# GP PRO Campus-Wide Hygienic Solutions

**College and university campuses are busy places.** So much activity and interaction creates a challenge to keep facilities hygienic, safe and reduce the spread of germs. **So, we're here to help.**

## Heightened Hand Hygiene

A fresh approach to hand hygiene can help protect students, faculty, and visitors. A critical step is increasing access to soaps, sanitizers and paper towels using touchless dispensers.

## Moving to Touchless Technology

Automated, closed-system dispensers are engineered for hygiene, efficiency and aesthetics—enhancing your common areas, classrooms, labs, restrooms and break areas.

## Rethinking Your Public Restrooms

Upgrading restrooms with touchless automation and high-capacity dispensers can help elevate hygiene, improve the user experience and minimize service interactions.

## Sustainable Selections and Waste Reduction

More campuses are insisting on sustainable products. And when coupled with controlled, one-at-a-time dispensing, several of our products can also help reduce waste.

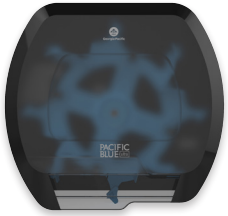

## Disposables for Break Areas and Cafes

It's no wonder more colleges and universities are adopting Dixie® disposable cups, plates, napkins and cutlery as convenient, hygienic alternatives to permanent-ware dishes and silverware.

# Public Restroom Bundle

**GP PRO restroom solutions are engineered to help improve restroom hygiene and freshness.** They also help improve efficiency by reducing refill frequency. Campuses often include both high-traffic public restrooms and more exclusive lavatories, so we offer products as versatile as your needs are varied.

## PRODUCTIVE PARTNERSHIP WITH GP PRO

### Cooperative Contracts Help Simplify Purchasing

**Co-ops can help save time, money and provide more options.** With a co-op, you can choose from a variety of GP PRO solutions that are available for purchase on a competitively solicited and awarded contract by a lead agency in accordance with public purchasing rules and regulations.

#### Advantages of leveraging a Cooperative purchasing contract:

#### REDUCED COSTS

Access to pricing that leverages combined membership spend

#### VARIETY OF SOLUTIONS

Ability to choose from a variety of compliant GP PRO products that have already been vetted and approved for purchase

#### REDUCE ADMINISTRATIVE TIME

Allow procurement team to focus on bigger, more important projects

#### ALTERNATIVE TO LENGTHY BID PROCESS

Ability to instantly order off contracts rather than submitting an individual RFP (which can take up to a year)

**To get started, register directly with a Co-op or contact your GP PRO representative today!**
