RE: RFP 37-22 Educational Content Providers and Learning Management Systems

To Whom it May Concern:

The GoSchoolBox team is excited to submit this response to your request for content and LMS services to support the Region 14 ESCs. GoSchoolBox is uniquely positioned to help schools meet Tier 2 and Tier 3 support requirements with a powerful blend of superior technology and tutoring expertise. Our evidence-based methods provide an exceptional level of support for students and help eliminate achievement gaps. Our software technologies allow schools to provide individualized programming for students before, during, and after school that focuses on improving student achievement in core academic subject areas, mentoring, coaching, and other wraparound services.

The GoSchoolBox software and reporting suite allows school administrators to set-up, implement, and manage the support services best suited for their student community. Schools can pick and choose the most effective elements already present in their district or they can integrate third party applications or services as needed. Not only does the GoSchoolBox software allow the school to easily weave these services into a single comprehensive program, we provide accountability for each component. GoSchoolBox will incorporate the assessment measures used by the school (state, district, or local) to directly correlate academic support to student outcomes. We empower schools and districts with the software and data to effectively manage academic support services and maximize the academic and social emotional impact they provide for students.

We are committed to creating and maintaining deep and lasting partnerships with our school partners and hold ourselves accountable for results. We do this by being responsive, action oriented, and laser focused on developing customized service solutions that actually work for schools and students.

We are confident we can meet and exceed the expectations outlined in this proposal and help member schools better serve their students. After a careful review and consideration of the requirements, we are pleased to present you with the enclosed response.

Respectfully,

Lance Smith, Head of Academic Partnerships

- Who is your competition in the marketplace?

Response: At this time GoSchoolBox provides a unique set of services that don't align with just one competitor in the current marketplace. We can provide academic support software management services similar to Littera Education or Pearl, but we also coordinate and manage tutoring similar to Booknook or Carnegie Learning. We provide services that are a combination of each type. Providing a managed services approach to academic support and giving schools clarity on the academic impact of each product.

- What differentiates your company from competitors?

Response:

- Littera Education
 - Littera Education provides its own tutors. GoSchoolBox instead has a network of over 50 tutoring providers which lets schools pick and choose the provider type to meet various school district niche needs. The ability to plug and play various tutoring providers emphasizes the customizability and flexibility within the GoSchoolBox platform.
- PEARL
 - PEARL provides its curated and pre-built solution for each school partner in an “out of the box” approach. GoSchoolBox provides a customized solution for each partner we serve. PEARL does not provide the depth of reporting that GoSchoolBox includes in our reports dashboard. GoSchoolBox incorporates student assessment data to allow schools to evaluate services. PEARL does not offer this ability to its partners.

Educational Content Providers and Learning Management Systems Categories: GoSchoolBox provides our clients with a malleable and customizable software solution that helps schools and districts structure, implement, and manage Tier 2 and Tier 3 academic support. We provide schools with the ability to disaggregate support structures and measure the academic impact of each program. We empower school leaders to make difficult budgetary decisions based upon student outcomes.

We help schools provide tutoring support for ELA, Science, Math, and Social Studies. We give schools the ability to partner with a wide variety of vendors that best meet their specific needs. This includes customized reporting options and assessment uploads for each school. Schools can utilize their own local curriculum or supplement the academic support they provide with some of our nationally recognized curriculum providers. We further allow schools to dictate the manner in which they will assess and evaluate their academic support programs.

Our software is used to support interventions and curriculum support options for both regular and special education students. Our software allows student subpopulations to be easily identified and reports generated that can compare and contrast the results of each.

We improve the student and teacher experience by maximizing the ability of schools to efficiently and adequately address gaps in achievement. By providing structured Tier 2 and Tier 3 support, schools can level the playing field for struggling and underserved students. Our resource produces concrete results for schools.

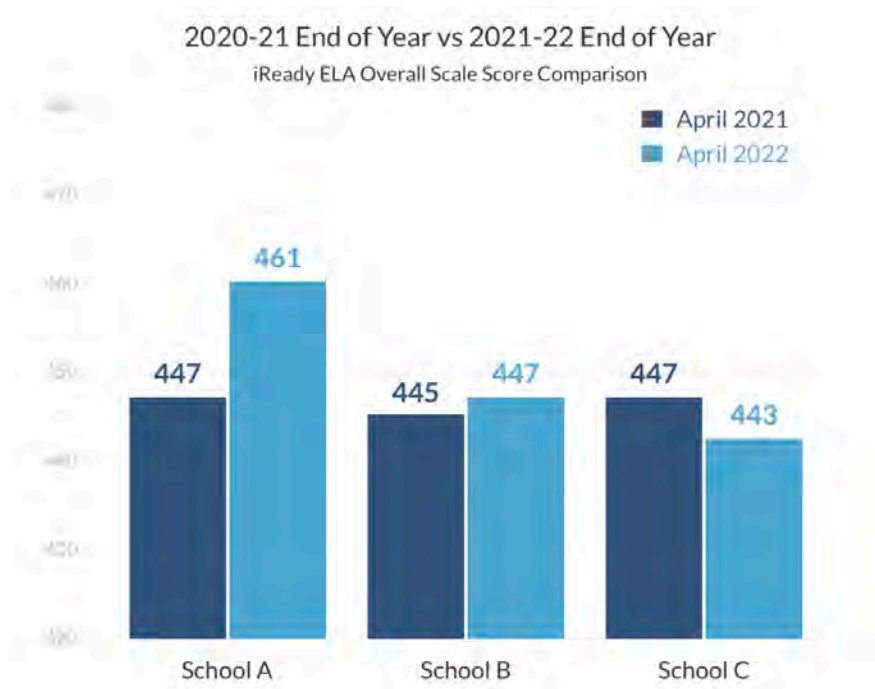

Providing detailed reports and showing the academic impact is one of our greatest strengths. To highlight this ability, here are two example reports that we have provided to other school districts:

1. Our first district in California used an ADAM assessment, which is a comprehensive assessment of K-7 mathematics proficiency. We presented the district both pre-assessment (initial) and post-assessment (EOY) data on the students engaged in high dosage tutoring. As you can see below, the students who worked with our subcontractor averaged 2.16 hours of tutoring per week and showed marked improvements:

Grade Level	First of Year Assessment	End of Year Assessment
3 or more grades below	71.58%	40.82%
2 grades below	24.21%	18.37%
1 grade below	4.21%	6.12%
On or above grade level	0.0%	34.69%

2. Our second district in Arizona, we helped run a pilot between 3 elementary schools. School A below received intensive high dosage tutoring for ELA during the school year. School B had availability of on-demand tutoring and School C did not have any additional tutoring resources offered. The students working with our tutoring subcontract showed marked improvement year over year in their end of year iReady ELA scores.

We work with each school and the district to determine how student impact will be measured and then create the reporting needed to show results.

In addition, Contractor agrees to comply with any implementing requirements FTA may issue that are flowed to Contractor from Awarding Participating Agency.

- b. Age. In accordance with the Age Discrimination in Employment Act (ADEA) of 1967, as amended, 29 U.S.C. Sections 621 through 634, and Equal Employment Opportunity Commission (EEOC) implementing regulations, "Age Discrimination in Employment Act", 29 CFR Part 1625, prohibit employment discrimination by Contractor against individuals on the basis of age, including present and prospective employees. In addition, Contractor agrees to comply with any implementing requirements FTA may issue that are flowed to Contractor from Awarding Participating Agency.
 - c. Disabilities. In accordance with Section 102 of the Americans with Disabilities Act of 1990, as amended (ADA), 42 U.S.C. Sections 12101 *et seq.*, prohibits discrimination against qualified individuals with disabilities in programs, activities, and services, and imposes specific requirements on public and private entities. Contractor agrees that it will comply with the requirements of the Equal Employment Opportunity Commission (EEOC), "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 CFR, Part 1630, pertaining to employment of persons with disabilities and with their responsibilities under Titles I through V of the ADA in employment, public services, public accommodations, telecommunications, and other provisions.
 - d. Segregated Facilities. Contractor certifies that their company does not and will not maintain or provide for their employees any segregated facilities at any of their establishments, and that they do not and will not permit their employees to perform their services at any location under the Contractor's control where segregated facilities are maintained. As used in this certification the term "segregated facilities" means any waiting rooms, work areas, restrooms and washrooms, restaurants and other eating areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion or national origin because of habit, local custom, or otherwise. Contractor agrees that a breach of this certification will be a violation of this Civil Rights clause.
- 3) Solicitations for Subcontracts, Including Procurements of Materials and Equipment. In all solicitations, either by competitive bidding or negotiation, made by Contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by Contractor of Contractor's obligations under this Contract and the regulations relative to non-discrimination on the grounds of race, color, creed, sex, disability, age or national origin.

- 4) Sanctions of Non-Compliance. In the event of Contractor's non-compliance with the non-discrimination provisions of this Contract, Public Agency shall impose such Contract sanctions as it or the FTA may determine to be appropriate, including, but not limited to: 1) Withholding of payments to Contractor under the Contract until Contractor complies, and/or; 2) Cancellation, termination or suspension of the Contract, in whole or in part.

Contractor agrees to include the requirements of this clause in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

DISADVANTAGED BUSINESS PARTICIPATION

This Contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, "*Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs*", therefore, it is the policy of the Department of Transportation (DOT) to ensure that Disadvantaged Business Enterprises (DBEs), as defined in 49 CFR Part 26, have an equal opportunity to receive and participate in the performance of DOT-assisted contracts.

- 1) Non-Discrimination Assurances. Contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Contract. Contractor shall carry out all applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or other such remedy as public agency deems appropriate. Each subcontract Contractor signs with a subcontractor must include the assurance in this paragraph. (See 49 CFR 26.13(b)).
- 2) Prompt Payment. Contractor is required to pay each subcontractor performing Work under this prime Contract for satisfactory performance of that work no later than thirty (30) days after Contractor's receipt of payment for that Work from public agency. In addition, Contractor is required to return any retainage payments to those subcontractors within thirty (30) days after the subcontractor's work related to this Contract is satisfactorily completed and any liens have been secured. Any delay or postponement of payment from the above time frames may occur only for good cause following written approval of public agency. This clause applies to both DBE and non-DBE subcontractors. Contractor must promptly notify public agency whenever a DBE subcontractor performing Work related to this Contract is terminated or fails to complete its Work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. Contractor may not terminate any DBE subcontractor and perform that Work through its own forces, or those of an affiliate, without prior written consent of public agency.
- 3) DBE Program. In connection with the performance of this Contract, Contractor will cooperate with public agency in meeting its commitments and goals to ensure that DBEs shall have the maximum practicable opportunity to compete for subcontract work, regardless of whether a contract goal is set for this Contract. Contractor agrees to use good faith efforts to carry out a policy in the award of its subcontracts, agent agreements, and procurement contracts which will, to the fullest extent, utilize DBEs consistent with the efficient performance of the Contract.

ENERGY CONSERVATION REQUIREMENTS

Contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plans issued under the Energy Policy and Conservation Act, as amended, 42 U.S.C. Sections 6321 *et seq.* and 41 CFR Part 301-10.

FEDERAL CHANGES

Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, listed directly or by reference in the Contract between Public Agency and the FTA, and those applicable regulatory and procedural updates that are communicated to Contractor by Public Agency, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this Contract.

INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

The provisions include, in part, certain Standard Terms and Conditions required by the U.S. Department of Transportation (DOT), whether or not expressly set forth in the preceding Contract provisions. All contractual provisions required by the DOT and applicable to the scope of a particular Contract awarded to Contractor by a Public Agency as a result of solicitation, as set forth in the most current FTA Circular 4220.1F, published February 8th, 2016, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Contract. Contractor agrees not to knowingly perform any act, knowingly fail to perform any act, or refuse to comply with any reasonable public agency requests that would directly cause public agency to be in violation of the FTA terms and conditions.

NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES

Agency and Contractor acknowledge and agree that, absent the Federal Government's express written consent and notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to agency, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract.

Contractor agrees to include the above clause in each subcontract financed in whole or in part with federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS

Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. §§ 3801 *et seq.* and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 CFR Part 31, apply to its actions pertaining to this Contract. Upon execution of the underlying Contract, Contractor certifies or affirms, to the best of its knowledge, the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to me

made, pertaining to the underlying Contract or the FTA assisted project for which this Contract Work is being performed.

In addition to other penalties that may be applicable, Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on Contractor to the extent the Federal Government deems appropriate.

Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307 (n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

Contractor agrees to include the above clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.
