## vi. Return and Restocking Fees

Authorization for returns must be requested from and approved by Exemplis LLC prior to the return of the merchandise. Returns are subject to a restocking charge equivalent to 40% of the net order plus freight. Unauthorized returns will not be accepted by Exemplis LLC.

## vii. Additional Discounts & Rebates

Exemplis LLC's current tiered structure incentivizes Region 4 ESC Members with additional discounting for larger volume projects. In addition, we allow Region 4 ESC Members to "bundle" smaller projects over a designated time period to receive a deeper discount tier based on total volume.

- Volume tier structure for all Exemplis LLC Brands
  - Tier 1: \$1 - \$50,000
  - Tier 2: \$50,001 - \$100,000
  - Tier 3: \$100,001 - \$250,000
  - Tier 4: \$250,001 +

# Exemplis®

The national cooperative purchasing contract space is highly competitive for furniture manufacturers. Often times we extend deeper discounting to assure winning a project. As a result, customers benefit from the competitive and aggressive landscape.

## Bi-Annual Customer Promotions (typically last 3 months)

- Exemplis LLC will run a Summer Sales promotion, which includes additional discounting for the customers (for example: an additional 3% discount off net price for Region 4 ESC Members). Historically, our promos were a great success for both parties.

## viii. Verifying Contract Pricing

Exemplis LLC's sales force and authorized dealer network will be informed of the contract details immediately upon a potential Contract Award. We will hold webinars, release e-mail blasts, and distribute key contract information sell sheets to our nationwide sales team within the first 90 days of Contract Award. This will ensure Region 4 ESC Members will receive accurate contract pricing utilizing the approved price books.

Our distribution partners use sophisticated specification software tools like Giza, CAP, 20/20 and our Chairbuilder/Productbuilder tool to generate bill of materials, spec sheets and quotes/proposals. The Chairbuilder/ProductBuilder tool can found on our customer-facing web-sites ([www.sitonit.net](http://www.sitonit.net) ; [www.ideondesign.com](http://www.ideondesign.com) ; [www.symmetryoffice.com](http://www.symmetryoffice.com)). These quotes will usually have a product description, full model number, list price, contract discount and net price. The model numbers and pricing can be independently verified by using the commercial price guide and applying contract discount or by using our Chairbuilder/Productbuilder tool and then apply the contract discount.

All purchase orders from Region 4 ESC Members shall be issued to our authorized dealer network. The authorized dealer would then issue a purchase order to Exemplis LLC. The purchase order must identify a unique "Terms Variance Number" directly associated with this Contract and discounting structure. This will ensure the correct discounting and price book have been applied to qualified purchase orders.

Region 4 ESC Members shall be able to verify and audit pricing by visiting Exemplis LLC's web-landing pages on our public-facing websites. These web-landing pages will include:

- Approved price books
- Contract discounting
- Contract number
- Contract term
- Approved products
- Other related contract information

ix. Payment Methods

- EFT
- ACH (Electronic Check or Debit)
- Wire Transfer
- Credit Cards will be accepted with a 3% processing fee

x. Exemplis LLC implements price increases based on commodity/supply chain, medical costs and benefits, and unanticipated inflation and national/international economic events. On average, Exemplis LLC implements one price increase a year.

Exemplis LLC will not change our proposed discounting to Region 4 ESC during the term of potential Contract.

xi. Exemplis LLC launches the greatest number of new and innovative Products when compared to other office furniture manufacturers. We released 28 new Products in 2019 and will release 34 in 2020. When introducing new Product(s), we will submit the request to Region 4 ESC for approval. All new Products will receive the same contract discount off list price.

- (d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

**Subrecipient** means a non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

## C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

### Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 ([http://www.nj.gov/dca/divisions/dlgs/resources/lfns\\_2006.html](http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html)). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of \$17,500 that are **not awarded** pursuant to a “fair and open” process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
  - a. The Division has prepared model disclosure forms for each county. They can be downloaded from the “County PCD Forms” link on the Pay-to-Play web site at <http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12>. They will be updated from time-to-time as necessary.
  - b. A public agency using these forms **should edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
  - c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
  - d. The form may be used “as-is”, subject to edits as described herein.
  - e. The “Contractor Instructions” sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
  - f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a “Stockholder Disclosure Certification.” This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at [http://www.nj.gov/dca/divisions/dlgs/resources/lfns\\_2006.html](http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html)). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

### **C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM**

#### **Contractor Instructions**

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a “fair and open” process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee\*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
  - of the public entity awarding the contract
  - of that county in which that public entity is located
  - of another public entity within that county
  - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an “interest” ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, “a contribution by that person’s spouse or child, residing therewith, shall be deemed to be a contribution by the business entity.” [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

- Describe any green or environmental initiatives or policies:

- As an industry innovator, Exemplis LLC's executive management team views sustainability as essential to its core business and values. We have engrained that philosophy from the top down organization-wide. Our lean manufacturing practice, along with 'Rapid Continuous Improvement' processes provides the foundation of our sustainability strategy by linking eliminating waste, conserving resources, responsibly designing product for durability and extended life and offering an 'End of life' take-back program.
- All SitOnIt Seating and IDEON Soft Seating products have been tested and certified by the GREENGUARD Environmental Institute for meeting safe indoor air quality emissions recognized by the USGBC LEED rating system. Furthermore, all products have been certified to the even more stringent levels required by the GREENGUARD Children & Schools in accordance with the Collaborative for High Performance Schools (CHPS). We also demand all of our textile vendors to be GREENGUARD certified, to ensure that our products will have none or little VOCs.
- Exemplis LLC's manufacturing facility, processes and practices are world class and by the nature of being a "Mass Assembler" we are inherently going to be greener than those manufacturers who do some of their own vertical component production (i.e. dipping frames into caustic chrome).
- Exemplis LLC is committed to improving energy conservation and efficiency which includes reducing our overall energy consumption and greenhouse gas emissions. It is our policy to continuously improve upon and regularly monitor our energy performance; acting in accordance with all current and future local, state and national legislation required of our operations in this area.
- The Exemplis LLC Supply Chain team has built-in goals and incentives to source components with higher recycled content and from regional partners. On average, SitOnIt Seating and IDEON Soft Seating products have anywhere from 10% - 20% recycled content in the finished product. With any component we buy, besides the percentage of recycled content, our greatest priority is the quality and craftsmanship of the component.
- Reducing the environmental impact of our products begins with our new product development process. All new products or major design modifications on existing products go through our Design for Environment (DFE) process which seeks to incorporate energy and water efficiency, renewable, recycled, recyclable and biodegradable materials, and to account for end of life impacts. As part of this process, we also incorporate Design for Durability/Upgradeability (DFDU) into all

products. Our products are designed to have a long and useful life and are manufactured to withstand repeated service, repair and handling. To facilitate maintenance, servicing and reassembly, replaceable components are standard features of our products, making them easy to refurbish and upgrade for multiple uses by the original or future users. We are also one of a few manufacturers who stands behind their lifetime warranty and will, upon approval, pay for the labor on warranty replacements.

- In 2014, we achieved the ultimate recognition for our sustainability efforts by attaining ANSI-BIFMA e3 Furniture Sustainability Standard LEVEL 1 certification for our plant and all SitOnIt Seating and IDEON Soft Seating products. Please visit [www.spot.ul.com](http://www.spot.ul.com) for verification of Exemplis LLC's sustainable production processes and LEVEL 1 certifications.
- Within the past year, Exemplis LLC attained the highly coveted ANSI-BIFMA e3 Furniture Sustainability Standard LEVEL 2 certification.
- We are not only environmentally mindful of our production process and being as efficient with raw materials and waste, but that also trickles down to how we package and ship our product. We can ship a few different ways, blanket wrapped, KD (knocked down in a small box), partially assembled or fully assembled. We prefer blanket wrapping as the most environmentally and economically friendly option, but if that is not possible, the KD or partially assembled box is going to be significantly smaller than what most other manufacturers are able to achieve with their cartons.
- In terms of "End-of-life strategy" for products, Exemplis LLC has a few options for OMNIA Partners members. We have a Take-Back Program to minimize product waste and make being environmentally responsible easy for our customers. To honor this, we have partnered with the nonprofit environmental organization ANEW to offer a return program for surplus product, regardless of condition.
- If a customer chooses to embark on the recycling effort on their own, Exemplis LLC has chair disassembly instructions (PDF) for safer, environmentally conscious disposal. The End of Life Recovery Options matrix (PDF) provides a precise explanation of materials used in various products, examples of components, recycling notes and where to find a recycling outlet nearest your member so they can dispose of the chairs in an eco-friendly manner.
- Please find our Social Responsibility Report attached to this Document for additional information on our environmental and sustainability initiatives (Appendix 2 to Exhibit A).

- Describe any diversity programs or partners Company does business with and how Participating Agencies may use diverse partners through the Master Agreement. Indicate how, if at all, pricing changes when using the diversity program:
  - Exemplis LLC is in process of improving our diversity team to help capture the diverse status of our supply chain partners and authorized dealers. Since our founding in 1996, we constantly strive to partner with diverse suppliers and dealers throughout the country. Our Supply Chain philosophy is to promote fairness and encourage diversity in the procurement process.
  - The Authorized Dealer List included in our response (see Exhibit B to Attachment 3) indicates what dealers are diverse (minority, women-owned, veteran owned, service-disabled veteran owned, etc.). This list will continue to be improved upon as our diversity team implements an electronic outreach to our authorized dealers in order to obtain their diversity status. Our 2020 goal is for our sales team to be in constant communication with our diversity team to obtain clarification on what dealer is/isn't diverse.
  - In addition, Exemplis LLC will actively evaluate new diverse dealers as we continue to develop our authorized dealer network.
  - Exemplis LLC's customer discounting will not change based upon a customer working with a diverse dealer.

We will leverage our distribution network by supplying our sales force with the upfront contract training, co-branded marketing material and other tools to assist in pre/post sales cycle. That is our macro-strategy, but we would also target our top 5 dealers in every market for a deeper, targeted selling & distribution approach, which could be done in conjunction with the OMNIA Partners regional business development managers.

- Exemplis LLC has prioritized 5 key dealers per market in the United States. We have 29 markets in the United States. We will hold webinars, release e-mail blasts, and distribute key contract information sell sheets to our nationwide sales team within the first 90 days of Contract Award. This will ensure Participating Agencies will receive accurate contract pricing utilizing the approved price books.
  - Our distribution partners use sophisticated specification software tools like Giza, CAP, 20/20 and our Chairbuilder/Productbuilder tool to generate bill of materials, spec sheets and quotes/proposals. The Chairbuilder/ProductBuilder tool can found on our customer-facing web-sites ([www.sitonit.net](http://www.sitonit.net) ; [www.ideondesign.com](http://www.ideondesign.com) ; [www.symmetryoffice.com](http://www.symmetryoffice.com)). The model numbers and pricing can be independently verified by using the commercial price guide and applying contract discount or by using our Chairbuilder/Productbuilder tool and then apply the contract discount.

- Describe Company's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions:
  - Exemplis LLC has implemented the Microsoft Dynamix AX ERP system in 2017. This ERP System has been customized to input purchase orders, generate customer acknowledgments, initiate work orders for our manufacturing facility, assist with shipments for all orders, and fully support billing and receivables.
  - Exemplis LLC accepts the following payment formats:
    - Check

# Exemplis®

- Credit card (3% Processing Fee)
  - ACH
  - Wire Transfer
  - EFT
- Provide the Contract Sales (as defined in Section 10 of the OMNIA Partners, Public Sector Administration Agreement) that Company will guarantee each year under the Master Agreement for the initial three years of the Master Agreement ("Guaranteed Contract Sales"):
  - Exemplis LLC has decided to not provide a specific Guaranteed Contract Sales amount for the initial three years of this Agreement.
    - \$0.00 in year one
    - \$0.00 in year two
    - \$0.00 in year three
- Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement:
  - Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners):
    - Exemplis LLC in conjunction with our aligned dealers intends to respond to most end user solicitations with the negotiated "tiered" agreement pricing. We believe the negotiated discounting tiers are very favorable to end users.
  - If competitive conditions require pricing lower than the Agreement pricing, Company may respond with lower pricing through the Master Agreement. If Company is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement:
    - When competitive conditions require lower pricing than the Agreement pricing, Exemplis LLC will first understand the project scope, scale and competitive landscape and then strategically decide whether it is appropriate to extend deeper than the Agreement pricing.
  - Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners):

# Exemplis

- Exemplis LLC and our dealer network will qualify pre-sales/solicitation whether the OMNIA Partners member is open to using the Agreement, if so, we intend to use the negotiated discount. If not, we will use commercial project pricing to respond.
- If alternative or multiple proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as an alternative or additional proposal.
  - In this scenario, Exemplis LLC and aligned dealer would only respond with Agreement pricing.

**Risk category for this business:** MODERATE

The Credit Limit Recommendation (CLR) is intended to serve as a directional benchmark for all businesses within the same line of business or industry, and is not calculated based on any individual business. Thus, the CLR is intended to help guide the credit limit decision, and must be balanced in combination with other elements which reflect the individual company's size, financial strength, payment history, and credit worthiness, all of which can be derived from D&B reports.

Risk is assessed using D&B's scoring methodology and is one factor used to create the recommended limits. See Help for details.

# 2018 Social Responsibility Report

Made in  
California.  
Designed  
by you.

## Who we are

---

With the fastest lead time in the industry, SitOnIt Seating® and IDEON offer high-quality seating that combines award-winning design with intelligent ergonomics. From healthcare to higher education, we've been the go-to destination for built-to-order seating since 1996.

Born and bred in California, all of our key collections are designed in-house and rigorously tested for quality control, strength and durability. We make customization easy—our user-friendly ChairBuilder® tool lets you design your dream chair with just a few clicks. With chairs, sofas and stools for every desk, space and environment, the possibilities are endless.

Discover premium seating solutions—at a fraction of the price.

## Our build-to-order promise

---

Custom-designed chairs, no waiting. Our lean manufacturing operation means we can ship build-to-order chairs in just two days. That means we can build the chair you want—and deliver it when you want it—at a price no one else can match.

## Fastest shipping in the industry

---

Choose from 2, 5 or 10-day shipping. We cut lead time, sync orders and avoid off-schedule shipments at a rate our competitors just can't match. From start to finish, we maximize efficiency in every single area—whether it's sourcing and logistics or assembly and production.

## Letter from our Founder & CEO

---

At SitOnIt Seating® and IDEON®, we understand how important it is to get what you want – to have an idea and see it created.

We built a company to help you do just that.

SitOnIt Seating® is the leader in custom, affordable build-to-order seating. We offer dozens of models, hundreds of options and thousands of textiles so you can get exactly what you want. Our chairs are made with world-class style for maximum comfort by renowned designers and engineers (at a price that is much lower than you would expect).

We also know that when you decide what you want, you want it fast. Our innovative build-to-order system means your custom creation ships in 2, 5 or 10 days – a promise unmatched in the industry. Because our products meet the highest industry standards, we stand behind them with a lifetime warranty. That's part of our outstanding customer service experience before, during and after each sale.

We're a California company and have proudly manufactured our products here since 1994. Our state faces monumental environmental challenges, as do other parts of North America: air pollution, drought and declining space in landfills are part of our ongoing challenges.

We have committed ourselves to being part of the solution, not part of the problem.

Our GREENGUARD Gold certified products protect indoor air from harmful emissions. We use less water to make a chair than we did five years ago. Material waste including fabric scraps and other components are collected, sorted and given to local recyclers to use in post-consumer products. We've implemented a complete design for environment program (DFE) addressing renewable and recyclable materials, end-of-life management, water management and energy efficiency. We have achieved ANSI/BIFMA level® certification, the ultimate recognition of our sustainability efforts.

We'll continue to build what you want, when you want it. Just for you. And we'll continue to build a cleaner California, and a better, more sustainable world.

## About our report

---

Thank you for taking the time to look through our second Social Responsibility Report.

SitOnIt Seating® and IDEON® are proud to announce our Sustainability Initiative and plans to continue achievement of the Business and Institution Furniture Manufacturing Association's (BIFMA) level® certification in several areas covering Materials, Energy & Atmosphere, Human & Ecosystem Health, and Social Responsibility. We will be assessing our products' conformance to the ANSI/BIFMA e3-2014 Standard.

We first received our (BIFMA) level® certification in 2013. This report is an opportunity for us to continue communicating to our stakeholders our efforts as we move towards becoming a more sustainable business while growing our operations, and continuously improve our sustainability performance.

We have identified our stakeholders to be our owners, employees, dealers, end-customers, suppliers, community, trade organizations, governmental and regulatory agencies, certifying bodies and consultants. The list was developed upon considering all groups who have influence over Company decisions and those who are impacted by Company decisions.

Years to come, we aim to provide our stakeholders with data and performance indicators that can be monitored over time and that are material to our operations.

This report contains Standard Disclosures and Performance Indicators from the GRI G4 Sustainability Reporting Guidelines. More information about the Global Reporting Initiative (GRI) can be found at [globalreporting.org](http://globalreporting.org). To learn more about BIFMA level® certification, visit [levelcertified.org](http://levelcertified.org).

We hope that you find our disclosures informative. We welcome any comments, feedback, or suggestions for improvement that you may have. You can do so by e-mailing us at [sitonit@exemplis.com](mailto:sitonit@exemplis.com).

Thanks again, we appreciate your interest.

# Environmental accountability

---

SitOnIt Seating® and IDEON® are dedicated to sustainability from the fabrics we select, the way we manufacture and how we run our corporate offices. Our efforts have been recognized by Managing Automation, which listed us as one of its “Progressive 50.” We work hard to minimize the impact of our manufacturing and support a healthy workplace – for our employees and our planet. Our lean manufacturing practice provides the foundation of our sustainability strategy by linking elimination of waste, conservation of resources and responsibly-designed products for durability and extended life.

## MATERIALS

From the very beginning, our design and material selection process supports sustainability. Our fabric selection includes a variety of choices made of 100% recycled material. We manufacture with 10-20% recycled material. Our products contribute to achieving the LEED-CI Recycled Content Materials and Resources Credit.

## MANUFACTURING

During assembly, our team uses environmentally-friendly water-based adhesives. Our precision design and state-of-the-art cutting machines minimize waste during production. And each month, we collect material waste like leather and fabric scraps, plastic drums, cardboard and metal and recycle them at local recycling centers.

SitOnIt Seating® and IDEON® seating products have been tested and verified by Underwriter Laboratories, Inc. (UL) and meet the GREENGUARD standards for indoor air-quality emissions.

## CORPORATE

We run our business with sustainability in mind. From recycling office equipment and donating reusable seating to local schools to employees using their own mugs for coffee, many company-wide efforts are made with the environment in mind.

## ENERGY & GREENHOUSE GAS EMISSIONS

We are committed to improving energy conservation and efficiency, which includes reducing our overall energy consumption and greenhouse gas emissions. It is our policy to continuously improve upon and regularly monitor our energy performance and to act in accordance with – if not exceed – all current and future local, state and national legislation required of our operations in this area. We will set objectives and targets directly related to energy conservation which will be reviewed at least annually. To hold ourselves accountable to these internal goals, we will be transparent with our performance metrics, reporting our performance to our stakeholders through publicly available, voluntary reporting outlets.

## DRIVE FOR EFFICIENCY

SitOnIt Seating® and IDEON® have set a 40% reduction goal for normalized energy consumption at our facilities. We are hopeful we will reach this target by the year 2025. In order to achieve this, we have begun, and will continue, to implement energy savings projects to reduce our energy consumption. See the metrics we use to track both our energy consumption and greenhouse gas emissions (GHGs).

In addition, SitOnIt Seating® and IDEON® have committed to purchasing Renewable Energy Certificates (RECs) to offset a portion of the energy consumed from our manufacturing operations on an annual basis. For 2018, 669 MWh of Green-e certified RECs were purchased to account for a little over 20% of our electricity consumption. To learn more about RECs, please visit [epa.gov/greenpower/gpmarket/rec.htm](http://epa.gov/greenpower/gpmarket/rec.htm).

The normalized reductions we achieved from our 2008-2010 established baseline for energy consumption and greenhouse gas emissions for the 2018 reporting year were 27.8% and 16.8%, respectively.

## TRANSPORTATION

SitOnIt Seating® and IDEON® are committed to reducing transportation related emissions through idling reductions, carrier selection and reductions in unnecessary intercompany movement. Attention is given to environmental criteria when selecting third-party carriers for inbound and outbound products and materials.

## SOLID WASTE MANAGEMENT

SitOnIt Seating® and IDEON® have implemented a Zero Waste-to-Landfill goal. We will continuously work to achieve this goal by employing waste reduction and recycling strategies that will, over time, divert all manufacturing waste from our operations from being sent to a landfill.

We are in the early stages of identifying our waste streams and their current method of disposal. We know we have a long way to go and some potentially tough work ahead of us. Therefore, we are giving ourselves an appropriate deadline of 2025 to divert all our waste streams from the landfill.

## ENVIRONMENTAL MANAGEMENT

SitOnIt Seating® and IDEON® are committed to environmental leadership and continue to utilize our lean manufacturing initiatives and principles to lower costs, use less materials and reduce our energy use.

# Product responsibility

---

Our dedication to green processes begins with smart manufacturing and continues through every stage of our product's lifecycle. During manufacturing, we maximize material usage and minimize or recycle waste. Our products are GREENGUARD or GREENGUARD Gold certified, protecting your office environment from harmful emissions.

But our commitment to green production doesn't end there...

## DESIGN FOR ENVIRONMENT

Reducing the environmental impacts of our products begins with our new product development process. All new products or major design modifications on existing products go through our Design for Environment process, which seeks to incorporate energy and water efficiency, renewable, recycled, recyclable and biodegradable materials and to account for end-of-life impacts.

## DESIGN FOR DURABILITY / UPGRADEABILITY

SitOnIt Seating® and IDEON® products are engineered to achieve the highest levels of durability and upgradeability. Our products are designed to have a long and useful life and are manufactured to withstand repeated service, repair and handling. To facilitate maintenance, servicing and reassembly, replaceable components are standard features of our products, making them easy to refurbish and upgrade for multiple uses by the original or future users.

## CHEMICAL MANAGEMENT

We are committed to reducing the human and ecosystem health impacts of our products and processes through regularly evaluating our chemical management and hazard communication plans. We will continuously evaluate and monitor the chemicals used in our facility and maintain current Safety Data Sheets through an electronic filing system. Using this process we will build a chemical inventory system to identify and track all existing chemicals within and leaving our facility, as well as all future purchased chemicals that are not currently in our system.

## PRODUCT TAKE-BACK PROGRAM

SitOnIt Seating® and IDEON® offer the Take-Back Program to minimize product waste and make environmental responsibility easy for our customers. To honor this, we have partnered with the nonprofit environmental organization ANEW to offer a return program for surplus product – regardless of condition.

Where possible, ANEW matches the used products and materials otherwise destined for landfills with local non-profits and public agencies. The remainder is recycled or considered for energy-from-waste to avoid deposit in a landfill. Visit [www.anewfound.org](http://www.anewfound.org) to find out more.

We are committed to making this relationship a part of our sales strategy and are proud to recommend ANEW to customers who wish to recycle their furniture for the good of the community and the environment.

## ETHICS

We understand the importance of credibility and trustworthiness to our success as a business. All officers and employees are expected to conduct their business affairs in accordance with all applicable laws of the United States and to observe the highest standards of business ethics, acting with integrity while considering the impact of their decisions on our stakeholders.

## COMMUNITY INVOLVEMENT

Our goal is to continuously improve environmental performance. We also seek out activities that contribute to the community in which we operate. Activities may include volunteerism, donations, sponsorship opportunities and other community-based programs. We make every effort to involve our employees in these decisions and encourage their participation. Some of our efforts include:

## LABOR AND HUMAN RIGHTS

It is our policy to protect and respect the basic human rights of our employees and associates. We are committed to providing decent work hours, wages and conditions, as well as upholding all local, national and global regulations prohibiting forced, compulsory and child labor.

To meet this end on a global scale, we have developed and distributed our Workplace Code of Conduct as a means for our supply partners to assess their own operations for social responsibility criteria – 80% of our partners have signed this Code of Conduct. At Exemplis, we believe that there needs to be a balance between business and society, a balance between maintaining a healthy business and proper respect and concern for people and the environment.

Understanding that our work with suppliers is consistently evolving, our Code of Conduct makes clear the expectations we have of our suppliers and lays out the minimum standards we expect each supplier to meet. Where issues of noncompliance are identified, suppliers shall work to address such issues under a spirit of continuous improvement. Where differences or conflicts in standards arise, the highest standard shall apply. Wherever the law is higher than this Code, the law will prevail.

It is our intent to use these standards as an essential factor in how we approach our sourcing strategies, how we assess supplier performance, and how we decide with which suppliers Exemplis will continue to engage and grow our business with. As we evolve our business model in sourcing and manufacturing, we expect to work with suppliers who understand that meeting these minimum standards is a critical starting point from which manufacturing leadership, continuous improvement and self-governance must evolve.

Our Code of Conduct binds our suppliers to specific minimum standards that we believe are essential to meeting these goals, including Business Integrity, Voluntary Work, Prohibiting Child Labor, Non-Discrimination or Harassment, Freedom of Association, Working Hours, Subcontracting, Occupational Health and Safety, Minimizing Environmental Impact, Recordkeeping and Transparency, Monitoring and Corrective Action.

## INCLUSIVENESS

We do not discriminate on the basis of race, ancestry, place of origin, color, ethnic origin, citizenship, creed, sex, sexual orientation, gender identity, gender expression, age, marital status, family status or disability. We are committed to treating all of our employees and associates with dignity and respect, promoting collaboration, teamwork and the active involvement of all employees. We encourage our employees to show trust and respect to all people regardless of their background, race, religion or sexual orientation and have an affirmative action plan that is updated annually with hiring and promotion goals for inclusion.

We encourage our employees to show trust and respect to all people regardless of background, race, religion, gender identity, or sexual orientation and have an Affirmative Action Plan (AAP) that is updated annually with hiring and promotion goals for inclusion. ## **Implementation of House Bill 1295**

### **Certificate of Interested Parties (Form 1295):**

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least \$1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission was required to adopt rules necessary to implement that law, prescribe the disclosure of interested parties form, and post a copy of the form on the commission's website. The commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The commission also adopted new rules (Chapter 46) on November 30, 2015, to implement the law. The commission does not have any additional authority to enforce or interpret House Bill 1295.

### **Filing Process:**

Starting on January 1, 2016, the commission made available on its website a new filing application that must be used to file Form 1295. A business entity must use the application to enter the required information on Form 1295 and print a copy of the completed form, which will include a certification of filing that will contain a unique certification number. An authorized agent of the business entity must sign the printed copy of the form. The completed Form 1295 with the certification of filing must be filed with the governmental body or state agency with which the business entity is entering into the contract.

The governmental entity or state agency must notify the commission, using the commission's filing application, of the receipt of the filed Form 1295 with the certification of filing not later than the 30th day after the date the contract binds all parties to the contract. This process is known as acknowledging the certificate. The commission will post the acknowledged Form 1295 to its website within seven business days after receiving notice from the governmental entity or state agency. The posted acknowledged form does not contain the declaration of signature information provided by the business.

A certificate will stay in the pending state until it is acknowledged by the governmental agency. Only acknowledged certificates are posted to the commission's website.

House Bill 89 (85R Legislative Session), which adds Chapter 2270 to the Texas Government Code, provides that a governmental entity may not enter into a contract with a company without verification that the contracting vendor does not and will not boycott Israel during the term of the contract.

Furthermore, Senate Bill 252 (85R Legislative Session), which amends Chapter 2252 of the Texas Government Code to add Subchapter F, prohibits contracting with a company engaged in business with Iran, Sudan or a foreign terrorist organization identified on a list prepared by the Texas Comptroller.

### **SPECIAL CONDITIONS**

Awarded Offerors may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a proposal, the Offeror is accepted these Special Conditions required by the Federal Emergency Management Agency (FEMA).

#### **Conflicts of Interest**

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3.

i. FEMA considers a "financial interest" to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement.

ii. FEMA considers an "apparent" conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement.

c. Gifts. The officers, employees, and agents of Region 4 ESC nor the Participating Public Agency ("NFE") must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE's may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1).

d. Violations. The NFE's written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE's employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

#### **Contractor Integrity**

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended as described in Chapter III, ¶ 6.d must be rejected and cannot receive contract awards at any level.

### **Public Policy**

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

- a. Equal opportunity and nondiscrimination laws
- b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7
- c. Applicable prevailing wage laws, regulations, and executive orders

### **Affirmative Steps**

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce;

### **Bid Guarantee**

For proposals that are to include construction/reconstruction/renovation and related services, bids must be accompanied by Certified or Cashier's Check or an approved Bid Bond in the amount of not less than five percent (5%) of the total bid. Surety shall provide a copy of the Power of Attorney authorizing the Executing Agent the authority to execute the bid bond documents and bind the Surety to the bid bond conditions. The bid bond shall have a corporate Surety that is licensed to conduct business in the state of the lead agency and authorized to underwrite bonds in the amount of the bid bond.

### **Prevailing Wage Requirements**

When applicable, the awarded Contractor(s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

### **Alternative Pricing for Federal Funding**

When applicable, such as when products and services are used in response to an emergency or disaster recovery situation in which federal funding may be used, pricing may not include cost plus a percentage of cost or pricing based on time and materials. If time and materials is necessary in an applicable federal funding situation, a ceiling price that the contract exceeds at its own risk will be needed. In addition, Offeror is subject to and must comply with all federal requirements applicable to the funding including, but not limited, the to the 2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses.

### **Federal Requirements**

If products and services are issued in response to an emergency or disaster recovery the items below, located in this Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

### **2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses**

#### **1. Termination for Convenience:**

The right to terminate this Contract for the convenience of Region 4 ESC is retained by Region 4 ESC. In the event of a termination for convenience by Region 4 ESC, Region 4 ESC shall, at least ten (10) calendar days in advance, deliver written notice of the termination for convenience to Contractor. Upon Contractor's receipt of such written notice, Contractor immediately shall cease the performance of the Work and shall take reasonable and appropriate action to secure and protect the Work then in place. Contractor shall then be paid by Region 4 ESC, in accordance with the terms and provisions of the Contract Documents, an amount not to exceed the actual labor costs incurred, the actual cost of all materials installed and the actual cost of all materials stored at the project site or away from the project site, as approved in writing by Region 4 ESC but not yet paid for and which cannot be returned, and actual, reasonable and documented demobilization costs, if any, paid by Contractor and approved by Region 4 ESC in connection with the Scope of Work in place which is completed as of the date of termination by Region 4 ESC and that is in conformance with the Contract Documents, less all amounts previously paid for the Work. No amount ever shall be owed or paid to Contractor for lost or anticipated profits on any part of the Scope of Work not performed or for consequential damages of any kind.

#### **2. Equal Employment Opportunity:**

Region 4 ESC highly encourages Contractors to implement Affirmative Action practices in their employment programs. This means Contractor should not discriminate against any employee or applicant for employment because of race, color, religion, sex, pregnancy, sexual orientation, political belief or affiliation, age, disability or genetic information.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Furniture, Installation, and Related Services  
Solicitation Number 19-18  
Addendum No. 1

Employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's non-compliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: *Provided*, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the

contractor may request the United States to enter into such litigation to protect the interests of the United States.

3. "During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
- (2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, or national origin.
- (3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (4) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- (5) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions as may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

- (7) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, That in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the contractor may request the United States to enter into such litigation to protect the interests of the United States."

4. Davis Bacon Act and Copeland Anti-Kickback Act.

- a. Applicability of Davis-Bacon Act. The Davis-Bacon Act only applies to the emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program. **It does not apply to other FEMA grant and cooperative agreement programs, including the Public Assistance Program.**
- b. All prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction)). See 2 C.F.R. Part 200, Appendix II, ¶ D.
- c. In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.
- d. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.
- e. In contracts subject to the Davis-Bacon Act, the contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti- Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the

compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.

- f. The regulation at 29 C.F.R. § 5.5(a) does provide the required contract clause that applies to compliance with both the Davis-Bacon and Copeland Acts. However, as discussed in the previous subsection, the Davis-Bacon Act does not apply to Public Assistance recipients and subrecipients. In situations where the Davis-Bacon Act does not apply, neither does the Copeland "Anti-Kickback Act." However, for purposes of grant programs where both clauses do apply, FEMA requires the following contract clause:

"Compliance with the Copeland "Anti-Kickback" Act.

- (1) Contractor. The contractor shall comply with 18 U.S.C. § 874, 40U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- (2) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as the FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses
- (3) Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12."

5. Contract Work Hours and Safety Standards Act.

- a. Applicability: This requirement applies to all FEMA grant and cooperative agreement programs.
- b. Where applicable (see 40 U.S.C. § 3701), all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II, ¶ E.
- c. Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the workweek.
- d. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or

articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

- e. The regulation at 29 C.F.R. § 5.5(b) provides the required contract clause concerning compliance with the Contract Work Hours and Safety Standards Act:

"Compliance with the Contract Work Hours and Safety Standards Act.

- (1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
- (2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.
- (3) Withholding for unpaid wages and liquidated damages. The (write in the name of the Federal agency or the loan or grant recipient) shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.
- (4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier

subcontractor with the clauses set forth in paragraphs (1) through (4) of this section.”

6. Rights to Inventions Made Under a Contract or Agreement.

- a. Stafford Act Disaster Grants. This requirement **does not apply to the Public Assistance**, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as

FEMA awards under these programs do not meet the definition of “funding agreement.”

b. If the FEMA award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the non-Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II, ¶ F.

- c. The regulation at 37 C.F.R. § 401.2(a) currently defines “funding agreement” as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental, developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

7. Clean Air Act and the Federal Water Pollution Control Act. Contracts of amounts in excess of \$150,000 must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II, ¶ G.

- a. The following provides a sample contract clause concerning compliance for contracts of amounts in excess of \$150,000:

“Clean Air Act

(1) The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

(2) The contractor agrees to report each violation to the (name of the state agency or local or Indian tribal government) and understands and agrees that the (name of the state agency or local or Indian tribal

government) will, in turn, report each violation as required to assure notification to the (name of recipient), Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

(3) The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

#### Federal Water Pollution Control Act

(1) The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

(2) The contractor agrees to report each violation to the (name of the state agency or local or Indian tribal government) and understands and agrees that the (name of the state agency or local or Indian tribal government) will, in turn, report each violation as required to assure notification to the (name of recipient), Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

(3) The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA."

#### 8. Debarment and Suspension.

- a. Applicability: This requirement applies to all FEMA grant and cooperative agreement programs.
- b. Non-federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non procurement Debarment and Suspension).
- c. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II, ¶ H; and *Procurement Guidance for Recipients and Subrecipients Under 2 C.F.R. Part 200 (Uniform Rules): Supplement to the Public Assistance Procurement Disaster Assistance Team (PDAT) Field Manual* Chapter IV, ¶ 6.d, and Appendix C, ¶ 2 [hereinafter *PDAT Supplement*]. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by

agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at [www.sam.gov](http://www.sam.gov). See 2 C.F.R. § 180.530; *PDAT Supplement*, Chapter IV, ¶ 6.d and Appendix C, ¶ 2.

- d. In general, an “excluded” party cannot receive a Federal grant award or a contract within the meaning of a “covered transaction,” to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a “covered transaction,” which is any non-procurement transaction (unless excepted) at either a “primary” or “secondary” tier. Although “covered transactions” do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS’s implementing regulations, it does include some contracts awarded by recipients and subrecipient.
- e. Specifically, a covered transaction includes the following contracts for goods or services:
  - (1) The contract is awarded by a recipient or subrecipient in the amount of at least \$25,000.
  - (2) The contract requires the approval of FEMA, regardless of amount.
  - (3) The contract is for federally required audit services.
  - (4) A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of \$25,000.
- d. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified:

“Suspension and Debarment

- (1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the contractor is required to verify that none of the contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
- (2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.
- (3) This certification is a material representation of fact relied upon by (insert name of subrecipient). If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to (name of state agency serving as recipient and name of subrecipient), the Federal

Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions."

9. Byrd Anti-Lobbying Amendment.

- a. Applicability: This requirement applies to all FEMA grant and cooperative agreement programs.
- b. Contractors that apply or bid for an award of \$100,000 or more must file the required certification. See 2 C.F.R. Part 200, Appendix II, ¶ I; 44 C.F.R. Part 18; *PDAT Supplement*, Chapter IV, 6.c; Appendix C, ¶ 4.
- c. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award. See *PDAT Supplement*, Chapter IV, ¶ 6.c and Appendix C, ¶ 4.
- d. The following provides a Byrd Anti-Lobbying contract clause:

"Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of \$100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient."

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

#### 10. Procurement of Recovered Materials.

- a. Applicability: This requirement applies to all FEMA grant and cooperative agreement programs.
- b. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, Pub. L. No. 89-272 (1965) (codified as amended by the Resource Conservation and Recovery Act at 42 U.S.C. § 6962). See 2 C.F.R. Part 200, Appendix II, ¶ J; 2 C.F.R. § 200.322; PDAT Supplement, Chapter V, ¶ 7.
- c. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired by the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.
- d. The following provides the clause that a state agency or agency of a political subdivision of a state and its contractors can include in contracts meeting the above contract thresholds:

“(1) In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA- designated items unless the product cannot be acquired—

- (i) Competitively within a timeframe providing for compliance with the contract performance schedule;
- (ii) Meeting contract performance requirements; or
- (iii) At a reasonable price.

(2) Information about this requirement, along with the list of EPA- designate items, is available at EPA’s Comprehensive Procurement Guidelines web site, <https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program>.”

#### 11. Additional FEMA Requirements.

- a. The Uniform Rules authorize FEMA to require additional provisions for non-Federal entity contracts. FEMA, pursuant to this authority, requires or recommends the following:
- b. Changes.

To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative

agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope. FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

c. Access to Records.

All non-Federal entities must place into their contracts a provision that all contractors and their successors, transferees, assignees, and subcontractors acknowledge and agree to comply with applicable provisions governing Department and FEMA access to records, accounts, documents, information, facilities, and staff. See DHS Standard Terms and Conditions, v 3.0, ¶ XXVI (2013).

d. The following provides a contract clause regarding access to records:

Diversity Programs & Diverse Vendor Certification Participation**

**1. Diversity Programs**

Exemplis LLC continues to strive to partner with diverse (MWBE, SBE, DBE, HUB, and HUBZone) authorized dealerships and supply chain partners by reaching out to our authorized dealers and supply chain partners directly to ask for their diverse status. Our Sales Team has been instructed from executive management to give preference to diverse dealers across the country. Our Supply Chain philosophy is to promote fairness and encourage diversity in the procurement process.

Exemplis LLC recently implemented an electronic outreach to identify all diverse dealers we partner with. Based on this outreach, we plan to communicate to qualified-diverse dealers to obtain formal certification if not already certified. This will allow us to provide more opportunities to our diverse dealers nation-wide. Our Supply Chain Team is already in progress of reaching out to our direct and indirect supply chain partners to identify any diverse vendors. Our Executive Team has instructed Supply Chain to partner with more diverse vendors on a national level as a 2020 (and beyond) goal.

**2. Diverse Vendor Certification Participation**

Exemplis LLC partners with diverse authorized dealers and Supply Chain vendors that identify as MWBE, SBE, DBE, HUB and HUBZone.

Due to the extensive network of authorized dealers and Supply Chain vendors, we do not maintain or collect certifications evidencing their diverse classifications at this time. We are in process of implementing a formal diversity program within the next coming years.

Please see our Authorized Dealer List, including a self-identified diversity status, attached to our Request for Proposal Response as Exhibit B to Attachment 3.
