

A Multi-Department, Multi-Channel Payment Collection Platform Purpose-Built for the Public Sector

Freeing you from outdated systems so you can focus
on smarter revenue strategies

Cut Down on Administrative Time

Say goodbye to manual reconciliations, endless transaction searches, and long office lines. With multi-department, multi-channel payment integration, unlock massive savings for you and your team.

Collect More Payments

Make it easier for your customers to pay with modern, user-friendly options that cater to everyone, seamlessly connecting payments across multiple departments. Your customers stay on top of their bills, and you can track their payments in real-time.

Get Ahead of Security Concerns

With proactive monitoring, advanced encryption, fully redundant cloud systems, and backing by PCI Level-1 and SOC 2 Type 1 & 2 certifications, Euna Payments ensures you exceed the highest security standards with a proven track record to match.

Working with Euna Payments, we were able to think about the core infrastructure issues: both the PCI compliance and the money movement. We knew we needed to have something that supported the diversity of our departments. Now we have seamless integration across different departments.

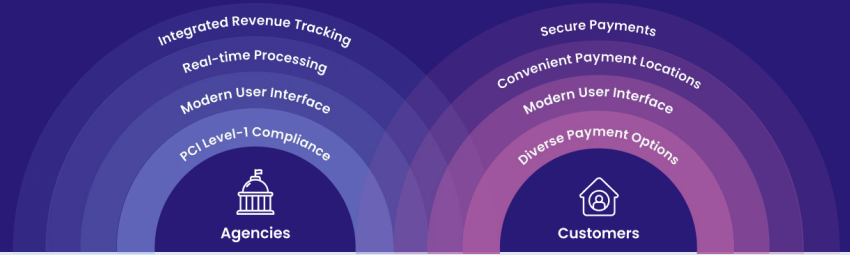

– **Tajel Shah**

Chief Assistant Treasurer, City and County of San Francisco

Collect More Revenue While Spending Less

- ✓ More On-Time Payments
- ✓ Less Costs
- ✓ Reduced PCI Exposure

With Euna Payments, you can simplify the collection of essential revenue streams while unlocking greater cost savings, improved efficiency, and enhanced user experiences.

Cashiering	Online Payments	Kiosks
Boost In-Person Collections and Cut Costs Optimize your essential in-person payment collections at your department offices, helping you accept more payments and massively cut costs.	An Online Payments Solution Your Constituents Will Keep Coming Back To Enable residents to make efficient, secure online transactions through a portal they trust, resulting in better collections for your government.	Free Up Staff Time with Secure 24/7 Payment Kiosks Save thousands by automating your costly in-person payment collection office with cloud-based, cash-accepting kiosks.

Revenue Management

Cut Down on Costly Manual Reconciliation

Easily access revenue streams from all channels and departments, so you can stop drowning in spreadsheets and relish in real-time information

Platform

Security Integrations

“ It is our priority to improve access for customers who need to pay their bills in person, especially those who pay in cash. We also take staff and customer safety extremely seriously and wanted to make it easier for them to do their jobs, receive services and reduce unnecessary person-to-person contact.

— Donna Witt
Chief Financial Officer, Lynchburg, VA

Discover how Euna Payment’s purpose-built platform can increase access, security and simplicity for both your customers and staff.
