

Tab 1 – Master Agreement

General Terms and Conditions

- ◆ Customer Support
 - The vendor shall provide timely and accurate technical advice and sales support. The vendor shall respond to such requests within one (1) working day after receipt of the request.

- ◆ Disclosures
 - Respondent affirms that he/she has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this contract.
 - The respondent affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this contract.

- ◆ Renewal of Contract
 - Unless otherwise stated, all contracts are for a period of three (3) years with an option to renew for up to five (5) additional one-year terms or any combination of time equally not more than 5 years if agreed to by Region 14 ESC and the vendor.

- ◆ Funding Out Clause
 - Any/all contracts exceeding one (1) year shall include a standard “funding out” clause. A contract for the acquisition, including lease, of real or personal property is a commitment of the entity’s current revenue only, provided the contract contains either or both of the following provisions:
 - Retains to the entity the continuing right to terminate the contract at the expiration of each budget period during the term of the contract and is conditioned on a best efforts attempt by the entity to obtain appropriate funds for payment of the contract.

- ◆ Shipments (if applicable)
 - The awarded vendor shall ship ordered products within seven (7) working days for goods available and within four (4) to six (6) weeks for specialty items after the receipt of the order unless modified. If a product cannot be shipped within that time, the awarded vendor shall notify the entity placing the order as to why the product has not shipped and shall provide an estimated shipping date. At this point the participating entity may cancel the order if estimated shipping time is not acceptable.

- ◆ Tax Exempt Status
 - Since this is a national contract, knowing the tax laws in each state is the sole responsibility of the vendor.

◆ Payments

- The entity using the contract will make payments directly to the awarded vendor or their affiliates (distributors/business partners/resellers) as long as written request and approval by NCPA is provided to the awarded vendor.

◆ Adding authorized distributors/dealers

- Awarded vendors may submit a list of distributors/partners/resellers to sell under their contract throughout the life of the contract. Vendor must receive written approval from NCPA before such distributors/partners/resellers considered authorized.
- Purchase orders and payment can only be made to awarded vendor or distributors/business partners/resellers previously approved by NCPA.
- Pricing provided to members by added distributors or dealers must also be less than or equal to the pricing offered by the awarded contract holder.
- All distributors/partners/resellers are required to abide by the Terms and Conditions of the vendor's agreement with NCPA.

◆ Pricing

- All pricing submitted shall include the administrative fee to be remitted to NCPA by the awarded vendor. It is the awarded vendor's responsibility to keep all pricing up to date and on file with NCPA.
- All deliveries shall be freight prepaid, F.O.B. destination and shall be included in all pricing offered unless otherwise clearly stated in writing

◆ Warranty

- Proposal should address the following warranty information:
 - Applicable warranty and/or guarantees of equipment and installations including any conditions and response time for repair and/or replacement of any components during the warranty period.
 - Availability of replacement parts
 - Life expectancy of equipment under normal use
 - Detailed information as to proposed return policy on all equipment
- Products
 - Vendor shall provide equipment, materials and products that are new unless otherwise specified, of good quality and free of defects
- Construction
 - Vendor shall perform services in a good and workmanlike manner and in accordance with industry standards for the service provided.

◆ Safety

- Vendors performing services shall comply with occupational safety and health rules and regulations. Also all vendors and subcontractors shall be held responsible for the safety of their employees and any conditions that may cause injury or damage to persons or property.

- ◆ Permits
 - Since this is a national contract, knowing the permit laws in each state is the sole responsibility of the vendor.
- ◆ Indemnity
 - The awarded vendor shall protect, indemnify, and hold harmless Region 14 ESC and its participants, administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of the vendor, vendor employees or vendor subcontractors in the preparation of the solicitation and the later execution of the contract.
- ◆ Franchise Tax
 - The respondent hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes.
- ◆ Supplemental Agreements
 - The entity participating in this contract and awarded vendor may enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in this contract i.e. invoice requirements, ordering requirements, specialized delivery, etc. Any supplemental agreement developed as a result of this contract is exclusively between the participating entity and awarded vendor.
- ◆ Certificates of Insurance
 - Certificates of insurance shall be delivered to the Public Agency prior to commencement of work. The insurance company shall be licensed in the applicable state in which work is being conducted. The awarded vendor shall give the participating entity a minimum of ten (10) days notice prior to any modifications or cancellation of policies. The awarded vendor shall require all subcontractors performing any work to maintain coverage as specified.
- ◆ Legal Obligations
 - It is the Respondent's responsibility to be aware of and comply with all local, state, and federal laws governing the sale of products/services identified in this RFP and any awarded contract and shall comply with all while fulfilling the RFP. Applicable laws and regulation must be followed even if not specifically identified herein.
- ◆ Protest
 - A protest of an award or proposed award must be filed in writing within ten (10) days from the date of the official award notification and must be received by 5:00 pm CST. Protests shall be filed with Region 14 ESC and shall include the following:
 - Name, address and telephone number of protester
 - Original signature of protester or its representative
 - Identification of the solicitation by RFP number
 - Detailed statement of legal and factual grounds including copies of relevant documents and the form of relief requested

- Any protest review and action shall be considered final with no further formalities being considered.

◆ Force Majeure

- If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.
- The term Force Majeure as employed herein, shall mean acts of God, strikes, lockouts, or other industrial disturbances, act of public enemy, orders and regulation of any kind of government of the United States or any civil or military authority; insurrections; riots; epidemics; pandemics; landslides; lighting; earthquake; fires; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions, breakage or accidents to machinery, pipelines or canals, or other causes not reasonably within the control of the party claiming such inability. It is understood and agreed that the settlement of strikes and lockouts shall be entirely within the discretion of the party having the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes and lockouts by acceding to the demands of the opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty

◆ Prevailing Wage

- It shall be the responsibility of the Vendor to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the purchaser. It shall further be the responsibility of the Vendor to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of this contract and adjust wage rates accordingly.

◆ Termination

- Either party may cancel this contract in whole or in part by providing written notice. The cancellation will take effect 30 business days after the other party receives the notice of cancellation. After the 30th business day all work will cease following completion of final purchase order.

◆ Open Records Policy

- Because Region 14 ESC is a governmental entity responses submitted are subject to release as public information after contracts are executed. If a vendor believes that its response, or parts of its response, may be exempted from disclosure, the vendor must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt. In addition,

the respondent must specify which exception(s) are applicable and provide detailed reasons to substantiate the exception(s).

- The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 14 ESC must provide the OAG sufficient information to render an opinion and therefore, vague and general claims to confidentiality by the respondent are not acceptable. Region 14 ESC must comply with the opinions of the OAG. Region 14 ESC assumes no responsibility for asserting legal arguments on behalf of any vendor. Respondent are advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information.

Process

Region 14 ESC will evaluate proposals in accordance with, and subject to, the relevant statutes, ordinances, rules, and regulations that govern its procurement practices. NCPA will assist Region 14 ESC in evaluating proposals. Award(s) will be made to the prospective vendor whose response is determined to be the most advantageous to Region 14 ESC, NCPA, and its participating agencies. To qualify for evaluation, response must have been submitted on time, and satisfy all mandatory requirements identified in this document.

- ◆ Contract Administration
 - The contract will be administered by Region 14 ESC. The National Program will be administered by NCPA on behalf of Region 14 ESC.
- ◆ Contract Term
 - The contract term will be for three (3) year starting from the date of the award. The contract may be renewed for up to five (5) additional one-year terms or any combination of time equally not more than 5 years.
 - It should be noted that maintenance/service agreements may be issued for up to (5) years under this contract even if the contract only lasts for the initial term of the contract. NCPA will monitor any maintenance agreements for the term of the agreement provided they are signed prior to the termination or expiration of this contract.
- ◆ Contract Waiver
 - Any waiver of any provision of this contract shall be in writing and shall be signed by the duly authorized agent of Region 14 ESC. The waiver by either party of any term or condition of this contract shall not be deemed to constitute waiver thereof nor a waiver of any further or additional right that such party may hold under this contract.
- ◆ Price Increases
 - Should it become necessary, price increase requests may be submitted at any point during the term of the contract by written amendment. Included with the request must be documentation and/or formal cost justification for these changes. Requests will be formally reviewed, and if justified, the amendment will be approved.
- ◆ Products and Services Additions
 - New Products and/or Services may be added to the resulting contract at any time during the term by written amendment, to the extent that those products and/or services are within the scope of this RFP.
- ◆ Competitive Range
 - It may be necessary for Region 14 ESC to establish a competitive range. Responses not in the competitive range are unacceptable and do not receive further award consideration.
- ◆ Deviations and Exceptions
 - Deviations or exceptions stipulated in response may result in disqualification. It is the intent of Region 14 ESC to award a vendor's complete line of products and/or services, when possible.
- ◆ Estimated Quantities

- While no minimum volume is guaranteed, the estimated (but not limited to) annual volume for Products and Services purchased under the proposed Master Agreement is \$150 million dollars annually. This estimate is based on the anticipated volume of Region 14 ESC and current sales within the NCPA program.
- ◆ Evaluation
 - Region 14 ESC will review and evaluate all responses in accordance with, and subject to, the relevant statutes, ordinances, rules and regulations that govern its procurement practices. NCPA will assist the lead agency in evaluating proposals. Recommendations for contract awards will be based on multiple factors, each factor being assigned a point value based on its importance.
- ◆ Formation of Contract
 - A response to this solicitation is an offer to contract with Region 14 ESC based upon the terms, conditions, scope of work, and specifications contained in this request. A solicitation does not become a contract until it is accepted by Region 14 ESC. The prospective vendor must submit a signed Signature Form with the response thus, eliminating the need for a formal signing process. Contract award letter issued by Region 14 ESC is the counter-signature document establishing acceptance of the contract.
- ◆ NCPA Administrative Agreement
 - The vendor will be required to enter and execute the National Cooperative Purchasing Alliance Administration Agreement with NCPA upon award with Region 14 ESC. The agreement establishes the requirements of the vendor with respect to a nationwide contract effort.
- ◆ Clarifications / Discussions
 - Region 14 ESC may request additional information or clarification from any of the respondents after review of the proposals received for the sole purpose of elimination minor irregularities, informalities, or apparent clerical mistakes in the proposal. Clarification does not give respondent an opportunity to revise or modify its proposal, except to the extent that correction of apparent clerical mistakes results in a revision. After the initial receipt of proposals, Region 14 ESC reserves the right to conduct discussions with those respondent's whose proposals are determined to be reasonably susceptible of being selected for award. Discussions occur when oral or written communications between Region 14 ESC and respondent's are conducted for the purpose clarifications involving information essential for determining the acceptability of a proposal or that provides respondent an opportunity to revise or modify its proposal. Region 14 ESC will not assist respondent bring its proposal up to the level of other proposals through discussions. Region 14 ESC will not indicate to respondent a cost or price that it must meet to neither obtain further consideration nor will it provide any information about other respondents' proposals or prices.
- ◆ Multiple Awards
 - Multiple Contracts may be awarded as a result of the solicitation. Multiple Awards will ensure that any ensuing contracts fulfill current and future requirements of the diverse and large number of participating public agencies.

- ◆ Past Performance

- Past performance is relevant information regarding a vendor's actions under previously awarded contracts; including the administrative aspects of performance; the vendor's history of reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the vendor's businesslike concern for the interests of the customer.

Evaluation Criteria

- ◆ Pricing (40 points)
 - Electronic Price Lists
 - Products, Services, Warranties, etc. price list
 - Prices listed will be used to establish both the extent of a vendor's product lines, services, warranties, etc. available from a particular bidder and the pricing per item.

- ◆ Ability to Provide and Perform the Required Services for the Contract (25 points)
 - Product Delivery within participating entities specified parameters
 - Number of line items delivered complete within the normal delivery time as a percentage of line items ordered.
 - Vendor's ability to perform towards above requirements and desired specifications.
 - Past Cooperative Program Performance
 - Quantity of line items available that are commonly purchased by the entity.
 - Quality of line items available compared to normal participating entity standards.

- ◆ References and Experience (15 points)
 - A minimum of ten (10) public sector references for product and/or services of similar scope dating within past 3 years
 - Respondent Reputation in marketplace
 - Past Experience working with public sector.
 - Exhibited understanding of cooperative purchasing

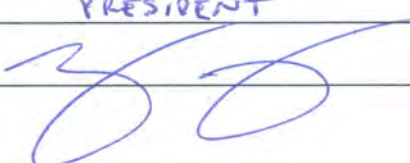

- ◆ Value Added Products/Services Description, (10 points)
 - Additional Products/Services related to the scope of RFP
 - Marketing and Training
 - Minority and Women Business Enterprise (MWBE) and (HUB) Participation
 - Customer Service

- ◆ Innovation (10 points)
 - Past Innovation, how it affected sales
 - Future Innovation in the pipeline

Tab 2 – NCPA Administration Agreement

This Administration Agreement is made as of September 1, 2022, by and between National Cooperative Purchasing Alliance (“NCPA”) and DACO LIMITED PARTNERSHIP (“Vendor”).

DBA DAUPHIN, TREND OFFICE and BOSSE

Recitals

WHEREAS, Region 14 ESC has entered into a certain Master Agreement dated September 1, 2022, referenced as Contract Number 07-83, by and between Region 14 ESC and Vendor, as may be amended from time to time in accordance with the terms thereof (the “Master Agreement”), for the purchase of Furniture;

WHEREAS, said Master Agreement provides that any state, city, special district, local government, school district, private K-12 school, technical or vocational school, higher education institution, other government agency or nonprofit organization (hereinafter referred to as “public agency” or collectively, “public agencies”) may purchase products and services at the prices indicated in the Master Agreement;

WHEREAS, NCPA has the administrative and legal capacity to administer purchases under the Master Agreement to public agencies;

WHEREAS, NCPA serves as the administrative agent for Region 14 ESC in connection with other master agreements offered by NCPA

WHEREAS, Region 14 ESC desires NCPA to proceed with administration of the Master Agreement;

WHEREAS, NCPA and Vendor desire to enter into this Agreement to make available the Master Agreement to public agencies on a national basis;

NOW, THEREFORE, in consideration of the payments to be made hereunder and the mutual covenants contained in this Agreement, NCPA and Vendor hereby agree as follows:

◆ General Terms and Conditions

- The Master Agreement, attached hereto as Tab 1 and incorporated herein by reference as though fully set forth herein, and the terms and conditions contained therein shall apply to this Agreement except as expressly changed or modified by this Agreement.
- NCPA shall be afforded all of the rights, privileges and indemnifications afforded to Region 14 ESC under the Master Agreement, and such rights, privileges and indemnifications shall accrue and apply with equal effect to NCPA under this Agreement including, but not limited to, the Vendor’s obligation to provide appropriate insurance and certain indemnifications to Region 14 ESC.
- Vendor shall perform all duties, responsibilities and obligations required under the Master Agreement in the time and manner specified by the Master Agreement.
- NCPA shall perform all of its duties, responsibilities, and obligations as administrator of purchases under the Master Agreement as set forth herein, and Vendor acknowledges that NCPA shall act in the capacity of administrator of purchases under the Master Agreement.
- With respect to any purchases made by Region 14 ESC or any Public Agency pursuant to the Master Agreement, NCPA (a) shall not be construed as a dealer, re-marketer, representative, partner, or agent of any type of Vendor, Region 14 ESC, or such Public Agency, (b) shall not be obligated, liable or responsible (i) for any orders made by Region

14 ESC, any Public Agency or any employee of Region 14 ESC or Public Agency under the Master Agreement, or (ii) for any payments required to be made with respect to such order, and (c) shall not be obligated, liable or responsible for any failure by the Public Agency to (i) comply with procedures or requirements of applicable law, or (ii) obtain the due authorization and approval necessary to purchase under the Master Agreement. NCPA makes no representations or guaranties with respect to any minimum purchases required to be made by Region 14 ESC, any Public Agency, or any employee of Region 14 ESC or Public Agency under this Agreement or the Master Agreement.

- The Public Agency participating in the NCPA contract and Vendor may enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in this contract i.e. invoice requirements, ordering requirements, specialized delivery, etc. Any supplemental agreement developed as a result of this contract is exclusively between the Public Agency and Vendor. NCPA, its agents, members and employees shall not be made party to any claim for breach of such agreement.

◆ **Term of Agreement**

- This Agreement shall be in effect so long as the Master Agreement remains in effect, provided, however, that the obligation to pay all amounts owed by Vendor to NCPA through the termination of this Agreement and all indemnifications afforded by Vendor to NCPA shall survive the term of this Agreement.

◆ **Fees and Reporting**

- The awarded vendor shall electronically provide NCPA with a detailed quarterly report showing the dollar volume of all sales under the contract for the previous quarter. Reports are due on the fifteenth (15th) day after the close of the previous quarter. It is the responsibility of the awarded vendor to collect and compile all sales under the contract from participating members and submit one (1) report. The report shall include at least the following information as listed in the example below:

Entity Name	Zip Code	State	PO or Job #	Sale Amount

Total _____

- Each quarter NCPA will invoice the vendor based on the total of sale amount(s) reported. From the invoice the vendor shall pay to NCPA an administrative fee based upon the tiered fee schedule below. Vendor's annual sales shall be measured on a calendar year basis. Deadline for term of payment will be included in the invoice NCPA provides.

<u>Annual Sales Through Contract</u>	<u>Administrative Fee</u>
0 - \$30,000,000	2%
\$30,000,001 - \$50,000,000	1.5%
\$50,000,001+	1%

- Supplier shall maintain an accounting of all purchases made by Public Agencies under the Master Agreement. NCPA and Region 14 ESC reserve the right to audit the accounting for a period of four (4) years from the date NCPA receives the accounting. In the event of such an audit, the requested materials shall be provided at the location designated by Region 14 ESC or NCPA. In the event such audit reveals an under reporting of Contract Sales and a resulting underpayment of administrative fees, Vendor shall promptly pay NCPA the amount of such underpayment, together with interest on such amount and shall be obligated to reimburse NCPA's costs and expenses for such audit.

◆ General Provisions

- This Agreement supersedes any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereof, and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained herein shall be valid or binding.
- Awarded vendor agrees to allow NCPA to use their name and logo within website, marketing materials and advertisement. Any use of NCPA name and logo or any form of publicity regarding this contract by awarded vendor must have prior approval from NCPA.
- If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement or to recover any administrative fee and accrued interest, the prevailing party shall be entitled to reasonable attorney's fees and costs in addition to any other relief to which such party may be entitled.
- Neither this Agreement nor any rights or obligations hereunder shall be assignable by Vendor without prior written consent of NCPA, provided, however, that the Vendor may, without such written consent, assign this Agreement and its rights and delegate its obligations hereunder in connection with the transfer or sale of all or substantially all of its assets or business related to this Agreement, or in the event of its merger, consolidation, change in control or similar transaction. Any permitted assignee shall assume all assigned obligations of its assignor under this Agreement.
- This Agreement and NCPA's rights and obligations hereunder may be assigned at NCPA's sole discretion, to an existing or newly established legal entity that has the authority and capacity to perform NCPA's obligations hereunder
- All written communications given hereunder shall be delivered to the addresses as set forth below.

COMPANY PROFILE

Charvoz, a division of Cantel Industries, was the exclusive distributor of Dauphin seating in North America since 1981. The seating division was known as Charvoz-Dauphin and the chairs were imported from Germany until October, 1993. At that time, Dauphin purchased the rights back to its distribution in North America and opened up manufacturing facilities in Boonton, NJ. In October, 1993, the company changed its name to Daco Limited Partnership, d/b/a as Dauphin North America. In 2006, we added a new "value priced" division, called Valo. In 2022, Valo was rebranded to become "Trend Office." This was done so that our marketing efforts matched those with Dauphin in other parts of the world.

Dauphin North America moved into a new 116,000 square foot plant in April of 2013, still located in Boonton, NJ, and manufactures and distributes seating product in the United States, Canada, Central and South America, and in Mexico. We are ISO-9001 certified (quality control standards) and ISO-14001 certified (environmental management system).

Dauphin is a global company, with plants in Germany, England, Spain, Australia, Singapore, South Africa, China, and in New Jersey. Dauphin also has licensing/assembly agreements in over 57 countries. Global sales exceed \$200M.

Who is our competition in marketplace?:

Our competition are the "big 3," Steelcase, H. Miller/Knoll, and Haworth, as well as the individual seating and lounge seating suppliers, such as Davis, AllSeating, Keilhauer, OFS, Sit On It, etc. Our Dauphin brand is geared to the mid to upper end for design style product, and our Trend Office division is geared to mid-market priced product lines such as Global, Hon, Sit On It, etc.

What differentiates our company? :

We have European design influences, German Engineering, but manufactured in the USA. We are part of our large global company, yet operate as a "small business" in the USA, thus can be more flexible in regards to servicing client needs, making custom changes/designs, and accommodating specific lead times. Unlike all of the other European based vendors in the USA, we are the ONLY supplier to make our designs fit the North American market, by retooling and producing our product slightly taller, slightly wider, and incorporating a slightly softer foam vs. what is standardized in Europe. Besides hiring European designers, we also hire American based designers to come up with our offering. Since we are small, our top management is extremely active in the field and can be contacted directly by clients, there are no barriers or walls as exhibited in our larger sized competitors. Our Fixed Seating product line complements

DAUPHIN

the balance of our package, and we provide the layout, drawings, as well as the actual installation with our factory staff. Although perhaps not applicable to NCPA clients, Dauphin can service global clients due to our distribution/licensing and manufacturing in 57 countries.

How will Dauphin market this contract?:

In regards to marketing our product to NCPA clients, Dauphin will do the following:

1. Have our local field sales reps meet on regular basis with NCPA clients to continually educate them with the latest products, as well as to discuss the latest trends in our industry.
2. Provide customized Zoom showroom tours to NCPA clients from our Boonton, NJ showroom. The tours can be as in depth as a full factory tour, as well as showroom tour of products, or in most cases, the Zoom presentation can be of very specific products or groupings based on client project needs. This has proved most popular during Covid shutdown over the last 2 years.
3. Dauphin offers a CEU course titled, "Specify Like a Pro." This CEU is a primer on the basics of specifying office furniture. Although geared toward workers fairly new to our industry, it is still an excellent refresher course for veterans in our industry.
4. Provide sales training on regular basis to our authorized dealers and installation staff so that they are up to speed with all the changes going on with our product line as well as with our industry.
5. Produce printed brochures and printed price lists that are easy to follow and to use to specify product. Not all of our customers work online to get their info.
6. Have periodic "road shows" where product is physically brought to NCPA clients to demonstrate and/or leave for evaluation.

How would Dauphin introduce NCPA to our company? :

Similar to our other contracts that we hold, we would roll out the details, terms and conditions via webinar meetings with our national sales force and regional managers. Also, our regional managers would hold group meetings in their regions with their respective sales reps during their regular travel schedules. Our sales force would receive a "summary sheet" of what is important to know for the NCPA contract.

Dauphin's capabilities of on-line catalog / ordering website:

Dauphin could provide a link to our website specifically for NCPA clients, which would detail the terms and conditions of our agreement / award. However, we are not capable at the present time to allow clients to order directly off our site. Clients would still have to contact our customer service department to place orders.

Dauphin Customer Service:

Hours are 8:30AM to 5:30PM EST. Toll free number: 800-631-1186
Email: info@dauphin.com

Each customer service rep services their respective portion of the USA, but can handle any client in the event of back-up, illness, vacation, etc.

Each customer service rep can be reached either via toll free number or by their individual company email addresses.

In regards to customer service, Dauphin provides the following:

Dauphin will provide sufficient customer service to handle this contract. We employ five (5) customer service representatives, 2 of whom have been in their positions 25+ years. Two of our reps also speak Spanish.

We offer a toll free phone number, a toll free fax number, email correspondence, and a website that can help most customers with pricing, finish details, specs, etc.

We feel we are qualified to meet the needs of this contract as we have similar contracts with numerous other State and government agencies. Details of these other contracts are attached in Tab 3 / Vendor Questionnaire.

Foreword

Entrepreneurship, as we see it, means comprehensive responsibility for our society. Consequently, the economic success of the Dauphin HumanDesign® Group is linked to a company policy which deliberately focuses on the principles of sustainability and sensible environmental protection. At our company, active environmental protection measures and a committed, responsible relationship with nature are in harmony with environmental legislation and standards.

In addition, we ourselves set high standards and strive to ensure that relevant developments occur within the desired framework. With this in mind, we are willing and able to provide answers to possible questions concerning the consequences of our actions at any time.

Our Company

DAUPHIN

Dauphin is one of the world's leading office seating manufacturers, recognized in more than 50 countries for our proven competence in the field. Since our founding in 1969, Dauphin has pursued a commitment to healthy posture and has invested in extensive R&D in the areas of health and design to expand our product portfolio to meet your changing needs. Products which embody the concept of health and safety in the office, plus creative marketing of this principle have been key to our success, and the engine behind our growth to a \$200-million enterprise which produces more than 4,000 units a day and serves the NAFTA markets from our factory located in New Jersey. Active involvement by the company's founding family in all aspects of the company's operation and adaptability to local market demands will continue to propel the growth of this innovative enterprise.

Today, Dauphin is a leading provider of adaptive and modular furniture solutions, which enables Dauphin to tailor their product specifically for the needs of each person and company. Dauphin's goal is to create a "dynamic space" that enables people to thrive and connect in today's interactive and continually changing environment. To meet the demand of today's customers and deliver innovative furnishings Dauphin has implemented four pillars of their company, which is Office Seating, Tables, Lounge Furniture, and Installed Seating. Dauphin has refined each of their products to properly incorporate power solutions to meet the demands of current and future technologies.

Environmental Statement

Since the conception of Dauphin North America in the early 1990's environmental management has been embedded into their business practices. Dauphin's intent was to not only meet the market standards, but exceed them and act as an industry leader in the furniture sector.

To properly establish these principals Dauphin implemented a mission statement on environmental issues, which has acted as the core principles to guide both product development and manufacturing practices.

The activities of Dauphin inherently reflect the personal ethos of the founding family and company stakeholders. Dauphin happily conforms to new standards and practices, because they know it is in the best interest of their customers and the environment. Dauphin continually makes great strides to embrace the standards set forth by BIFMA level, LEED, Greenguard, and HPD Collaborative.

Dauphin continually complies with all local, state, and federal regulations, and when feasible will exceed the regulations to ensure Dauphin is continually striving to better the environment.

OUR MISSION

Our mission is to design and manufacture furniture which is visually appealing, affordable, well-engineered and environmentally responsible.

By doing so, we reduce the use of fresh raw materials, energy usage and more importantly, greenhouse gas to help preserve the natural environment.

Our Environmental Vision

It is our vision to continue to manufacture all of our products in a sound environmentally friendly manner and to ensure that our company continuously improves and develops both healthy and safe environmental procedures.

We also strive to educate our employees and our customers on the importance of our environment and how, together, we can make a difference by protecting it.

Our Fundamental Principles

A great importance is attached to occupational health and safety of our employees and environment, as well as health and fire protection issues in all of our procedures.

We expect that all members of our staff show environmental awareness and act responsibly and continuously encourage this.

We identify, assess and document any environmental issues which are relevant to our operations with a view to devising suitable preventative measures. Thanks to targeted measures, we are able to conserve resources, minimize and eliminate emissions and avoid or optimally recycle any waste

New products are developed with a view to ensuring environmental compatibility and sustainability.

The issue of environmental responsibility applies to our partners and suppliers as well.

Regular internal audits as well as audits by recognized institutions are carried out in order to ensure that the requirements are satisfied.

We look after our Environment

We combine its economic success with a business policy which is deliberately oriented towards sustainability and environmental protection. The company actively cares for the environment and is committed to interacting with nature in a responsible manner - in harmony with environment-related laws and standards. In addition, we ourselves, set high standards and ensure that any developments occur within the desired framework. When it comes to caring for the environment, we are willing and able at all times to provide answers to any possible questions concerning the consequences of our actions.

Green Factory Practices

At the same time as implementing internal company measures, we also minimize any possible impact on the environment caused by our products from the moment they are manufactured until they are finally disposed of. It is true that the foundations for an environmentally friendly product are laid as soon as the product enters the development phase. The careful and sensible way in which we use our materials leads to a clear perspective in the reduction in the overall amount of materials required. Nowadays, recycled materials make up a large part of our products. The products themselves contain no PVC, chromium VI, lead, mercury or CFCs.

We also use breathable foams (PU) for a product with less harmful substances. Finally, the fact that parts of our products can be replaced increases the life cycle of our products considerably.

Recycling stations are set-up in each area in production to properly recycle materials. The materials from each station are periodically collected and are disposed of or recycled to be used as pre-consumer recycled content.

Products use On Demand Packaging, which allows Dauphin to produce the appropriately sized boxes exactly when they need it. This means each of Dauphin's products are shipped in the smallest possible box.

Periodically, the factory runs on special schedules to reduce energy usage at peak hours.

Production layouts of machinery, tools, and labor are periodically reviewed to check their sustainability and efficiency, and revised as needed for improvement.

The factory is accessible by public transportation.

DAUPHIN Green Practices

The forklifts within the factory are battery operated and are only charged on non-peak hours reducing both emissions and cost.

The adhesives we use are 100% water-based. This reduces the VOC emissions, eliminates explosion risks and hazardous waste generation, and keeps disposal costs to a minimum.

The gas for the factory is completely shut off for about 50% of the year and is systematically regulated the other 50% of the year dependent upon the temperature to maximize efficiency and reduction of waste.

Water is exclusively used for sanitary purposes and for watering the on-site gardens.

All tools and machinery are electric powered and do not run on gas.

State grants for energy efficient lighting projects were received by Dauphin to replace fixtures throughout our facility including the office, production, shipping and warehouse areas.

Reducing Our Environmental Impact

+ Sustainable Design Particleboard (Encore™ MR)

Encore™ MR is a sustainable design particleboard (SDP) panel engineered for projects requiring higher moisture resistance in interior architectural and casework applications. Encore™ MR utilizes a formaldehyde-free (NAF) adhesive system. SierraPine produces Encore™MR with no-added Formaldehyde and wide choice of wood finish options; pre-consumer recycled wood or FSC® certified wood.

+ Wood

Dauphin only uses wood from suppliers that are FSC (Forest Stewardship Council) Certified, have a proven Chain of Custody, formaldehyde free, and are ISO 14001:2004 approved. Each supplier's MSDS sheets are reviewed for proper compliance that aligns with Dauphin's standards.

+ Steel

We use mainly low-alloy steel in order to produce our mechanisms and frames, etc. The steel sheeting and tubing used are manufactured by our suppliers using machines. The metal parts are subjected to a range of different treatments. For example, they are degreased in an aqueous extract and subsequently phosphatized and powder-coated. Metal parts can be fully recycled or melted down and used again at any time. We attach great importance to the fact that all of our metal surfaces are free from chromium VI.

+ Aluminum

We use aluminum parts due to the attractive appearance of the material and in situations where plastic would not be strong enough. The surface of the aluminum is prepared according to our requirements.

Three different types of treatment are possible depending on the intended application:

1. Polished aluminum (50 %)
2. Powder-coated aluminum (45 %)
3. Chromed aluminum (5 %)

Approximately 80% of the components are manufactured from recycled aluminum. The use of recycled aluminum means that only 5% of the energy usually required to produce new aluminum is needed. Consequently, aluminum is particularly suitable for a closed recycling cycle.

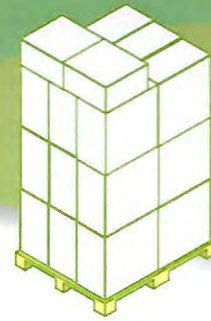

+ Plastics

Our plastic parts are manufactured primarily from polyurethane, polypropylene, polyamide and ABS. These plastics pose no known risk either to people's health or the environment and can be completely recycled.

All parts are labelled with the customary abbreviations, provided that the size of the component and the manufacturing process allow this.

Reducing Our Environmental Impact

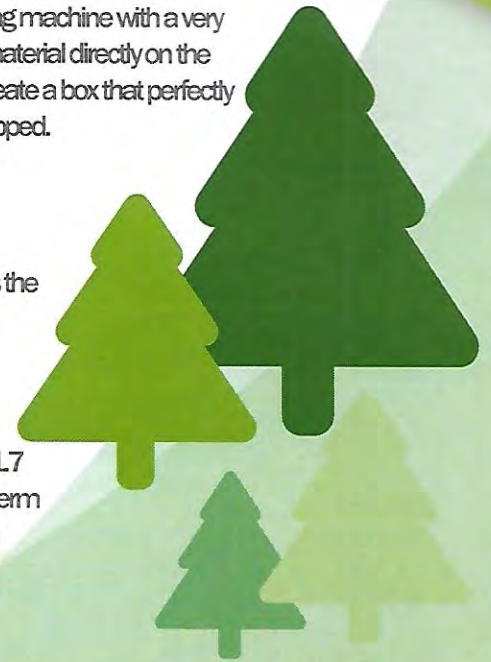

On Demand Packaging system improves the old "store and retrieve" packaging process by placing a corrugated converting machine with a very small footprint together with a stack of corrugated material directly on the pack line. This gives workers the ability to instantly create a box that perfectly matches the product that is to be packaged and shipped.

Dauphin was able to eliminate up to 90% of packaging errors and damages and radically reduced the amount of materials used with On Demand Packaging

+ All of the carton used for packaging is made from responsibly managed, renewable resources, and is supplied by certified fiber sourcing programs such as the Sustainable Forestry initiative (SFI) and the Forest Stewardship Council (FSC).

+ According to SFI, the forest products industry plants 1.7 million new trees every day, contributing to the long-term viability of North American forests, preserving wildlife habitats, sequestering carbon dioxide and offsetting greenhouse gas emissions.

+ We use an independent transportation company to deliver our products instead of our own fleet of trucks. By doing this, we avoid running empty vehicles to return to the factory after deliveries.

+ Chairs are manufactured closest to the customer in order to reduce transportation costs. Dauphin operates nine production sites across Europe and North America.

+ We have come up with a way to maximize space in a container by creating a different configuration in stacking on a pallet for each chair we sell. This strategy has helped our company become more efficient in packaging and shipping, which means less trips and fewer miles while having more product per shipment.

Making a Difference

Recycle and re-use of pallets.

Less trips means less gas.

Stacking of boxes and reducing space.

By doing all of this we reduce our Carbon Footprint significantly.

Goals for Environmental Improvement

1

Saving Electricity

Systematically we will continue to make the best attempt in avoiding periods of peak electricity consumption.

4

Less Parts

Dauphin progressively works to use fewer materials for great products, preserve more energy and find better ways in doing so.

2

Universal Waste

Implementing a universal waste separation system is extremely important for us and our progressive environmental objectives.

5

Educating Staff

Our staff is constantly trained and informed in our green factory practices.

3

Conserving Forests

In an effort to conserve the existing forests, we will continue to see that our hardwood Lumbers and Veneers for our wood tables are taken from areas maintaining the practice of sustained forest management wherever possible.

6

Take Back Program

We are improving and continuing our Take Back program in order to eliminate waste from our own products and continue donating excess materials such as fabrics to upholstery training facilities.

Goals for Environmental Improvement

7

Sustainable Products

We will continue to design and develop the utmost sustainable and environmentally friendly products.

10

Helping Together

We contribute towards preserving our own basic resources in the short and long term. We believe that by acting responsibly, promoting sustainable consumption and lifestyles we can help to solve environmental problems or avoid them altogether.

8

Universally Responsible

We are successively working with suppliers that meet and share the same environmental compatibility and sustainability goals for the environment.

11

Alternative Solutions

We are currently researching the best option in solar energy in order to have clean energy and eliminate pollution.

9

Managing Regulations

We continuously monitor and improve our environmental management system to ensure that the regulations are constantly complied with.

12

Better Materials

We avoid or minimize use of hazardous, toxic or environmentally friendly materials and e renewable, recyclable/recycled materials and minimize the use of thermosets and mixed polymers

DAUPHIN TAKES BACK

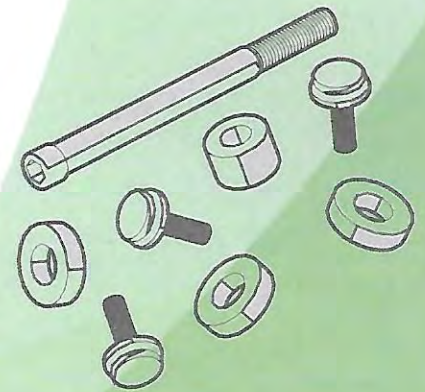

Dauphin's vision of reducing their environmental impact towards our products and manufacturing includes the take back program. Dauphin accepts their chairs at the end of product life for proper recycling. Dauphin can recycle almost **100%** of their chair's materials and components. Chairs must be returned to Dauphin by the customer.

Recycle, Repurpose & Resell

Dauphin takes practice in post consumer recycling where our quality control team inspects each returned product to check it's re-usability. If the product and its components meet the specific requirements and standards, it can be kept for donation or to be sold as a refurbished product.

The chairs that do not meet the necessary requirements will be disassembled, separated by materiality and appropriately disposed of for recycling or in some cases repurposed. As a major part of eliminating waste, Dauphin donates excess materials such as fabric to upholstery training centers, giving this fabric a new purpose.

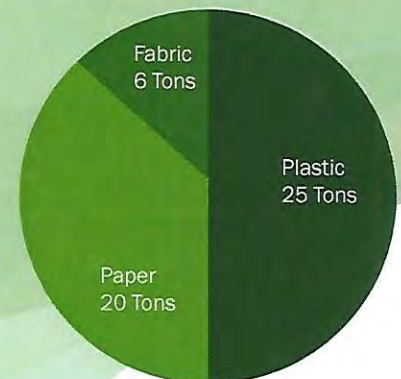

Disposal of Materials & Waste

When products are received they are completely taken apart by trained Dauphin employees, who separate the products by material. Each group of materials are properly grouped together and then recycled at a nearby recycling plant. The separation process ensures an efficient recycling procedure that reduces Dauphin's carbon footprint on the world.

Some materials are donated to local charities, training facilities (i.e. sewing centers), and any other organization or group that can make efficient use of the materials in a sustainable manner.

Environmental Management System

Schedule for Management Review of the Facility's Environment Performance

An annual overview of systems, practices, and resources required to improve our performance is set in place, along with seasonal and periodic reviews to ensure our quality and efficiency.

System for Conducting Internal Audits of the Environmental Management System

- Environmental issues affecting the company are discussed during the regular work hours in meetings. These meetings take place several times a year and are chaired by the company management.
- Efficient internal communication plays a vital role in ensuring that the management system actually works. The specific communication routes are set out in process descriptions and working instructions. The same applies to the relevant documents and records.
- The designated contact personnel are also available to deal with any suggestions relating to internal communication.
- The company management ensures the flow of information at and between all levels of the company by providing the necessary information. Internal audits are carried out to check that this is the case.
- Management makes regular checks to determine whether the company's environmental policy is being observed and its environmental management system is working.

OUR POLICY STATEMENT:

To improve strategies for the carriers and shipping trucks, we will improve the schedule for pick-up and deliveries to make sure no trucks are left idling.

Trucks need to be fully loaded to reduce emissions and save fuel when sending our products out for shipping.

Our freight providers are part of EPA's SmartWay program, which encourages fleet companies to increase fuel efficiency and reduce air emissions from their trucks.

We do not own any trucks; instead we have fleet providers who provide us with their trucks to distribute our products. Our fleet providers and fleet logistics partners are all part of the EPA SmartWay program which means our products are being delivered under the standard placed by EPA's SmartWay.

Here is a list of our fleet providers and logistics that we use, including some information on what they have done to meet the SmartWay standards:

FedEx Freight (LTL Freight):

The FedEx Office green power program is part of a broader initiative by FedEx Corp. to connect the world in responsible and resourceful ways, while minimizing its impact on the environment.

The corporation as a whole is focused on:

- Reducing greenhouse gas emissions;
- Improving the efficiency and environmental impact of its delivery fleet;
- Decreasing facility energy consumption;
- Enhancing the use of green power and sustainable packaging

For example, in 2010 FedEx Express plans to open its largest solar-powered hub to date in Cologne, Germany, which will include a 1.4-megawatt solar power system expected to generate approximately 1.3 gigawatt-hours of electricity per year, equivalent to the annual consumption of 370 households.

By 2020, FedEx plans to reduce carbon dioxide emissions intensity from its FedEx Express aircraft fleet by 20 percent and improve the fuel efficiency of its FedEx Express vehicle fleet by 20 percent.

A. Duie Pyle (LTL Freight):

Pete Dannecker, who is the Director/Loss Prevention at A. Duie Pyle, is accountable for Fleet Maintenance and within that the SmartWay program. He provided me the following information on how A. Duie Pyle is SmartWay certified and the measures they take to maintain their certification.

Here are some examples of what they do to achieve lower emissions and better fuel efficiency, from his own words:

- The majority of our power units are all pretty new and have “EPA clean idle certified” motors.
- We equip the tractors with aerodynamic wind fairings to reduce drag and increase fuel mileage.
- The tires we select are optimized for our application which involves traction in our typical conditions and includes consideration for fuel efficiency and lower rolling resistance.
- We are purchasing power units with automated manual transmissions, which means the engine “brain” decides the optimal shift point, which yields better fuel efficiency than a human making the decision.
- We govern our tractor speed to a maximum of 68 mph. In 70 mph zones it ekes out a bit more efficiency.
- If a tractor is left idling it shuts down in three minutes.
- Trailers that are dedicated to longer haul operations are equipped with wind skirts, which are the aerodynamic wind fairings that run nearly the length of the trailer between the bottom of the trailer and the road . (We cannot equip city delivery units with these fairings because they would often bottom out on the tight roads in our Northeast cities.)
- Drivers are trained to check air pressure on power unit tires and the trailers we buy are equipped with automatic inflators (properly inflated tires are key to efficient rolling resistance).

Beyond EPA’s SmartWay program we consistently worked to reduce our environmental footprint:

- We have equipped one of our Parkesburg, PA warehouses (With half million square foot roof) with large solar array.
- We make strategic use of electric forklifts where it makes sense.
- We have installed motion detectors on our warehouse lighting systems.
- All docks at Pyle’s Service Centers are paperless.
- New Fleet Maintenance Facilities have radiant heated flooring, skylights and motion activated lighting.
- Our used oil and engine coolant are recycled.

Other companies helping us meet our goals:

New Penn Motor Express Inc. (LTL Freight):

New Penn began its SmartWay Transport Partnership in 2005 with exceptional scores in fuel efficiency and environmental performance.

C.H. Robinson (Freight Logistics):

We help companies reduce empty miles—and therefore fuel consumption—by selecting efficient modes of transportation and contract carriers for every shipment

Transportation and network optimization strategies identify efficiency opportunities for our customers. By implementing and executing those strategies, savings are realized through fewer shipments and fewer transportation miles. This results in fewer greenhouse gas emissions

Local and regional farming programs shorten the distance from farm to table and strengthen local economies

C.H. Robinson is involved in programs to help the industry. Here are a few examples:

- EPA's SmartWay: Energy efficiency and security initiatives and greenhouse gas reduction programs
- Sustainable Food Lab: Environmentally and socially sustainable food supply chain programs
- Western Growers®: Increased capacity and cost reduction programs
- Preferred Grower and Quick Pay™: Programs that support small businesses and expedite payments

Nolan Transportation Group, Inc. (Freight Logistics):

- Limiting Deadhead Miles: when we are vetting carriers and searching for available trucks, we always look to source the closest possible truck; this minimizes deadhead and, ultimately limits extra emissions.
- Newer Tractors/Trailers: many of our clients have special requirements for equipment we source on their shipments; newer equipment ensures they are up to current environmental standards also minimizing the effect on the environment.

Our goal for solid waste diversion is to be able to reuse or recycle any byproduct or solid waste created in the process of the fabrication and assembly of our products. We want to make sure that nothing goes into the trash to later go into a landfill. Our products do not create waste in the process of manufacturing and assembling them, so this goal is not difficult to meet, but has to be properly managed.

- Byproducts or solid waste created in the production of our products are **wood shavings, wood chippings, wood pallets, and metal brackets or frames** to hold the materials and components that come in the packaging of the shipped materials. These are sent to a proper location for recycling or are returned to the customer who shipped them within the packaging of the components or materials. **None of these byproducts are disposed of by sending them into the trash.**
- **Wood chippings and shavings** are collected and thrown into a container for wood recycling.
- **Wood pallets** received with the packaging of certain materials and components are used within the facility and sent back with the product or within the packaging to the original owner.
- **Any metal brackets or frames** that come within the packaging for materials or components ordered for the facility are returned to the customer.
- If any **metal frames** (for use within the product) are damaged on their way to the facility and they cannot be used, they will be set aside and stored until there are enough to send to recycling. This process could take up to a year because this rarely happens, but malfunctions and errors do occur.

NO EXTRA PARTS | NO WASTE

- During the assembly of our products, there is no waste created. Every component and part is put to use within the final product. There may be instances where a piece of a component may be chipped off in the process of placement, but even the chippings are collected and placed into the recycling containers within the production area. The recycling materials within this container are cardboard, glass, paper, and plastics. The container is sent to a facility owned by the Action Environmental Group, where it is placed into what they call a “single-stream” recycling process that takes all of the material, identifies what each material is, and separates them for proper recycling.

Dauphin North America (“Dauphin”)
Equal Employment and Sexual Harassment Policy

Dauphin promotes a respectful atmosphere free of discrimination and harassment and equal employment opportunity (EEO) to all employees and applicants for employment without regard to race, color, religion, gender and gender identity, sexual orientation, national origin, age, handicap or disability or status as a Vietnam-era or special disabled veteran. Dauphin complies with applicable federal, state and local laws governing non-discrimination in employment. This policy applies to all terms and conditions of employment, including but not limited to hiring, placement, promotion, termination, layoff, transfer, leaves of absence, compensation and training.

Dauphin prohibits any form of harassment and discrimination and improper interference with the ability of Dauphin’s employees to perform their expected job duties. Inappropriate conduct that creates a hostile environment will not be tolerated.

With respect to sexual harassment, Dauphin prohibits:

1. Unwelcome sexual advances, requests for sexual favors, and all other verbal or physical conduct of a sexual or otherwise offensive nature, especially where:
 - Submission to such conduct is made either explicitly or implicitly a term or condition of employment;
 - Submission or rejection of such conduct is used as the basis for decisions affecting an individual's employment; or
 - Such conduct has the purpose or effect of creating an intimidating, hostile or offensive work environment.
2. Unwelcome offensive comments, jokes, innuendoes and other sexually oriented statements.

COMPLAINT PROCEDURE

If you experience any job-related discrimination or harassment, promptly report the incident to your supervisor who will investigate the matter and take appropriate actions. If you believe it inappropriate to discuss the matter with your supervisor or if you feel it has not been properly dealt with by your supervisor, you may bypass your supervisor and report it directly to the head of your department or to: Art Tolentino, Director of Personnel, Matthew Negron, President, Nick Bayvel, CEO or to the company’s general counsel, Charles R. Cohen, Esq. 201-845-9600, who will undertake the investigation. Your complaint will be kept confidential to the maximum extent possible.

If Dauphin determines that an employee is guilty of harassing another employee, appropriate disciplinary action will be taken against the offending employee which may include termination of employment.

Dauphin prohibits any form of retaliation against any employee for filing a bona-fide complaint under this policy or for assisting in a complaint investigation. However, if after investigating any complaint of harassment or unlawful discrimination, the Company determines that the complaint is not a bona-fide complaint or that an employee has provided false information regarding the complaint, disciplinary action may be taken against the individual who filed the complaint or gave false information.

TAB 5 DAUPHIN LIFETIME WARRANTY

Dauphin warrants its products to be free from defects in material and workmanship for as long as the original customer owns and uses the product under normal single-shift office conditions. If a product is defective, and if written notice of the defect is given to Dauphin within the applicable warranty period, Dauphin, at its option, will replace the defective part or product with a comparable component or product. The lifetime warranty applies to all products, and parts except as noted below:

Item	Warranty Period
Seating mechanisms & Other Moving Parts	10 years
Foam, Dauphin fabrics and Upholstery Materials	3 years
Fluid-Motion Back Cylinders	5 years
Stacking and Side Chair Frames	10 years
Tables (legs and tops)	10 years
Lighting and Electrical	1 year
Bosse Accoustic Spaces	10 years
Fixed Seating	10 years

This warranty does not apply to defects from normal wear and tear, accidents, negligence, abuse, shipment, handling, storage or environmental conditions nor does it apply to "Customer's Own Materials" or to product not assembled in accordance with the assemble instructions. This warranty does not apply to the labor to make good the defect in any manner. Defective product must be returned to Dauphin, at their request. Any modifications to our products made by the purchaser, purchaser's employees or agents, voids this warranty. This warranty extends to all product which are used for normal office purposes and single-shift service. All claims under this warranty must be made by the original purchaser within 30 days of alleged defect. This warranty is the customer's sole remedy for product defect. No other expressed or implied warranty is provided. Dauphin is not responsible for any consequential, economic or incidental damages arising from any product defect.

Tab 8 – Value Added Products and Services

- ◆ Include any additional products and/or services available that vendor currently performs in their normal course of business that is not included in the scope of the solicitation that you think will enhance and add value to this contract for Region 14 ESC and all NCPA participating entities.

Dauphin offers samples for mock-ups and/or product evaluations

Dauphin offers samples for on campus "sample rooms" where clients can evaluate various models of chairs

Dauphin offers "customized" zoom tours of our main showroom and/or factory in Boonton, NJ. Tour could be of our general product offering, or tailored to specific product groups based on client needs.

Dauphin offers a CEU course titled, "Specify Like a Pro." This CEU is a primer on the basics of specifying office furniture. Although geared toward workers fairly new to our industry, it is still an excellent refresher course for veterans in our industry.

Dauphin offers "custom solutions," for our clients. Example, we recently designed and produced for a client a custom sized privacy banquette with an acute angle for the backrest that fit in perfectly underneath a stairwell. We put into use an area that would have been "dead space."

Dauphin has in-house design services team who can provide clients with layouts and renderings, and also assist client design teams with AUTO CAD and REVIT symbols.

Dauphin offers custom logo embroidery stitching for our product line, such as on the backrests of chairs for sports team screening rooms, etc.

Dauphin "Social Responsibility Report" attached

SOCIAL RESPONSIBILITY REPORT

Dauphin recognizes the importance of integrating its values and business operations to meet the interests and expectations of our clients, employees, supplier or vendor as well as the community and the environment in which we operate.

- We are committed to ensuring that our business is conducted accordingly to ethical, professional and legal standards.
- We shall operate in a way that safeguards against unfair business practices with our contracts setting out the terms, conditions and the basis of our relationship.
- All the laws and regulations that apply will be complied with.
- We endeavor to ensure that our clients, partners, suppliers or vendors have confidence in the management processes of the business by the conduct and professionalism of our employees.
- All parties with whom we have a business relationship with will be treated in a fair and respectful manner.
- Dauphin shall encourage suppliers and contractors to adopt responsible business policies and practices.
- We will register and resolve customer complaints in accordance with our standards of service.
- In order to avoid conflicts of interest, only gifts of nominal value may be accepted, provided there is an established business relationship with the supplier. Gifts/meals received by suppliers shall be reported to managers.

Dauphin has an obligation to ensure that all communication of the company information are timely, factual, and accurate and in compliance with applicable regulatory and legal requirements.

Failure to comply may result in significant liability for the company and in some cases, for its employees. It is therefore important that Dauphin implement procedures and policies to govern the disclosure of Company information to the public.

INCLUSIVITY

This policy provides a framework for our goal to develop and maintain a diverse and inclusive workplace. All of our management are accountable to monitor the effectiveness of this policy and demonstrate through example on how to treat every employee, customer, and other persons fairly.

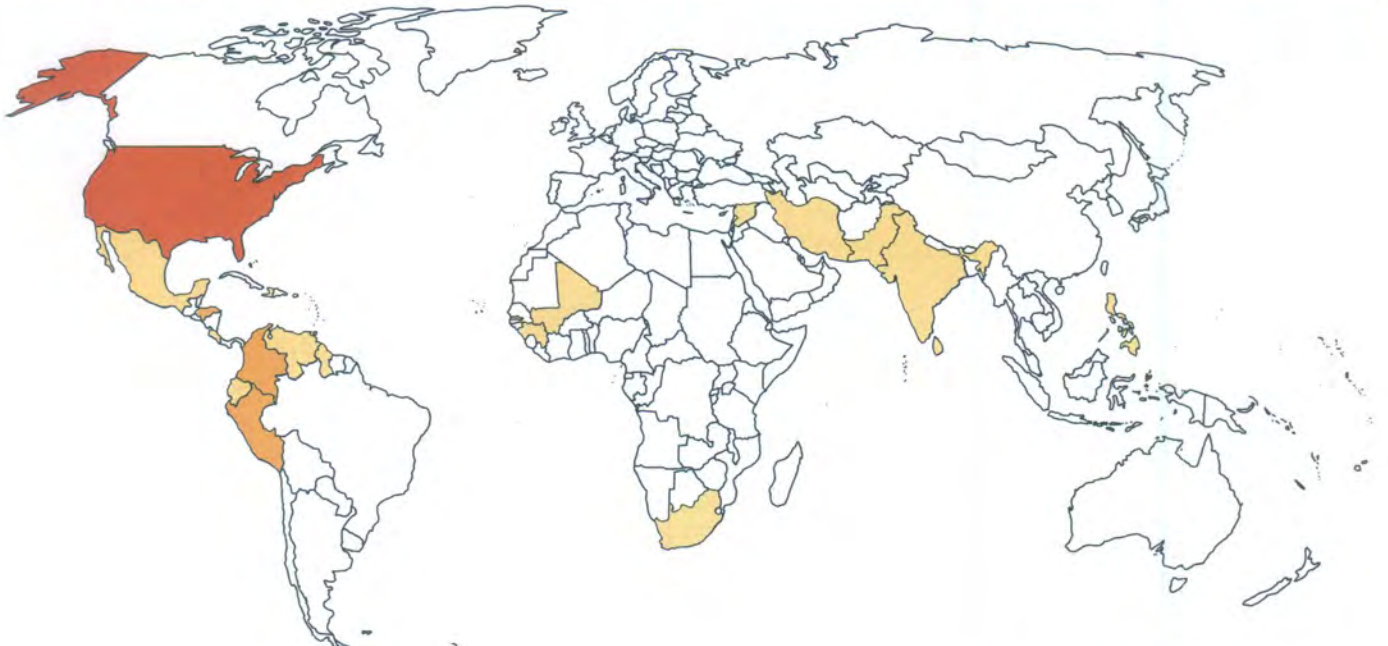

To maintain this policy, we have set the following as our standards that we expect our employees to adhere to:

- Diversity awareness is communicated to all employees.
- All employees are expected to treat each other with respect.
- Any employee found to have exhibited any inappropriate conduct or behavior against others may be subjected to disciplinary action or corrective action depending on the gravity of their violation.
- Employees who witness any inappropriate behavior should report it to their management.

This policy applies to all of our employees, joint ventures, partnerships and companies in which Dauphin has a participating interest. If anything in this policy is in conflict with local statutes or regulations, the latter will prevail.

To demonstrate that Dauphin welcomes people of differing backgrounds, we have taken a survey of all employees working within our production and office spaces. The following are the results:

Employee Nationalities Present at Dauphin Office & Facility

OUR PLEDGE TO OUR COMMUNITY - 2021:

The prevailing culture within a company has a direct correlation with its success. At DAUPHIN we take great pride in being a part of the community by using our resources to provide for communities and projects related to our own values.

Our commitment to benefitting the communities we live in, is an important task we have taken upon, in order to create a positive impact both within and outside our company.

ELIMINATING OUR WASTE

In the last years we have introduced our ever growing Take-Back program. This program aims to eliminate waste from our own products in order to recycle parts, re-purpose used parts, and most importantly refurbish our products. Depending on the quality of the returned product we may re sell the product as a refurbished product or donate the product to nonprofit organizations that are making a difference in our community.

USING OUR RESOURCES FOR OUR COMMUNITY

This sense of responsibility for our community led us to using our resources to help the community we live in. Over the last five years we have donated our products, as well as funds to the Boonton Police Department and Fire Department.

This year we also donated table tops from of our Konstrux tables system to student. They were to use them as materials for mock up projects or as they deemed fit. These tables were picked up from an old project location and brought back to our Boonton facility to be re-purposed.

EDUCATING OUR YOUTH

Aside from using our reusable and recyclable resources to better our community we also take pride in teaching future generations interested in drafting and design. This year we continued to educate the future designers of the world by holding our third annual two hour educational seminar/tour of Dauphin's headquarters and manufacturers, this time for 16 Kean University students who aspire to be the next generation of product and industrial engineers.

BEING A PART OF SOMETHING GREATER

Our sales team yearly donates 2 days to diverse organizations like the Boys and Girls club, local chapters for Habitat for Humanity, and different food shelters. Our Florida team has become part of the Big Brother Big sister chapter in order to mentor and guide the youth. Dauphin prides itself in promoting and encouraging the staff to give back. We encourage 2 communitarian days which are counted and exchanged for 2 full days work (1 to 1).

Aside from hosted students from local universities in our facility. Where we show the students to first hand our manufacturing facility. We educate the student on the different steps in being a sustainable company. We donate, yearly, bolts of extra fabric, drop off wood, and other materials. We hope to divert as much we can from landfills and give students accessibility to different mediums to work with.

COMMUNITY FOOD BANK- Our team joins to pack lunches. CFBNJ's mission is to fight hunger and poverty in New Jersey by assisting those in need and seeking long-term solutions. We will engage, educate and empower all sectors of society in the battle. We advance this mission during times of relative calm and during periods of upheaval. We are so grateful for your support in this fight.

Provided the Dauphin facility at no cost for the IIDA PA/NJ/DE Morristown Product Parade. Value of this totals \$1,500.

MAKING A DIFFERENCE FOR THOSE IN NEED

This year we have made donations to the "Common Thread for the Cure" in Winston Salem, NC, an organization raising money for breast cancer employees in the office furniture/ design industry, and the ASID Washington DC Chapter for their 2021. Dauphin has donated a total of \$3,500.00 for 2021.

- Sold raffle tickets on behalf of "The Common Thread for the Cure", which raised \$6,000 for breast cancer grants.
 - \$1,000 Bay Sponsorship for "The Common Thread for the Cure"
-

Tab 9 INNOVATION

Public Sector Statement: The recent innovations to our product line have enabled Dauphin to increase overall sales in new categories as existing categories have decreased due to market changes. These new product categories have gained traction due to workplaces adopting a hybrid work model with an enhanced focus on employee well-being in the office. We project our latest innovative products will be a key part of our future sales and growth of the company in the public sector.

New categories:

The latest product category we added to our product range is “Acoustic Spaces”, which encompasses both Pods and Room-In-Room products. Our Room-In-Room product known as Space Cubes is the most innovative as it’s a fully equipped pop-up room with over 80 sizes.

New fabrics and finishes:

We have partnered with Gabriel Fabrics, and we are using their Tonal fabric on our Indeed task chair. The Tonal fabric is 99% post-consumer recycled polyester mainly from plastic bottles. We also added to our Cempa side chair series with poly shell seat and backrest, MicroSilver, which neutralized 60% of bacteria, viruses, and pathogens that come in contact with the poly shell.

Finishes for the modular storage unit will include melamine, lacquer, wood, and glass.

New ergonomics:

We recently introduced our new task chair, “Indeed”, which brings our ergonomic options and benefits into one task chair allowing the customer to specify the chair to their specific requirements.

New safety features:

For the Space Cube we have two key safety features. Ion-Cloud is our patented ionization system that cleans the air with 95% efficiency and has been tested against influenza and feline coronavirus. The carbon dioxide sensor protects the occupants within the Space Cube to ensure the airflow is properly regulated.

Tab 10 – Required Documents

- ◆ Federal Funds Certifications
- ◆ Clean Air and Water Act & Debarment Notice
- ◆ Contractors Requirements
- ◆ Antitrust Certification Statements
- ◆ Required Clauses for Federal Assistance by FTA
- ◆ State Notice Addendum

Federal Funds Certifications

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. The following certifications and provisions may be required and apply when a Participating Agency expends federal funds for any purchase resulting from this procurement process. Pursuant to 2 C.F.R. § 200.326, all contracts, including small purchases, awarded by the Participating Agency and the Participating Agency's subcontractors shall contain the procurement provisions of Appendix II to Part 200, as applicable.

APPENDIX II TO 2 CFR PART 200

(A) Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

- Pursuant to Federal Rule (A) above, when a Participating Agency expends federal funds, the Participating Agency and Offeror reserves all rights and privileges under the applicable laws and regulations with respect to this procurement in the event of breach of contract by either party.

(B) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of \$10,000)

- Pursuant to Federal Rule (B) above, when a Participating Agency expends federal funds, the Participating Agency reserves the right to terminate any agreement in excess of \$10,000 resulting from this procurement process in the event of a breach or default of the agreement by Offeror as detailed in the terms of the contract

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 CFR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

- Pursuant to Federal Rule (C) above, when a Participating Agency expends federal funds on any federally assisted construction contract, the equal opportunity clause is incorporated by reference herein.

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

- Pursuant to Federal Rule (D) above, when a Participating Agency expends federal funds during the term of an award for all contracts and subgrants for construction or repair, offeror will be in compliance with all applicable Davis-Bacon Act provisions
- Any Participating Agency will include any current and applicable prevailing wage determination in each issued solicitation and provide Offeror with any required documentation and/or forms that must be completed by Offeror to remain in compliance the applicable Davis-Bacon Act provisions.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

- Pursuant to Federal Rule (E) above, when a Participating Agency expends federal funds, offeror certifies that offeror will be in compliance with all applicable provisions of the Contract Work Hours and Safety Standards Act during the term of an award for all contracts by Participating Agency resulting from this procurement process.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants,

Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

- Pursuant to Federal Rule (F) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term of an award for all contracts by Participating Agency resulting from this procurement process, the offeror agrees to comply with all applicable requirements as referenced in Federal Rule (F) above

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended— Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non- Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

- Pursuant to Federal Rule (G) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term of an award for all contracts by Participating Agency member resulting from this procurement process, the offeror agrees to comply with all applicable requirements as referenced in Federal Rule (G) above

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

- Pursuant to Federal Rule (H) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term of an award for all contracts by Participating Agency resulting from this procurement process, the offeror certifies that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency. If at any time during the term of an award the offeror or its principals becomes debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency, the offeror will notify the Participating Agency

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

- Pursuant to Federal Rule (I) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term and after the awarded term of an award for all contracts by Participating Agency resulting from this procurement process, the offeror certifies that it is in

compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

- No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, the making of a Federal grant, the making of a Federal loan, the entering into a cooperative agreement, and the extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement.
- If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.
- The undersigned shall require that the language of this certification be included in the award documents for all covered sub-awards exceeding \$100,000 in Federal funds at all appropriate tiers and all subrecipients shall certify and disclose accordingly.

RECORD RETENTION REQUIREMENTS FOR CONTRACTS INVOLVING FEDERAL FUNDS

When federal funds are expended by Participating Agency for any contract resulting from this procurement process, offeror certifies that it will comply with the record retention requirements detailed in 2 CFR § 200.334. The offeror further certifies that offeror will retain all records as required by 2 CFR § 200.334 for a period of three years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

CERTIFICATION OF COMPLIANCE WITH THE ENERGY POLICY AND CONSERVATION ACT

When Participating Agency expends federal funds for any contract resulting from this procurement process, offeror certifies that it will comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.; 49 C.F.R. Part 18).

CERTIFICATION OF COMPLIANCE WITH BUY AMERICA PROVISIONS

To the extent purchases are made with Federal Highway Administration, Federal Railroad Administration, or Federal Transit Administration funds, offeror certifies that its products comply with all applicable provisions of the Buy America Act and agrees to provide such certification or applicable waiver with respect to specific products to any Participating Agency upon request. Participating Agencies will clearly identify whether Buy America Provisions apply in any issued solicitation. Purchases made in accordance with the Buy America Act must still follow the applicable procurement rules calling for free and open competition.

CERTIFICATION OF ACCESS TO RECORDS

Offeror agrees that the Inspector General of the Agency or any of their duly authorized representatives shall have access to any non-financial documents, papers, or other records of offeror that are pertinent to offeror's discharge of its obligations under the Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to offeror's personnel for the purpose of interview and discussion relating to such documents. This right of access will last only as long as the records are retained.

CERTIFICATION OF APPLICABILITY TO SUBCONTRACTORS

Offeror agrees that all contracts it awards pursuant to the Contract shall be bound by the foregoing terms and conditions.

Offeror certifies compliance with all provisions, laws, acts, regulations, etc. as specifically noted in the pages above. It is further acknowledged that offeror agrees to comply with all federal, state, and local laws, rules, regulations and ordinances as applicable.

Required Clauses for Federal Assistance provided by FTA

ACCESS TO RECORDS AND REPORTS

Contractor agrees to:

- a) Maintain all non-financial books, records, accounts and reports required under this Contract for a period of not less than two (2) years after the date of termination or expiration of this Contract or any extensions thereof except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case Contractor agrees to maintain same until the FTA Administrator, the U.S. DOT Office of the Inspector General, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto.
- b) Permit any of the foregoing parties to inspect all non-financial work, materials, and other data and records that pertain to the Project, and to audit the non-financial books, records, and accounts that pertain to the Project and to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed for the purpose of audit and examination. The right of access detailed in this section continues only as long as the records are retained.

FTA does not require the inclusion of these requirements of Article 1.01 in subcontracts.

CIVIL RIGHTS / TITLE VI REQUIREMENTS

- 1) Non-discrimination. In accordance with Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. § 2000d, Section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, Section 202 of the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12132, and Federal Transit Law at 49 U.S.C. § 5332, Contractor or subcontractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, marital status age, or disability. In addition, Contractor agrees to comply with applicable Federal implementing regulations and other applicable implementing requirements FTA may issue that are flowed to Contractor from Awarding Participating Agency.
- 2) Equal Employment Opportunity. The following Equal Employment Opportunity requirements apply to this Contract:
 - a. Race, Color, Creed, National Origin, Sex. In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and Federal Transit Law at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable Equal Employment Opportunity requirements of U.S. Dept. of Labor regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor, 41 CFR, Parts 60 et seq., and with any applicable Federal statutes, executive orders, regulations, and Federal policies that may affect construction activities undertaken in the course of this Project. Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, marital status, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, Contractor agrees to comply with any implementing requirements FTA may issue that are flowed to Contractor from Awarding Participating Agency.
 - b. Age. In accordance with the Age Discrimination in Employment Act (ADEA) of 1967, as amended, 29 U.S.C. Sections 621 through 634, and Equal Employment Opportunity Commission (EEOC)

implementing regulations, "Age Discrimination in Employment Act", 29 CFR Part 1625, prohibit employment discrimination by Contractor against individuals on the basis of age, including present and prospective employees. In addition, Contractor agrees to comply with any implementing requirements FTA may issue that are flowed to Contractor from Awarding Participating Agency.

- c. Disabilities. In accordance with Section 102 of the Americans with Disabilities Act of 1990, as amended (ADA), 42 U.S.C. Sections 12101 *et seq.*, prohibits discrimination against qualified individuals with disabilities in programs, activities, and services, and imposes specific requirements on public and private entities. Contractor agrees that it will comply with the requirements of the Equal Employment Opportunity Commission (EEOC), "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 CFR, Part 1630, pertaining to employment of persons with disabilities and with their responsibilities under Titles I through V of the ADA in employment, public services, public accommodations, telecommunications, and other provisions.
 - d. Segregated Facilities. Contractor certifies that their company does not and will not maintain or provide for their employees any segregated facilities at any of their establishments, and that they do not and will not permit their employees to perform their services at any location under the Contractor's control where segregated facilities are maintained. As used in this certification the term "segregated facilities" means any waiting rooms, work areas, restrooms and washrooms, restaurants and other eating areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion or national origin because of habit, local custom, or otherwise. Contractor agrees that a breach of this certification will be a violation of this Civil Rights clause.
- 3) Solicitations for Subcontracts, Including Procurements of Materials and Equipment. In all solicitations, either by competitive bidding or negotiation, made by Contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by Contractor of Contractor's obligations under this Contract and the regulations relative to non-discrimination on the grounds of race, color, creed, sex, disability, age or national origin.
 - 4) Sanctions of Non-Compliance. In the event of Contractor's non-compliance with the non-discrimination provisions of this Contract, Public Agency shall impose such Contract sanctions as it or the FTA may determine to be appropriate, including, but not limited to: 1) Withholding of payments to Contractor under the Contract until Contractor complies, and/or; 2) Cancellation, termination or suspension of the Contract, in whole or in part.

Contractor agrees to include the requirements of this clause in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

DISADVANTAGED BUSINESS PARTICIPATION

This Contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, "*Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs*", therefore, it is the policy of the Department of Transportation (DOT) to ensure that Disadvantaged Business Enterprises (DBEs), as defined in 49 CFR Part 26, have an equal opportunity to receive and participate in the performance of DOT-assisted contracts.

- 1) Non-Discrimination Assurances. Contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Contract. Contractor shall carry out all

applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or other such remedy as public agency deems appropriate. Each subcontract Contractor signs with a subcontractor must include the assurance in this paragraph. (See 49 CFR 26.13(b)).

- 2) **Prompt Payment.** Contractor is required to pay each subcontractor performing Work under this prime Contract for satisfactory performance of that work no later than thirty (30) days after Contractor's receipt of payment for that Work from public agency. In addition, Contractor is required to return any retainage payments to those subcontractors within thirty (30) days after the subcontractor's work related to this Contract is satisfactorily completed and any liens have been secured. Any delay or postponement of payment from the above time frames may occur only for good cause following written approval of public agency. This clause applies to both DBE and non-DBE subcontractors. Contractor must promptly notify public agency whenever a DBE subcontractor performing Work related to this Contract is terminated or fails to complete its Work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. Contractor may not terminate any DBE subcontractor and perform that Work through its own forces, or those of an affiliate, without prior written consent of public agency.
- 3) **DBE Program.** In connection with the performance of this Contract, Contractor will cooperate with public agency in meeting its commitments and goals to ensure that DBEs shall have the maximum practicable opportunity to compete for subcontract work, regardless of whether a contract goal is set for this Contract. Contractor agrees to use good faith efforts to carry out a policy in the award of its subcontracts, agent agreements, and procurement contracts which will, to the fullest extent, utilize DBEs consistent with the efficient performance of the Contract.

ENERGY CONSERVATION REQUIREMENTS

Contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plans issued under the Energy Policy and Conservation Act, as amended, 42 U.S.C. Sections 6321 *et seq.* and 41 CFR Part 301-10.

FEDERAL CHANGES

Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, listed directly or by reference in the Contract between Public Agency and the FTA, and those applicable regulatory and procedural updates that are communicated to Contractor by Public Agency, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this Contract.

INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

The provisions include, in part, certain Standard Terms and Conditions required by the U.S. Department of Transportation (DOT), whether or not expressly set forth in the preceding Contract provisions. All contractual provisions required by the DOT and applicable to the scope of a particular Contract awarded to Contractor by a Public Agency as a result of solicitation, as set forth in the most current FTA Circular 4220.1F, published February 8th, 2016, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Contract. Contractor agrees not to knowingly perform any act, knowingly fail to perform any act, or refuse to comply with any reasonable public agency requests that would directly cause public agency to be in violation of the FTA terms and conditions.

NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES

Agency and Contractor acknowledge and agree that, absent the Federal Government's express written consent and notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to agency, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract.

Contractor agrees to include the above clause in each subcontract financed in whole or in part with federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS

Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. §§ 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 CFR Part 31, apply to its actions pertaining to this Contract. Upon execution of the underlying Contract, Contractor certifies or affirms, to the best of its knowledge, the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying Contract or the FTA assisted project for which this Contract Work is being performed.

In addition to other penalties that may be applicable, Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on Contractor to the extent the Federal Government deems appropriate.

Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307 (n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

Contractor agrees to include the above clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.
