

# Flagship Lab Services & OMNIA Partners

## Supporting University of California (UC) Science

Through OMNIA Partners, Flagship Lab Services has been awarded a system-wide contract with the University of California (UC) to maintain lab equipment across all UC campuses. This agreement delivers comprehensive, accredited service while simplifying how maintenance and repairs are requested and managed. With dedicated technical support and rapid response capabilities, Flagship helps ensure UC students and scientists can rely on their equipment to perform accurately, safely, and consistently.

### ► Our Solutions

- **Preventive Maintenance & Calibration:** Preventive maintenance and accredited calibration services keep your instruments performing accurately and reliably, ensuring every system meets the highest quality standards.
- **Ad-Hoc Repairs:** Our technicians quickly triage equipment issues and perform on-site repairs to minimize downtime and keep your lab running smoothly.
- **Asset Management:** Flagship's asset management platform provides real-time visibility into service status, calibration schedules, and compliance records, giving you complete control of your equipment from one intuitive dashboard.

### ► Key Benefits

- Broad range of equipment-related services
- Simplified service-request and communication processes
- Streamlined maintenance workflows
- Rapid response capabilities
