**For material changes, the awarded contract holder and/or subsequent assignee agrees to and understands the following principles:**

i. **Contract holder reference.** If the contract holder undergoes a merger, acquisition, or partial assignment, in which case they still maintain the contract, then all transactions made under the existing contract number (including purchase orders) must reference the name of the awarded contract holder. The exception to this requirement is if the contract holder no longer holds the contract or if the company has been acquired by another company and undergone a name change. Notice of the authorized name change, to the existing contract, must be provided and approved by Region 4.

In instances where the contract holder has acquired a separate and distinct company, and it is necessary to designate those certain purchases facilitated by the non-contract holder, then this designation may be made if, and only if, the contract holder is also referenced on the transaction.

ii. **Maintenance of records.** Both the awarded contract holder and subsequent assignee agree to remain responsible for maintaining all auditable records, including documents kept in the ordinary course of business and sales invoices, related to OMNIA Partners, Public Sector and/or contract number pursuant to the statutory requirements identified in the vendor contract.

iii. **Payments.** Both the awarded contract holder and subsequent assignee agree that all payments made by participating entities must be made directly to the contract holder, unless otherwise approved by Region 4. Accordingly, both parties acknowledge that in instances where it is necessary to designate the purchases facilitated by assignee, that the contract holder must also be referenced on the purchase order.

iv. **Handling of Proprietary and/or Confidential Information.** In accord with the terms of the contract, both awarded vendor and assignee agree that at all times it will hold in strict confidence and not disclose to any third party Confidential and/or Proprietary information of Region 4, except as approved in writing by Region 4, and will use the Confidential Information for no purpose other than providing services under the contract. Both awarded vendor and assignee shall only permit access to Confidential Information to those of its employees or authorized representatives having a need to know and who have signed confidentiality agreements or are otherwise bound by confidentiality obligations at least as restrictive as those contained herein.

This document is to be construed in strict accordance with the terms and conditions outlined in the Region 4/vendor Master Agreement referenced herein. Both awarded vendor and assignee agree to uphold the vendor obligations set forth in the vendor agreement. This Agreement will become effective when signed by all parties.

### Multi-Unit Application

Terra is designed to be used in conjunction with multiple units to define spaces. If multiple units of various widths are intended to be placed flush side-by-side in a row or a 90-degree angle, spacing between plant pots is 18" for all widths (36", 54", and 72").

#### Dimensions

#### Side-by-Side Example

### Standalone Application

If Terra is intended to be used standalone, spacing between plant pots on a single unit varies based on width. For example, a 48"W Terra planter is 16" between pots, but for a 54"W Terra planter, it's 18" between pots. Widths available for standalone planters include 48", 54", 60", and 66".

RE: ASSA Group dba Enwork V.21 Price Increase (R240103)

Dear Mr. Tabor,

On November 1<sup>st</sup>, 2025, Enwork will be implementing our V.21 price list. This price increase includes new finishes, products and product extensions. We are also removing discontinued/obsolete products.

A small price increase of approximately 3% is included with this update. This price adjustment directly ties with the cost increases faced by Enwork since launching our V.20 price list last November. PPI reports found on the following pages.

- Metals and Metal Products: Iron and Steel
- Office Furniture (Including Fixtures) Manufacturing
- Office Furniture, Except Wood, Manufacturing

Enwork is formally requesting a price increase with OMINA to our commercial V.21 price list on 11/01/2025.

If you have any questions or concerns, please do not hesitate to contact me directly.

Sincerely,

George Kudwa
