RE: ASSA Group dba Enwork V.18 Price Increase

Dear Mr. Zingelmann,

On April 1st, 2022 Enwork will be implementing our new V.18 price list. This price list includes new finishes, new products and product extensions, and removes discontinued and obsolete products.

A small price increase of approximately 3% is included with this update. This price adjustment directly ties with the cost increases faced by Enwork since launching its V.17 price list in August of 2021.

- Steel cost increase (outlined in the attached iron/ steel PPI report)
- Transportation cost increase (outlined in the attached transportation PPI report)
- Lumber cost increase (outlined in the attached lumber / wood products PPI report)
- Office furniture manufacturing, except wood increase (outlined in the attached PPI report)

Enwork is formally requesting a price increase with OMNIA to our new V.18 price list on 04/01/2022.

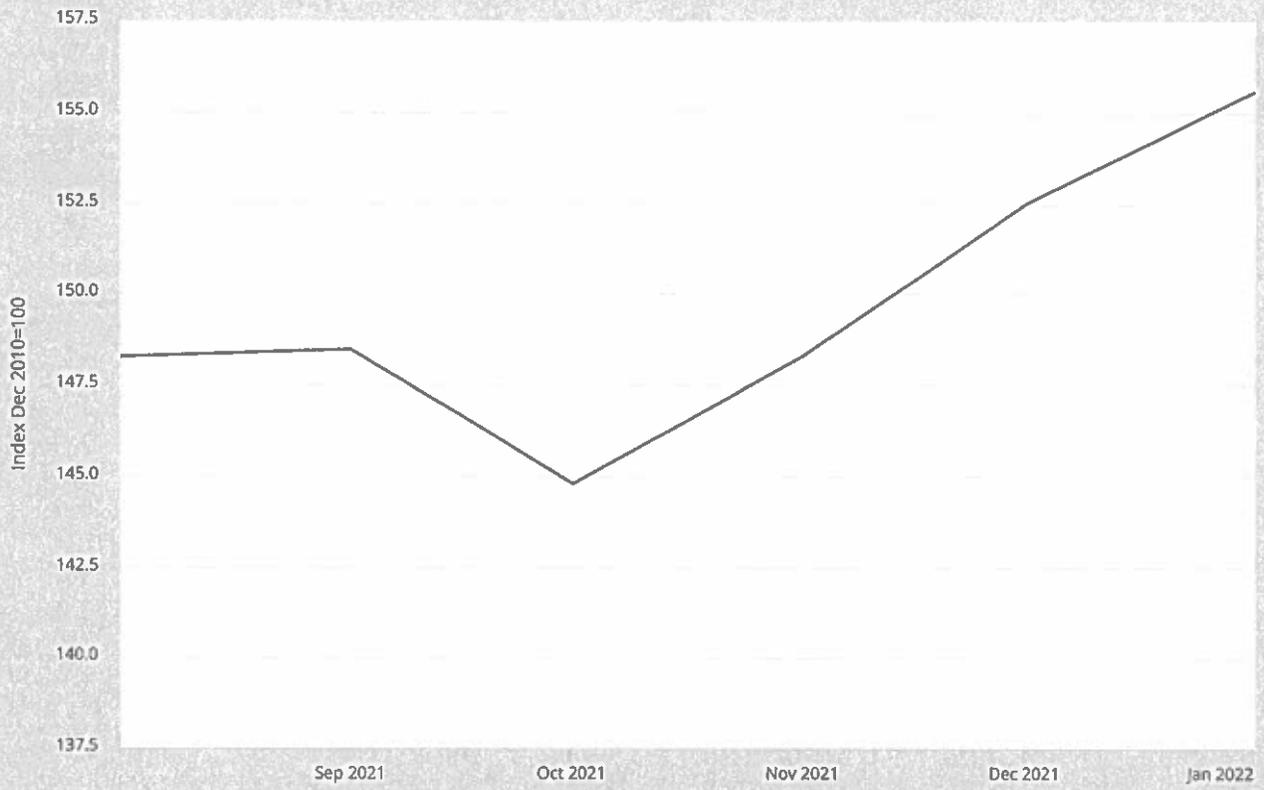

If you have any questions or concerns, please do not hesitate to contact me directly.

Sincerely,

George Kudwa
Market Manager
