

AVAILABLE EXCLUSIVELY
FROM GLOBAL INDUSTRIAL®

FROM SCRUBBING TO VACUUMING, GET THE JOB DONE RIGHT WITH THESE CAT® FLOOR MACHINES.

Cat® floorcare products are designed for high-traffic warehouse environments, with every machine engineered for safety, visibility, & reliability to improve your facility operations and help your business run efficiently.

C06V CAT® STAINLESS STEEL HEPA WET/DRY VACUUM, 6.6 GALLON CAPACITY

Clean with confidence with the Cat® C06V Stainless Steel Wet/Dry Vacuum. Equipped with a 12" wet/dry floor brush, round brush, crevice tool, 2 extension wands, and onboard storage, users have everything they need to begin their deep-clean right away. Its dolly design with large push handles, 2 large rear wheels, and 2 front casters offer operators easy mobility. Its 8.2' hose, cartridge filter to collect fine dust, and disposable filter bags provide superior cleaning efficiency. Overall measurements: 14" W x 14" D x 21" H.

- Capacity: 6.6-gallons
- 15' power cord covers long distances
- Powerful motor offers 115 CFM and 78" of water lift

✓ GFCI plug prevents shock from power surges, faulty technology, or contact with water

✓ Sleek and durable black powder coat finish

✓ Includes HEPA filter

C16V CAT® STAINLESS STEEL HEPA WET/DRY VACUUM, 16 GALLON CAPACITY

Clean with confidence with the Cat® C16V Stainless Steel Wet/Dry Vacuum. Equipped with a 14" wet/dry floor brush, round brush, crevice nozzle, and onboard storage, users have everything they need to begin their deep-clean right away. Its dolly design with large push handles, 2 large rear wheels, and 2 front casters offer operators easy mobility. Its built-in HEPA filter, 13' long hose, cartridge filter to collect fine dust, and disposable filter bags provide superior cleaning efficiency. Overall measurements: 21" W x 22" D x 37" H.

- Capacity: 16-gallons
- 15' power cord covers long distances
- Powerful motor offers 115 CFM and 115.5" of water lift

✓ GFCI plug prevents shock from power surges, faulty technology, or contact with water

✓ Sleek and durable black powder coat finish

✓ Includes ergonomic foam grip handles

C21V CAT® STAINLESS STEEL HEPA WET/DRY VACUUM, 21 GALLON CAPACITY

Remove surface grime and keep your facilities looking clean with the Cat® C21V Stainless Steel HEPA Wet/Dry Vacuum. Equipped with a metal crevice tool, round brush, 2 extension wands, dry floor nozzle, squeegee nozzle, and onboard storage, users have everything they need to begin their deep-clean right away. Its dolly design with large push handles, 2 large rear wheels, and 2 front casters offer operators easy mobility. A HEPA filter, 8.2' long hose, cartridge filter to collect fine dust, and disposable filter bags provide superior cleaning efficiency. Overall measurements: 24" W x 18" D x 40" H. Limited 1-Year Warranty.

- Capacity: 21-gallons
- 50' power cord covers long distances
- Powerful motor offers 120 CFM and 70" of water lift

✓ GFCI plug prevents shock from power surges, faulty technology, or contact with water

✓ Includes a metal crevice tool and a strong vacuum hose

✓ Includes ergonomic foam grip handles

C70RX CAT® AUTO RIDE-ON SWEEPER, 70" CLEANING PATH

Ideal for janitorial crews in charge of floorcare, the Cat® C70RX Ride-On Sweeper boasts an impressive cleaning capacity of 204,514 sq. ft. per hour thanks to its four side brushes and center roller brush that give operators a cleaning path of 70-inches. Large-capacity tanks provide more cleaning & operating time and less down-time for refilling. This sweeper also comes with shake-vibration technology that shakes dust off of the filters to improve suction power. Convenient AC Cabin provides cooling relief for drivers while operating under warm temperatures. Built-in features like self-cleaning filters and a front water mister ensure dust suppression and provide consistent suction, while the rearview backup camera, turn signal, seatbelt, bright LED headlight, blue safety warning light, and a non-slip diamond tread platform help keep the rider safe during use. Requires a dedicated 30Amp circuit for use with charger. Forklift extenders required for proper removal from delivery vehicle.

- Comes assembled
- Solution tank capacity: 60.7-gallons
- Hopper tank capacity: 42.2-gallons
- For indoor and outdoor use in dry conditions
- Includes: (6) filters, (1) underneath main roller brush, (4) side brushes, (2) sets of keys, (4) batteries, and (1) 30 amp charger

- ✓ Over 200,000 sq ft of cleaning per hour
- ✓ Cabin controlled hydraulic dumper for easy waste disposal
- ✓ Designed for both warehouse and parking lot use

C49R CAT® AUTO RIDE-ON SWEEPER, 49" CLEANING PATH

Make cleaning a sweep with the Cat® C49R Auto Ride-On Sweeper. This sweeper is equipped with two side brushes, each driven by their own motor, giving operators a cleaning width of 49". Large-capacity tanks allow more time for cleaning and require less refilling. This sweeper also comes with an 18% incline capacity for varying floor levels and is ideal for use on hard floors such as concrete, ceramic tile, marble, and more. Built-in features like self-cleaning filters and a front water mister ensure dust suppression and provide consistent suction, while the seatbelt, bright LED headlight, and a non-slip diamond tread platform help keep the rider safe during use. Overall measurements: 40" W x 55" D x 47" H.

- Comes assembled
- Hopper tank capacity: 26.4-gallons
- Water tank capacity: 7.9-gallons
- Suitable for both indoor and outdoor use in dry conditions

- ✓ Manually-activated side brushes for more control when you clean
- ✓ Stronger motor means more power for faster travel speeds and electronic braking
- ✓ Built-in cup holder and USB charger

C40R CAT® AUTO RIDE-ON FLOOR SCRUBBER, 40" CLEANING PATH

This powerful scrubber with a 40" cleaning path has a 220 RPM motor and offers 73,518 sq. ft./hr. of coverage. Its 40-gallon large-capacity solution and 45-gallon recovery tanks allow users to focus more time on cleaning and less time refilling. Safety features such as a seatbelt, front warning light, front bumpers, and a non-slip diamond tread platform help keep the rider safe during use, making this an ideal scrubber for commercial and industrial applications. Squeegee blades and pad driver included.

- Longer lasting battery life
- Corrosion- and impact-resistant housing
- Powerful motors provide 220 RPM and pad pressures up to 176 lbs. high

- ✓ Increased brush pressure for extremely dirty floors
- ✓ Cup and phone holder with USB charging port
- ✓ 7" LCD touch screen for easier user interface and aftersales maintenance

C26R CAT® AUTO RIDE-ON FLOOR SCRUBBER, 26" CLEANING PATH

This industrial floor scrubber provides an impressive cleaning capacity of 37,600 sq. ft./hr. thanks to its 26" cleaning path. Large-capacity tanks provide more cleaning & operating time and less down-time for refilling. Detachable, heavy-duty cast aluminum squeegee and rear-mounted squeegee hooks allow for easy storage. Bright LED headlight, blue safety warning light, impact resistant body, seatbelt, pressure sensitive seat, and a non-slip diamond tread platform help keep the rider safe during use.

- Comes assembled
- 23-gallon solution tank
- 26-gallon recovery tank

- ✓ Two 12 volt 305Ah batteries help extend run time
- ✓ Suitable for indoor use in dry conditions
- ✓ USB charger and phone pocket for convenience

C20T CAT® AUTO FLOOR SCRUBBER WITH TRACTION DRIVE, 20" CLEANING PATH

Corrosion- and impact-resistant, this durable sweeper gives operators a cleaning path of up to 20", offering 27,448 square feet per hour of cleaning coverage. Its large-capacity solution and recovery tanks allow users to focus more time on cleaning and less time refilling. Equipped with anti-fatigue ergonomic handles and an emergency button for improved safety. Overall measurements: 21-11/16" W x 51-3/16" D x 40-5/8" H. Squeegee blades and pad driver included.

- 17-gallon recovery tank
- 15-gallon solution tank
- Powerful motors provide 220 RPM and pad pressures up to 110 lbs. high

- ✓ Longer battery life.
- ✓ Cup and phone holder
- ✓ 7" LCD touch screen for easier user interface and aftersales maintenance

C20E CAT® ELECTRIC WALK-BEHIND CORDED AUTO FLOOR SCRUBBER, 20" CLEANING PATH

This powerful and efficient machine is ideal for use on hard floors such as concrete, ceramic tile, and marble and offers users a 20" cleaning path and up to 18,000 square feet of coverage per hour. Its solution and recovery tanks provide longer use times and less maintenance. Overall measurements: 22"W x 46" D x 38" H. Set of squeegee blades and pad driver are included.

- 15-gallon recovery tank
- 12-gallon solution tank
- 82' power cord
- Motor provides 180 RPM, pad pressures up to 110 lbs. high, and 113" of water lift

- ✓ Increased brush pressure for extremely dirty floors
- ✓ GFCI plug prevents shock from power surges, faulty technology, or contact with water
- ✓ Corrosion- and impact-resistant
