

Four LLC - Contract # 01-166
IT Storage, IT Security and Managed Services

Manufacturer	Discount off List	Website	Description
Anjuna Security, Inc.	1.00%	https://www.anjuna.io/	Anjuna protects applications and data by default from insiders, third parties, malicious software and more.
ActiveNav	3.00%	http://www.activenavigation.com	Active Navigation is a recognized industry leader providing unique file analysis software for the discovery, transformation and ongoing control of unstructured data wherever it lies in the enterprise.
Adobe	5.00%	www.adobe.com	Adobe provides software and technologies that have redefined business, entertainment, and personal communications by setting new standards for producing and delivering content that engages people virtually anywhere at anytime.
Ai Bloks	3.00%	https://www.aibloks.com	Ai Bloks provides a no-code AI platform that integrates semantic + generative AI in a seamless business-driven workflow to enable enterprises to build evidence-based AI applications.
AllForSecure	0.00%	https://www.cognyte.com/	Cognyte is a global leader in security analytics software that empowers governments and enterprises with Actionable Intelligence for a Safer World.
Alset Technologies, LLC	5.00%	https://alsettechnologies.com/	Alset Technology provides STIG compliance tool.
Amazon Web Services	5.00%	www.amazon.com	Amazon Web Services provides a highly reliable, scalable, low-cost infrastructure platform in the cloud. Largest bookstore on the Net
AppDynamics, Inc.	7.00%	https://www.appdynamics.com/	AppDynamics is a full-stack application performance management and IT operations analytics company.
Appian Corporation	4.00%	www.appian.com	Appian is the global innovator in enterprise and on-demand business process management software, providing the fastest way to deploy robust processes.
Arganteal	0.00%	https://www.arganteal.com/	Arganteal offers a deployment automation tool that works with applications and infrastructures.
AttackIQ	5.00%	http://www.attackiq.com	AttackIQ provides a Breach & Attack Simulation (BAS) platform that enables organizations to test and measure the effectiveness of their security controls.
Authentic8	3.30%	https://www.authentic8.com	Authentic8 is a cybersecurity company that is known for its Silo web isolation platform.
Automation Anywhere	3.00%	www.automationanywhere.com	Automation Anywhere provides software to facilitate automation for any business or IT process.
Avocado Systems, Inc.	5.00%	https://www.avocadosys.com/	Avocado Systems protects clients from today's prevalent breaches and the advanced threats of tomorrow while increasing security, and business agility initiatives of customers by eliminating the burden of manual application security.
Axellio	10.00%	https://www.axellio.com	Axellio is a leading innovator in all NVMe Flash Hyper-Converged Infrastructure (HCI) and Edge Computing systems uniquely designed to run tier 1 storage-intensive workloads. Axellio delivers computing platforms built with its advanced FabricXpress.
Axonius Inc.	1.00%	https://www.axonius.com	Axonius is the cybersecurity asset management platform that gives organizations a comprehensive asset inventory, uncovers security solution coverage gaps, and automatically validates and enforces security policies.
Black Kite	0.00%	https://blackkite.com	Black Kite offers cyber ratings tool dedicated to third-party risk intelligence.
Blue Fusion	1.00%	https://bluefusion.com	Blue Fusion provides rapid and cost-effective enterprise analytics, improving efficiency at a scalable level.
BMC Software	3.00%	www.bmc.com	Provides a wide range of software including storage management, data management, security management, enterprise management, and service level management
Chainalysis	1.00%	https://www.chainalysis.com/	Chainalysis is the blockchain analysis company. We provide compliance and investigation software to the world's leading banks, businesses, and governments.
Checkmarx	3.00%	www.checkmarx.com	Checkmarx provides comprehensive solutions for automated security code review.
Citrix	5.00%	www.citrix.com	Citrix provides application virtualization and offers a comprehensive end-to-end infrastructure for application delivery that leverages server, application and desktop virtualization
Cloud Storage Security, Inc	1.00%	https://cloudstoragesecurity.com/	Cloud Storage Security (CSS) is dedicated to solving the security and compliance challenges surrounding cloud storage. CSS ensures the security of data stored in the cloud build solutions through a focus on simplicity, automation, and action.
CloudCheckr, Inc.	8.00%	http://cloudcheckr.com/	CloudCheckr is a web-based software application that allows you to see and understand what is going on within your Amazon Web Services deployment(s).

**Four LLC - Contract # 01-166
IT Storage, IT Security and Managed Services**

Manufacturer	Discount off List	Website	Description
Cogyte Software Ltd.	10.00%	https://www.cogyte.com/	Cogyte is a global leader in security analytics software that empowers governments and enterprises with Actionable Intelligence for a Safer World.
Crytica Security	3.00%	https://www.criticasecurity.com	Crytica Security offers a unique malware detection solution subscription.
CUBRO Acronet GesmbH	1.00%	https://www.cubro.com/	Cubro offers scalable solutions for network monitoring, analytics and security visibility.
DocuSign	0.50%	https://www.docusign.com/	DocuSign's Digital Transaction Management platform helps companies keep processes 100% digital from start to finish to accelerate transactions, reduce costs, and delight customers, partners, suppliers, and employees.
Dun & Bradstreet	0.00%	https://www.dnb.com	Dun & Bradstreet, a leading global provider of business decisioning data and analytics, enables companies around the world to improve their business performance. Dun & Bradstreet's Data Cloud fuels solutions and delivers insights that empower customers.
Dynatrace LLC	2.00%	www.dynatrace.com	Dynatrace has redefined how you monitor today's digital ecosystems. AI-powered, full stack and completely automated
Eclipsium	1.00%	https://eclipsium.com/	Eclipsium protects organizations from the foundation of their computing infrastructure upward, controlling the risk and stopping threats inside firmware of laptops, servers, and networking infrastructure across enterprise endpoints and data centers.
Ermetic	3.00%	https://ermetic.com/	Ermetic is an identity-first cloud infrastructure security platform that provides holistic, multi-cloud protection in an easy-to-deploy SaaS solution.
F5 Networks	1.00%	www.f5.com	F5 Networks solutions optimize network, server, and storage environments ensuring the highest levels of performance, security, and availability at the lowest possible cost.
FileCloud	2.00%	https://www.filecloud.com/	FileCloud is a hyper-secure content collaboration platform (CCP) that provides industry-leading compliance, data governance, data leak protection, data retention, and digital rights management capabilities.
Fivecast	7.00%	https://www.fivecast.com/	Fivecast is a world-leading provider of cutting-edge digital intelligence solutions that deliver organizations with the capability to explore masses of digital data, gaining critical insights that are used to protect our communities.
Forcepoint	1.75%	http://www.forcepoint.com	Forcepoint safeguards users, data and networks against the most determined adversaries, from accidental or malicious insider threats to outside attackers, across the entire threat lifecycle.
Globlue Technologies, LLC	1.00%	https://www.globlue.com/	Globlue is focused on five growth initiatives: intelligence analytics, counter fraud, cyber security, blockchain, and public safety
GOOGLE INC	3.00%	www.google.com	Google provides artificial intelligence, online advertising, search engine technology, cloud computing, computer software, quantum computing, e-commerce, and consumer electronics
Green Delete	1.00%	https://greendelete.com/	Specializes in data privacy, management, and information security. They offer a variety of data security solutions in a green (eco-friendly) approach.
HAProxy	1.00%	https://www.haproxy.org/	HAProxy is a high-performance, open-source software used for load balancing and proxying in network environments. It efficiently distributes incoming traffic across multiple servers to enhance performance, reliability, and scalability of web applications, while also providing advanced features such as SSL termination, HTTP/2 support, and detailed monitoring.
Harris Computer Corporation	0.00%	https://www.harriscomputer.com/	Harris provides mission critical software solutions for the Public Sector, Healthcare, Utilities and Private Sector
Harsua Inc.	0.00%	https://hasura.io	Hasura makes software to simplify and accelerate application development
HCL Software	1.50%	https://www.hcltech.com	HCL offers an integrated portfolio of products, solutions, services, and IP through our Mode 1-2-3 strategy built around Digital, IoT, Cloud, Automation, Cybersecurity, Analytics, Infrastructure Management and Engineering Services, etc.
HireVue	2.00%	https://www.hirevue.com	HireVue provides video job interview technologies combined with recruitment screening and evaluation tools for employers.
IBM Corporation	1.00%	http://www.ibm.com	IBM designs, develops, manufactures, delivers, and supports advanced information technology hardware and software, and its application worldwide.

**Four LLC - Contract # 01-166
IT Storage, IT Security and Managed Services**

Manufacturer	Discount off List	Website	Description
InfoSim	1.00%	https://www.seclore.com/	Seclore's technology solutions, including Data Security and Integration Platforms, protect sensitive data, giving organizations complete control over critical information.
Intel 471 Inc	1.00%	https://intel471.com/	Intel 471 provides adversary and malware intelligence for leading security, fraud and intelligence teams.
Jupiter Intelligence	5.00%	https://jupiterintel.com/	Jupiter Intelligence best-in-science solutions deliver climate risk analysis of multiple perils, in spatial resolutions from portfolio to asset level, globally and across flexible time horizons and climate scenarios.
Keysight	5.00%	http://www.keysight.com	Keysight Technologies Inc. is an electronic measurement company, transforming today's measurement experience through innovations in wireless, modular, and software solutions.
LogRhythm	5.00%	http://www.logrhythm.com	LogRhythm provides enterprise-class log management, security event management (SIEM), log analysis, file integrity monitoring, endpoint monitoring & control and user activity monitoring a single, integrated platform.
MathWorks	3.00%	www.mathworks.com	MathWorks is a global provider of software for technical computing and Model-Based Design.
Matillion	2.00%	https://www.matillion.com	Matillion provides cloud-based business intelligence analytics, building multiple data warehouses in AWS.
Mendix	0.00%	https://www.mendix.com	Mendix is a low-code application development platform that enables organizations to rapidly build, deploy, and manage business applications with minimal manual coding.
Microsoft	1.00%	www.microsoft.com	Microsoft provides software for personal and business computing.
Minitab	5.00%	http://www.minitab.com	Minitab Inc. is a global provider of software and services for quality improvement, data analysis and statistics education.
MixMode	5.00%	https://mixmode.ai/	MixMode is a self-learning Cybersecurity platform, protecting large entities with big data environments from known and novel attacks designed to bypass legacy rules-based defenses. Industry cyber leaders at global entities in banking, public utilities and government sectors rely on MixMode's Third Wave AI to close gaps in visibility and detection across any data stream.
NetRise Inc.	0.00%	https://www.netrise.io	NetRise is an automated, cloud-based platform that provides comprehensive insight into the many risks present in firmware and software components
Netscout	0.00%	https://www.netscout.com	NetScout is the leader in advanced network, application and service delivery management solutions. nGenius and Sniffer solutions leverage packet/flow analysis for advanced network and application service assurance and streamline complex troubleshooting
Nintex	0.00%	https://www.nintex.com	Nintex is a leading global innovator of software products that extend Microsoft technology. Nintex has brought to a number of products focused on helping customers add value and build solutions on Microsoft SharePoint technologies
Nuix USG Inc.	2.00%	http://nuix.com	Nuix develops the advanced eDiscovery and electronic investigation software.
Nutanix	5.00%	www.nutanix.com	Nutanix offers a radically simple compute and storage infrastructure for implementing enterprise-class virtualization without complex and expensive network storage (SAN or NAS).
Palo Alto Networks	5.00%	www.paloaltonetworks.com	Palo Alto Networks has created a next-generation firewall that takes an application-centric approach to traffic classification to enable unmatched application visibility and policy control.
Qualtrics LLC	7.00%	https://www.qualtrics.com/	Qualtrics provides a cloud-based platform designed to record customer, product, employee, and brand experiences.
Red Gate Software	2.00%	http://www.red-gate.com	Redgate produces database management tools for Microsoft SQL Server, Oracle, MySQL and Microsoft Azure.
Red Hat	1.00%	www.redhat.com	Red Hat provides enterprise-strength, mission critical, software and services in today's most important IT areas: Operating Systems, Storage, Middleware, Virtualization, and Cloud Computing.

Four LLC - Contract # 01-166
IT Storage, IT Security and Managed Services

Manufacturer	Discount off List	Website	Description
RingCentral	0.00%	https://www.ringcentral.com	RingCentral provides a comprehensive IT security solution with its cloud-based communication platform, emphasizing robust security measures to safeguard organizational data. It offers end-to-end encryption, multi-factor authentication, and detailed activity monitoring to ensure secure and compliant communication across voice, video, and messaging channels, making it an ideal choice for organizations prioritizing data protection and regulatory adherence.
RunSafe	0.50%	https://runsafesecurity.com	RunSafe Security is the pioneer of a patented cyberhardening transformation process designed to disrupt attackers and protect vulnerable embedded systems and devices.
Seclore Technology Private, Ltd.	1.00%	https://www.seclore.com/	Seclore's technology solutions, including Data Security and Integration Platforms, protect sensitive data, giving organizations complete control over critical information.
Sliceup	2.00%	https://www.sliceup.co	SliceUp is an advanced analytics tool that provides capabilities to prevent network downtime for firms. They also provide better visibility into network assets.
SmartBear Software, Inc.	4.00%	smartbear.com	SmartBear Software delivers tools for application performance monitoring, software development, software testing, API testing and API management.
Snare	2.00%	https://www.prophecyinternational.com/brands/snare/	Snare is a comprehensive set of event monitoring and analysis tools designed to address critical auditing and security requirements. It effectively gathers and filters IT-event data for critical security monitoring, analysis, auditing and archiving.
Snorkel AI, Inc.	2.00%	https://snorkel.ai/	Snorkel AI is a machine learning platform powered by state-of-the-art techniques in programmatic data labeling and weak supervision.
Sprinklr	1.00%	www.sprinklr.com	Sprinklr modules allow enterprise businesses to take control of social publishing and asset management, conversation and campaign management, social analytics and reporting, as well as enterprise risk management.
SumoLogic	2.00%	https://www.sumologic.com/	Build, run and secure your AWS, Azure, Google Cloud Platform or Hybrid applications with Sumo Logic, a cloud-native, machine data analytics service for log management and time series metrics.
Synack	5.00%	https://www.synack.com	Synack provides a continuous vulnerability intelligence solution that helps the enterprise stay one step ahead of the adversary.
Synack	1.00%	https://www.synack.com	Synack provides a continuous vulnerability intelligence solution that helps the enterprise stay one step ahead of the adversary.
Synopsys, Inc.	4.50%	http://www.synopsys.com	Synopsys is at the forefront of Smart, Secure Everything with the worlds most advanced tools for silicon chip design, verification, IP integration, and application security testing.
Systecon Group	1.00%	https://www.systecongroup.com/	Systecon is an employee-owned independent consulting and software company with world leading competence within the areas system logistics, operational availability and cost efficiency.
Team Cymru	2.00%	https://team-cymru.com/	Team Cymru is a global leader in cyber threat intelligence and attack surface management.
Tenable, Public Sector Inc.	2.00%	www.tenablesecurity.com	Tenable Network Security provides continuous network monitoring to identify vulnerabilities, reduce risk and ensure compliance.
Tovuti	1.00%	https://www.tovutilms.com/	Tovuti is a learning management and community building platform.
Trustwave	9.00%	www.trustwave.com	Trustwave is a leading cybersecurity and managed security services provider focused on managed detection and response.
Varonis	5.00%	https://www.varonis.com/	Varonis is the foremost innovator and provider of access, governance, and retention solutions for human-generated data, the fastest-growing and most sensitive class of digital information.
Veeam Software	0.50%	www.veeam.com	Veeam helps organizations safeguard their investment in virtual infrastructure by providing innovative systems management software designed to reduce costs, increase productivity and mitigate risk.
Virtualitics	1.00%	https://www.globlue.com/	Globlue is focused on five growth initiatives: intelligence analytics, counter fraud, cyber security, blockchain, and public safety
VMWARE	7.00%	www.vmware.com	Vmware is a global leader in virtualization and cloud infrastructure, delivers customer-proven solutions that significantly reduce IT complexity and enable more flexible, agile service delivery.

**Four LLC - Contract # 01-166
It Storage, IT Security and Managed Services**

Manufacturer	Discount off List	Website	Description
VoyagerLabs	0.00%	https://www.voyager-labs.com	VoyagerLabs develops platforms for analyzing human behavior in real time. It conducts deep analysis of people and groups, and provides actionable insights to help clients strengthen and protect their business interests
Vulcan	1.50%	https://vulcan.io/	Vulcan Cyber breaks down organizational cyber risk into measurable, manageable processes to help security teams go beyond their scan data & actually reduce risk. Their risk management SaaS platform provides clear solutions to help manage risk effectively.
Workiva	16.00%	https://www.workiva.com	Workiva provides a cloud-based connected and reporting compliance platform that enables the use of connected data and automation of reporting across finance, accounting, risk, and compliance
Xage Security Government, LLC.	2.00%	https://xage.com/	Xage provides security for industrial and real-world operations. It protects every element, new or legacy, secures every interaction, local or remote, and enables dynamic data security for OT, IT and cloud.
Yello	0.00%	http://www.yello.co	Yellos talent acquisition platform enables the worlds leading brands to deliver personalized candidate experiences to every job seeker, resulting in quality hires and faster fills.
Yellowbrick	0.00%	https://yellowbrick.com	Yellowbrick is a company that specializes in data warehousing and analytics solutions.
ZeroFox	0.00%	www.zerofox.com	The ZeroFOX Platform is an Enterprise Social Risk Management suite that enables organizations to identify, manage and mitigate information security risk introduced through social media. From targeted social-based cyber attacks to fraud, social engineering.
