

Maintenance, Repair and Operations (MRO) Supplies and Related Services

The University of California

The University of California Office of the President is the strategic sourcing business partner supporting academic and research missions across campuses, labs and medical centers. The University of California Office of the President helps coordinate activities that allow a complex and unique system to operate efficiently as one university, furthering its public interest, academic and research missions. They help oversee and manage programs that serve the entire university system, allowing campuses to capture the savings and efficiencies that come from centralized operations.

The University of California Office of the President Procurement Services collaborated with 10 UC campuses, the California State University Office of the Chancellor which represents 23 California State Institutions, and The Foundation for community Colleges which represents 114 California Community Colleges and The Association of Independent California Colleges and Universities which represents 79 private, non-profit colleges and universities in awarding this agreement.

Who is Fastenal?

Fastenal provides companies with the fasteners, tools and supplies they need to manufacture products, build structures, protect personnel, and maintain facilities and equipment.

Guided by a motto of Growth Through Customer Service, their local teams work closely with customers to keep needed supplies flowing, provide supply chain solutions and expertise, and drive business improvements that help them compete and thrive. Simply put, they don't just make a sale — they align with their customers to make them more successful.

The logo for Fastenal, featuring the word "FASTENAL" in a bold, blue, italicized sans-serif font with a registered trademark symbol (®) to the upper right.

University of California MRO Award:

Government agencies and educational institutions nationwide can now purchase maintenance, repair & operations (MRO) supplies and related services from Fastenal through a new agreement awarded by The University of California. This competitively solicited and publicly awarded cooperative contract is made available nationwide through OMNIA Partners, Public Sector.
