

JOC in New Mexico Through University of New Mexico

Gordian's Job Order Contracting (JOC), also known as ezIQC®, is available in New Mexico through University of New Mexico (contract #PROJOCA). JOC brings speed and efficiency to the construction procurement process by establishing local, competitively awarded prices upfront, in the form of a Unit Price Book, eliminating the need to bid on each project separately. Avoid the complexity of traditional procurement, issue POs in days and still satisfy your local competitive bidding requirements with JOC.
