## OUR APPROACH

At GOJO's core is our focus on science and research, which contributes to first-to-market innovations that help people stay well. We're innovating today for a healthier tomorrow:

### TECHNICAL EXPERTISE

We're an organization with deep technical expertise, with in-house R&D focused on meaningful formulation differentiation, producing robust dispensing solutions and always striving to achieve unparalleled efficacy.

### RESEARCH

We're recognized thought leaders in hygiene science because we hold ourselves to high quality research standards and have established a strong history of collaboration with academia and industry subject matter experts.

### INNOVATION

We're responsible for a long list of innovations, including inventing PURELL® Instant Hand Sanitizer and being the very first in the world to create a waterless hand cleaner and to have a portion-controlled hand cleaner dispenser.

## OUR PORTFOLIO

The **PURELL SOLUTION™** includes a suite of products scientifically formulated for no-trade-off protection, so you never have to choose between products that are effective and products customers and employees feel great about using.
