failure to meet any one of the mandatory requirements will result in the response being classified as non-responsive and will be rejected under the provisions of the Utah Procurement Code.

E. **SECTION TITLE: Technical Criteria.** As described in this RFP, this section should constitute the major portion of the RFP. The information must be included in the detailed response and will be scored as indicated.

15 ★ **Instructions To Vendor :**

Proposals must be submitted electronically, through SciQuest.

**Certification**

I certify that I have read and agree to the terms above.

**Vendor Must Also Upload a File:**

No

**Prerequisite Content:**

When submitting a proposal electronically through SciQuest, please allow sufficient time to complete the online forms and to upload proposal documents. The RFP will end at the deadline. If an Offeror is in the middle of uploading a proposal when the deadline arrives, the system will stop the upload process and the proposal will not be accepted by SciQuest, and the attempted submission will be considered late and ineligible for consideration.

Group 1: Acceptance of Prerequisites

- 1.1 Offeror acknowledges that it is the offerors responsibility to to upload any and all documents in responding to the solicitation. If the vendors fails to upload a document, uploads an incorrect document, uploads a blank document, or uploads any document incorrectly the State of Utah may not allow the vendor to make changes following the closing of the solicitation. ★  
Yes/No
- 1.2 Is Offeror presently or has Offeror ever been debarred, suspended, proposed for debarment, or declared ineligible by any governmental department or agency, whether international, national, state, or local? ★  
Yes/No
- 1.3 Offeror acknowledges that they do not have financial ties to individuals or entities on an OFAC sanctions list. ★  
Yes/No
- 1.4 In accordance with Utah Code 63G-27-102, vendors contracting with the State to provide any good or service, including supplies, information technology, or construction services, must certify they are not currently engaged in an “economic boycott” nor a “boycott of the State of Israel” as those terms are defined in that Code section. Vendors must also agree not to engage in either boycott for the duration of the contract (if awarded). For example, a vendor may not, without an ordinary business purpose, boycott the State of Israel or companies engaged in: activities related to traditional energy, mining, agriculture; or the manufacture, distribution, sale, or use of firearms; or does not meet environmental standards beyond applicable state and federal laws; or does not facilitate access to abortion or sex characteristic surgeries. If a vendor does engage in such a boycott, it must immediately notify the public entity party to the contract in writing. ★  
Yes/No
- 1.5 If Offeror has any information that is not already provided within its proposal that if known to the State would impact the State’s determination on offeror’s responsiveness for a contract award (i.e., legal action, recent turn-over in major personnel, loss of a major contract, any alleged violations of federal, state or local regulations, etc.), please mark “yes” to this question and upload such information in the space provided below. Otherwise, please mark “no”. Please see UCA 63G-6a-120 & 902 for additional details. ★  
Yes/No
- 1.6 Please upload information impacting Offeror’s responsiveness here. ★  
File Upload
- 1.7 Offeror acknowledges that it must acquire and maintain all applicable federal, state, and local licenses before the contract is entered into. Licenses must be maintained throughout the entire contract period. Persons doing business as an Individual, Association, Partnership, Corporation, or otherwise shall be registered with the Utah State Division of Corporations and Commercial Code. NOTE: Forms and information on registration may be obtained by calling (801) 530-4849 or toll free at 877-526-3994, or by accessing: www.commerce.utah.gov. ★  
Yes/No
- 1.8 In the event that an Offeror offers pricing discounts for educational entities that (1) are applicable to this solicitation and (2) result in lower pricing than what is generally offered to other governmental entities, please attach a separate cost proposal labeled “Educational Pricing” to your proposal. This cost proposal for Educational Pricing is to be submitted in addition to the original Cost Proposal Form and will only be available to authorized end users. The Educational Pricing will not be used to evaluate costs. ★  
Offeror acknowledges that it has read and understands this question.  
Yes/No

- 1.9 Does Offeror have an outstanding tax lien in the State of Utah? If yes, Offeror must provide a statement regarding its outstanding tax lien. ★  
Yes/No
- 1.10 If awarded a State Cooperative Contract Offeror understands that its resulting contract may be terminated for convenience, without cause, if there is no reported spend for any one fiscal year of its contract. ★  
Yes/No

- 4.6 Offeror affirms that yes that pursuant to the Code of Federal Regulations 2 CFR 200.216 - Prohibition on certain telecommunication and video surveillance services or equipment, that none of the goods (including component parts) or services offered within its proposal are from the entity Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities). ★  
Yes/No

4.7

Vendor understands and acknowledges that its response, including all uploaded documents, will not be considered received by the State of Utah unless the Vendor clicks submit. Even if Vendor uploads all required documents and responds to all required questions its response will not be considered if it does not click submit. Offeror acknowledges that after completing the solicitation it must click on the link in the left hand menu bar labeled "Review & Submit", then check the box under the "Certification" heading to certify their bid. Then click the blue box labeled "Submit Response" in order to submit their bid. Once the response has been submitted, Vendor will receive a confirmation that the response was successfully submitted. Vendors who fail to submit their response will not have their response reviewed and will be ineligible for further consideration under this solicitation.
